Department of Reclamation

Dear Mr Kulp

Please find enclosed papers for the storage
dam I was in and talked to you about.

I sold this place to my son Max W Andreassen

Hope you will find everything in order. Thanks
very much for your help in the matter.

Very Truly Yours

Woy C Andreassen

RE: Permit No. R-990

FOISE

February 1, 1957

Mr. Max W. Andresson
Star Route
Preston, Idaho

Dear Sir:

Under the terms of your permit No. R-990 you are required to complete your diversion works and make proof of beneficial use on or before April 13, 1957.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is April 13, 1957, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

 APR 14 1957

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Max W. Andreasen, Star Route, Preston, Idaho.

Post Office Address: Star Route, Preston, Franklin Co., Idaho.

Ques. 2. If acting on behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, acre feet of water you claim for storage, and source of same.

Ans. No. R-990, dated April 13th, 1956, forty acre feet, Rocky Canyon Creek, tributary of Cottonwood Creek, in Franklin County, Idaho.

Ques. 4. Under terms of permit construction was required to be completed by April 13, 1957
 19.

Ques. 5. Construction was actually completed on the date of April 13th 1956

Ques. 6. Does the construction fully comply with the specifications? Yes

Ques. 7. Of what material was the dam built? Heavy clay with rocks in it.

Ques. 8. State whether or not the water has been turned into your reservoir, and if so, when and to what extent.

Ans. Yes. In spring of 1956, to capacity of forty acre feet.

Ques. 9. The capacity of the reservoir is 40 acre feet.

Ques. 10. The area of the high water line of the reservoir is 4 acres.

Ques. 11. The height of the dam above bottom of reservoir is 28 feet, above low water is 28 feet.

Ques. 12. The dimensions of the spillway are 3 feet x 10 ft. and the bottom of the spillway is 3 feet below the top of the dam.

Ques. 13. Dimensions of the reservoir outlet are 3 x 10 feet

Ques. 14. Describe the gate and control unit.

Ans. There is no gate, just an overflow which is out let mentioned above

Ques. 15. The reservoir outlet is made of heavy clay and rock

Ques. 16. Is the reservoir filled through a feeder canal? No. Spring run off

Ques. 17. If so, where is the point of diversion for same?

Ans. 1/4 1/4 Section, Twp. Range

R-990

Ques. 18. Does the feeder canal comply with the specifications in the permit?

Ques. 19. If not, explain

Ques. 20. Cost of constructing feeder canal? \$..... Cost of reservoir? \$3000.00

Ques. 21. State whether or not the works from reservoir outlet to place of use are fully completed, and whether or not they comply with the specifications in permit. If not, explain.

Ans. Water is taken out by sprinkling system; water pumped through hose.

Ques. 22. Water has ~~(has not)~~ been delivered to place of intended use? Yes

Ques. 23. Give description of dam, state dimensions, and give slope of face both upstream and downstream. Also method and material for protecting against wave action.

Ans. Dam 28 feet high, 300 feet long at top, 150 feet long at bottom, of heavy clay and rock, with slope 3 to 1 at top and 2 to 1 downstream.

Ques. 24. State the purpose for which the water is to be used and give the place of use, and if for irrigation, state the number of acres, and give the legal description of same.

Ans. Irrigation of 80 acres of land: NW $\frac{1}{4}$ of NW $\frac{1}{4}$ and NW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 3, Tp. 13 South, Range 40 East of Boise Meridian. ^{254 NW}

RECEIVED
APR 13 1956
Department of Reclamation

Permit No. R 990

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Max W. Andreassen, Preston Star Route, Franklin County, Idaho.
Farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. R 990 dated April 13, 1956, date of priority April 13, 1956.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Rocky Canyon Creek, a tributary of Cottonwood Creek. Point of diversion is approximately 100 rods South and 300 feet East of Northeast corner of Section 4, Tp. 13 South, Range 40 E. B. M. in Franklin Co., Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. There is a reservoir dam 28 feet high, 300 feet long at top, 150 feet long at bottom, with outlet 3x 10 feet. The dam is constructed of heavy clay with rocks in it. The dam is in the channel of the creek and water is diverted by means of pump and springling system.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of 40 acres in NW $\frac{1}{4}$ of NW $\frac{1}{4}$, and 40 acres in the SW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 3, Township 13 South, Range 40 E. B. M.

