Dear Dept,

I just didn't know how to make this map or just how to fill out the property description. I am enclosing a map we had made showing the sprinkling system to go in and the location of the reservoir and well site.

also a complete description of the property. When we get a well, all of the place will be under sprinkle system irrigation.

Re: Application for Permit

Dear Mr. Wardell:

Returned herewith is your application for permit with attached check for \$5.00.

The amount of water claimed has been changed to 93 inches or 1.86 c.f.s., as one inch per acre is the maximum allowable. The point of diversion is shown as NW $\frac{1}{4}$, Sec. 16, T. 14 S., R. 38 E., as that appeared to be the location shown on your map. The time for completion has been changed to 5 years, however you can make the proofs at any prior time. The land list is shown in pencil from the map I drew on Form O. That may or may not be correct. No. 13 has been changed as the water from the spring is only appurtenant to the NE $\frac{1}{4}$, Sec. 16.

Kindly correct as necessary, complete the application and return to this office with the fee of \$5.25 for amount of water between 1 and 2 c.f.s. You may retain your map of the sprinkler system and complete the second Form O.

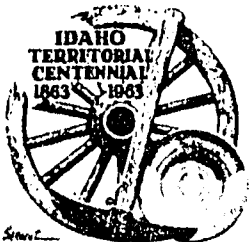

Very truly yours,

Re: Permit No. G-31866

Arthur C. Wardell
Clifton, Idaho

Dear Mr. Wardell:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.