R-990

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Forty acre feet storage

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was used in 1956 to irrigate eighty acres of land planted to grain and hay, during entire irrigation season. Reservoir was completely filled to 40 acre x feet.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water used on this land.

(Sign) Max W. Anderson

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Preston County of Franklin

PERMIT NO. R 990

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Verl Nielson, 43 years, Cleveland, Idaho, farmer. P. O. Address:
Star Route, Preston, Idaho.

Ques. 2. Are you acquainted with Max W. Andreasen, the holder of Permit No. R 990? How long have you known him and where does he reside?

Ans. Yes. Have known him for ten years.

Ques. 3. Have you read or heard read said Permit No. R 990, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Rocky Canyon Creek, a tributary of Cottonwood Creek. Point of diversion is approximately 100 rods South and 300 feet East of Northeast corner of Section 4, Tp. 13 South, Range 40 E. B. M. in Franklin County, Idaho, in SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 2.4.

An earthen dam of heavy clay and rocks 28 feet high, 300 feet long at top, 150 feet long at bottom, outlet 3 x 10 feet. Pump and sprinkling system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Reservoir will hold 40 acre feet. I have seen it well filled; applicant uses 65 sprinkling outlets to irrigate his land.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Used to irrigate the whole of the West half of the Northwest quarter of Section 3, Township 13 South, Range 40 E. B. M. Produces good crops of hay and grain.

R-990

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Dry farm land has been converted into irrigated land. The whole 40 acre feet of water is necessary for use on this land.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the whole 65 sprinkler outlets in use in the irrigation of the land described.

(Signed) Fred Nielson

NOTICE FOR PUBLICATION

Notice of Proof Application of Water to Beneficial Use

Notice is hereby given that at 10 A. M. on the 13th day of April, 1957, at Preston, County of Franklin, State of Idaho, before P. M. Condie, Notary Public, proof will be submitted of the application to beneficial use of 40 acre feet per annum of the waters of Rocky Canyon Creek in accordance with the terms and conditions of Permit No. R-990 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is Max W. Andreasen, Star Route, Preston, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 40 acre feet per annum.

The place where said water is used is NW $\frac{1}{4}$ NW $\frac{1}{4}$ and SW $\frac{1}{4}$ -NW $\frac{1}{4}$ of Sec. 3, Twp. 13 S., Rge. 40 East.

The name of the canal or ditch or other works by which said water is conducted to such place of use is a sprinkling system composed of a pump and about 2600 ft. of pipe.

The right to take water from such works is based upon Permit No. R-990.

The source of supply from which such water is diverted is water stored in reservoir from spring runoff.

The date of priority which said user is prepared to establish is April 13th, 1956.

RE: Permit No. R-990

Mr. Max F. Andreasen
Star Route
Preston, Idaho

Dear Mr. Andreasen:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in The Preston Citizen, all submitted in proof of Beneficial Use on Permit No. R-990.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP

Re: Permit No. R-990

Mr. Max W. Andreasen
Star Route
Preston, Idaho

Dear Mr. Andreasen:

Statutes requires a field inspection in connection with the proofs on Permit No. R-990 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within the state.

An inspecting engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection on Thursday, October 9, 1958.

If he cannot get in touch with you by phone or otherwise, he will drive to the well location or point of diversion given in the permit.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

REPORT ON PROOF OF Beneficial Use

Max W. Andreasen, Preston Star Route

R-990

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

BOISE, IDAHO

REPORT OF ENGINEER

Permit No. R-990

This proof is for Beneficial Use In Water District No.

1. Name of applicant Max W. Andreassen Star Pt. Preston

2. Source of water supply: Rocky Canyon Creek

3. Location of point of diversion: Is in the Approx. 100 rods South and 300 feet East of NE corner of SW 1/4 NW 1/4 of Section 34

T. 13 S. R. 40 E., B.M. County of Franklin RLV

4. Describe works as they exist, giving dimensions and capacities of same:

Dam is 320' long x 2.5' high x 9' w. on top on straight across.
 Wing embankment on each side angles back to hill.
 No outlet. Water pumped out thru sprinkler system - use
 D-4 Cat. For power. Spillway = 10' w. x 2' h. around south end.
 Intends to cut a new spill around N. Flatter stream bed.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NW 1/4 NW 1/4, SW 1/4 NW 1/4 of Sec. 3, Twp. 13 S., Rge. 40 E., B.M.

Filed 4/6/56

Due 4/13/57

C/W made 2/11/57

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

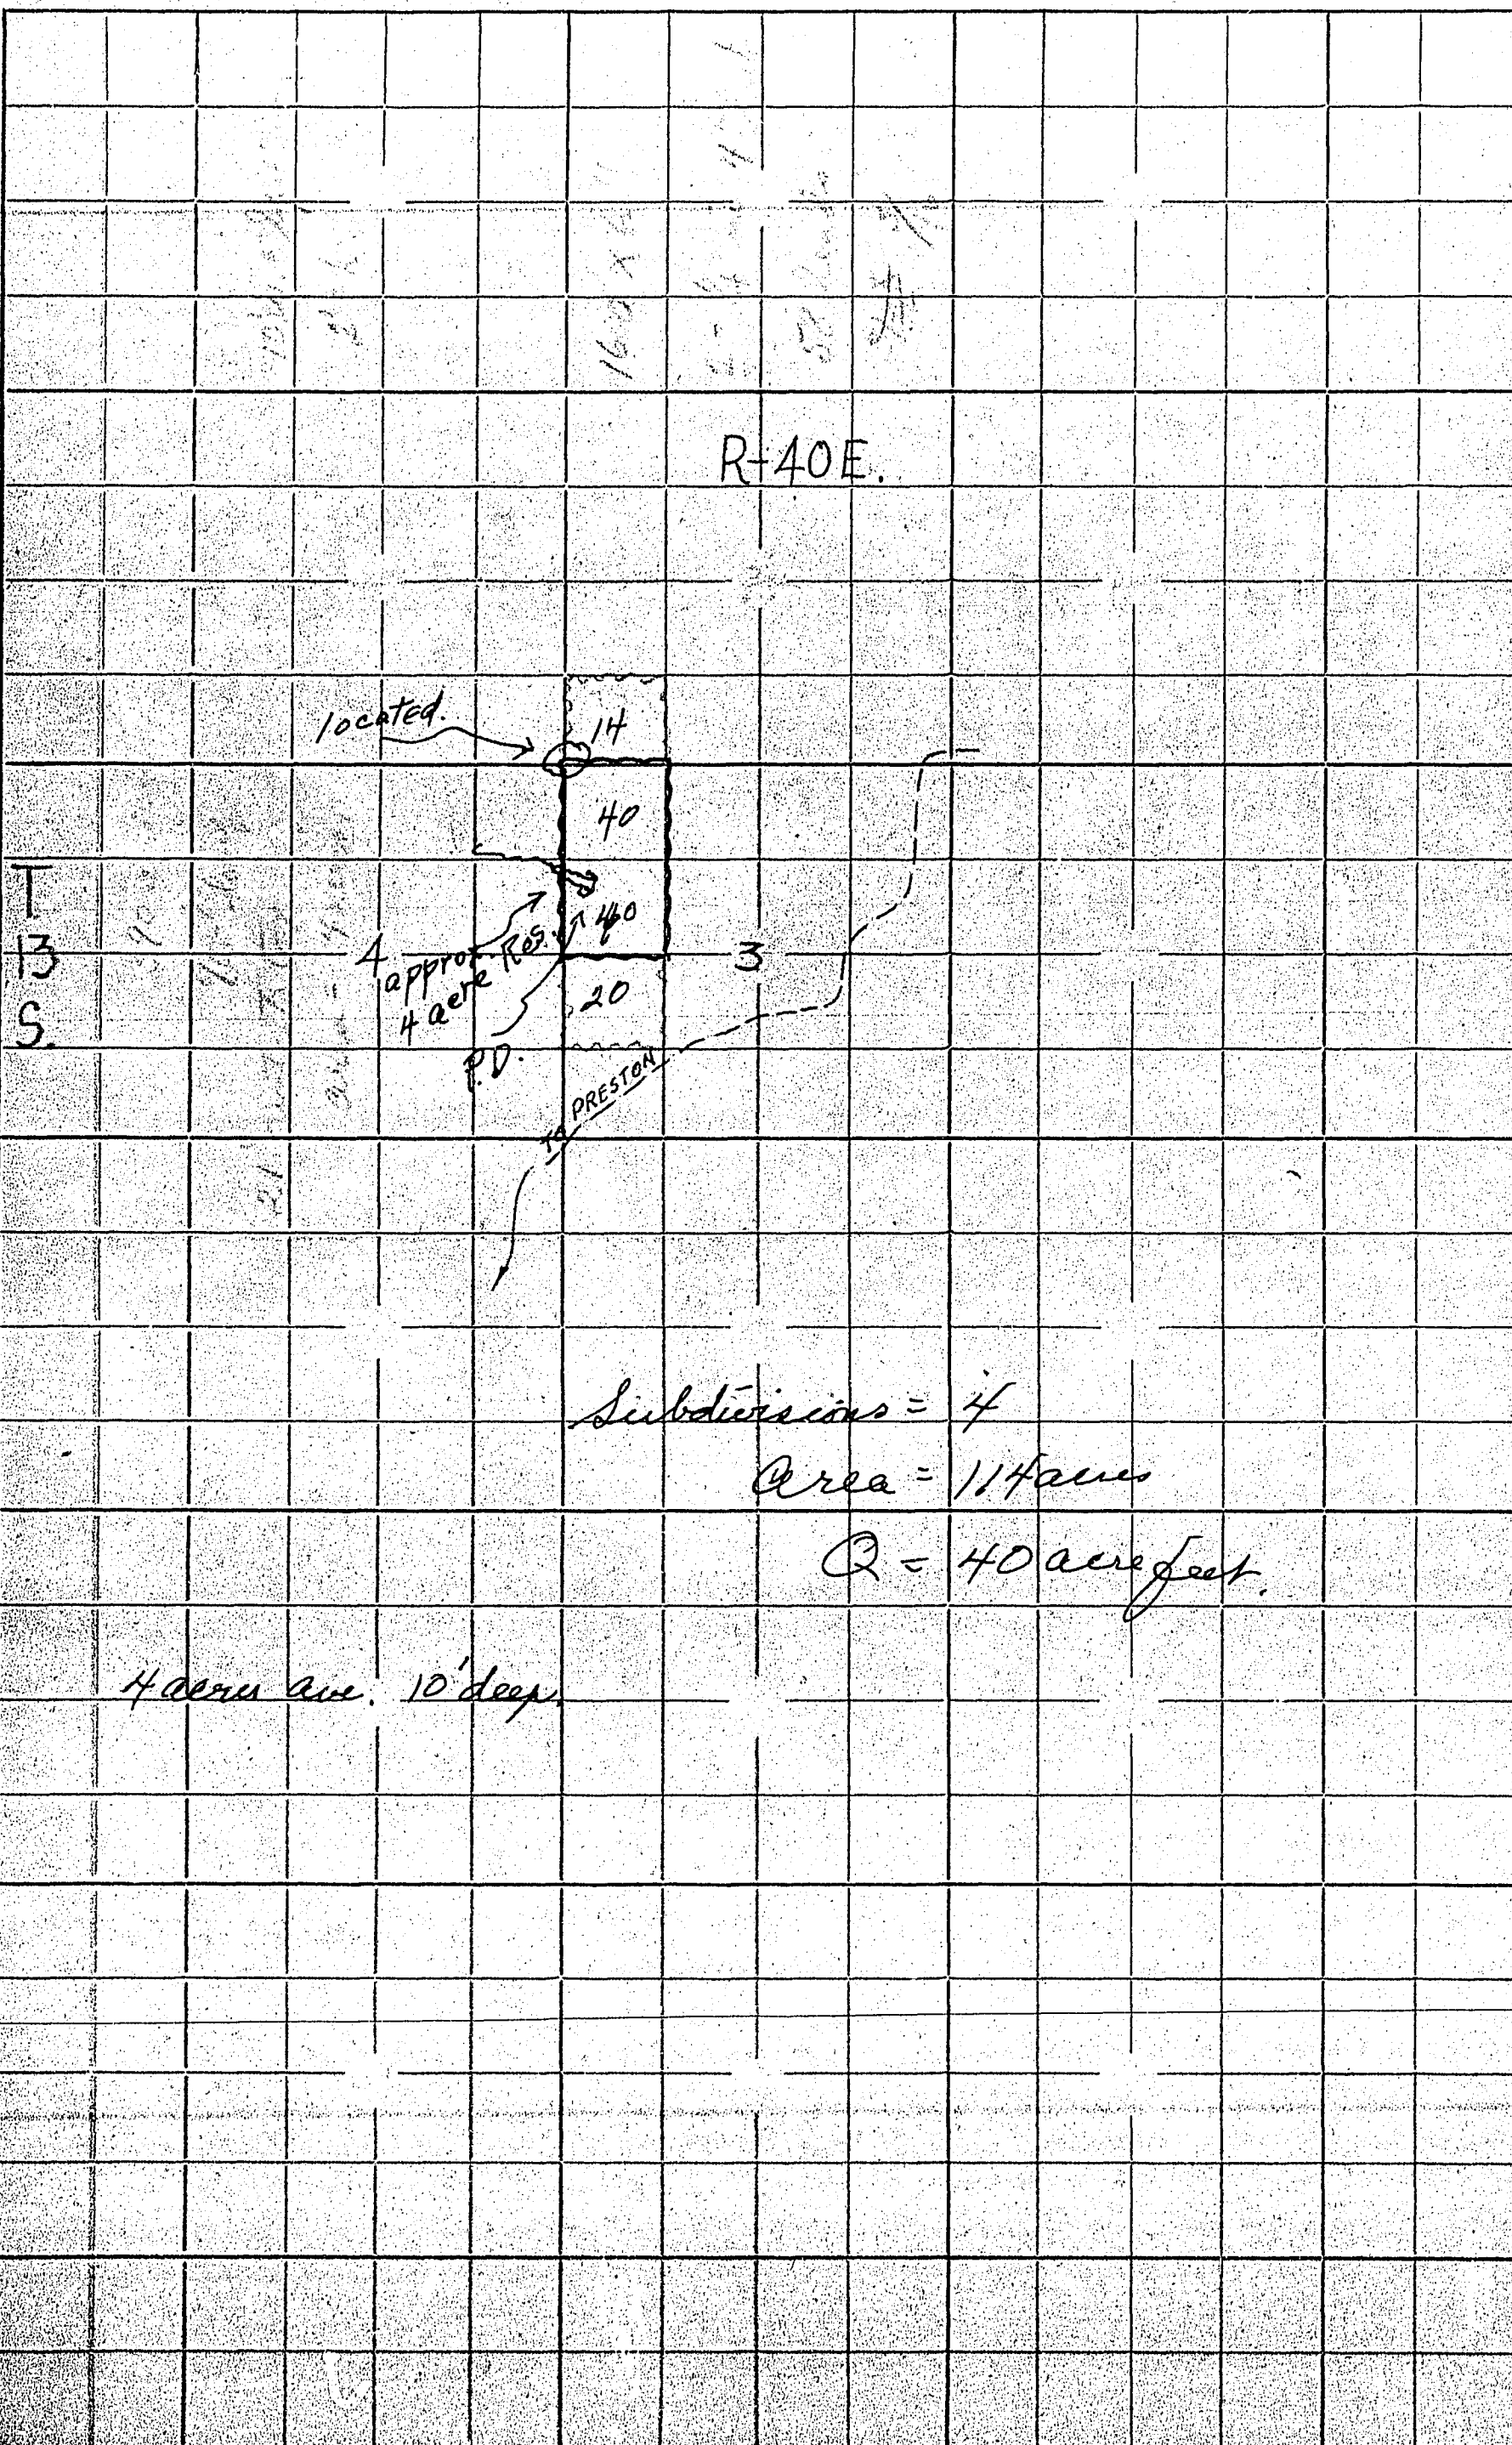

Remarks: High country - doesn't need much water to keep out a great deal.

Sprinkler system has 1600' x 6" main
 2 - 1/4" x 4" laterals. 58 - 3/16" single nozzles.

Will have to rip-rap top of dam a little better and cut trees (small ones) from face of dam.

This examination was made on the 9 day of September, 1958

(Signed) E. H. Humphrey Examiner

Subdivisions = 4

Area = 114 acres

Q = 40 acre feet

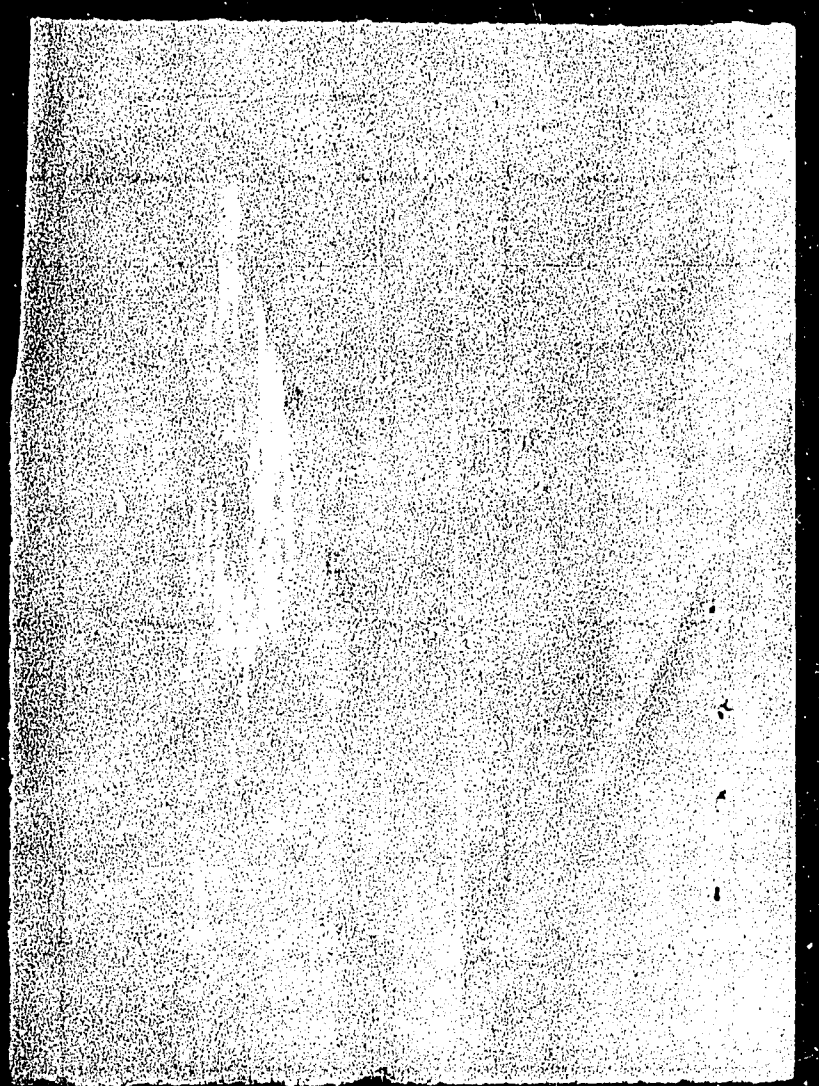

40000 ac. 10' deep

Our records show 82-40 Acres.

P.D. in our records appear wrong: vs. SE. NE., Sec. 1.
"100 rods. S. & 300' E. of the NE. Corn. of Sec. 1,
T. 13 S. - R. 40 E." places P.D. in SW. NW.,
Sec. 3.

Land list is wrong on Notice.

Dam over 10' high - no approved plans.

Use = Irrigation

Mar 20-58 To immediate

Filed = April 6, 1956
Due = April 13, 1957

CP/ = 2-18-57

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. R-990

Mr. Max W. Andreason
Star Route
Freston, Idaho

Dear Mr. Andreason:

Our field engineer's report on his inspection of the beneficial use of the water under the terms of Permit No. R-990 shows that the reservoir and diversion works are capable of storing and conveying 40 acre feet per annum of the water of Rocky Canyon Creek and that 114 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 34, Township 12 South, NW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3, Township 13 South, Range 40 East, B.M. have been irrigated. And, that the point of diversion (outlet at dam) is located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, whereas, it is described on record of the permit as being located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 4, also, that the lands in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 34, and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3, are not included in the permit. It is therefore necessary that the permit be amended to show exact location of the point of diversion (outlet) and to include the additional land irrigated. We enclose Applications for Amendment to the point of diversion and to the land list for this purpose.

Upon receipt of the amendments, mentioned above, and the statutory fee of \$8.00 (fee is based at the rate of two dollars for each 40-acre subdivision) we will issue the License and Certificate of Water Right confirming the right with priority of April 6, 1956, to the storage and use of 40 acre feet per annum of the water of Rocky Canyon Creek, with point of outlet in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 13 South, for irrigation of 114 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 34, Township 12 South, W $\frac{1}{2}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3, Township 13 South, Range 40 East, B.M.

To Permit to appropriate the Public Waters

of the State of Idaho, No. R-990

Comes now Max N. Andreasen, and represents to the State Reclamation Engineer of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. R-990, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

Township 12 South,
~~SW 1/4 (10a), Section 31, NW 1/4 (10a), SW 1/4 (10a), NW 1/4 (20a), Section 3,~~
Township 13 South, Range 40 East, B.M.

making a total of 114 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at 7 AM, this 28 day of October, 19 58

Max N. Andreasen

Date of receipt at office of Department of Reclamation October 29, 1958

APPROVAL OF STATE RECLAMATION ENGINEER

I, GEO. N. CARTER, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. R-990. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.
