RE: Claim # 13-04310
BY: Christensen, Carl H
8384 E. Mink Creek Rd.
Preston, Idaho 83263

This water is a spring - it is on our side of the fence, it does NOT run off the ranch.

prior to our ownership, Carl Christensen has been known to cut the fences and use the water and feed on this ranch.

We have checked with the following people on any water rights or prior water rights to Mr. Christensen.

Don Carter	487 E. 3200 N. Preston, Id.	208-852-1227
Wendell Smith	2913 E. hwy. 36 Preston, Id.	208-852-0686
Ron S. Keller	60 N. Main Clifton, Id.	208-747-3469
Jane Smith	4382 N. Hwy 91 Preston, Id.	208-852-1523

All of the above mentioned have been in this valley upward of 50 yrs. Don Carters family ran sheep on this ranch when Don was a boy. Wendell Smith owns property out back of the ranch and keeps really close tabs on everyone's water rights. Ron Kellers family owned the Carl Christensen ranch prior to his owning it 20 yrs. ago and claimed their had been no water rights to our ranch for the Christensen ranch ever. Jane Smith was the owner prior to Bo Valley Development of our ranch and has no idea what Carl is talking about this 1917 water right.

Upon purchase of this ranch from Bo Valley Devel. their was a full title search including the water and mineral rights. Bo Valley retained all mineral rights and relinquished all other rights water and other wise to High Desert Enterprises.

This water is absolutely vital for our ranch operation, it is the only water on this end of the ranch. It services at least 1500 acres. We run 1000 head of yearlings each year and would be completely out of business with out all of this water.

Carl is very hard to get along with for all of his neighbors he cuts fence, has uncontrolled burns in July, and for

obvious reasons has much contempt for us (no more free pasture) Carl has 3 troffs one canyon over (1/4 mile) from these springs that run full for his 30 head- We can't imagine what he might be after this water for except to cause trouble. This water has belonged to this ranch for 100 yrs.

Carl claims diversion of water, false, our water runs into troffs it is pot hole springs on the ranch and the run into troffs.

Once again with out this water, the ranch would not be able to operate - it has been a cattle/sheep ranch for upward of 100 years. We do not want any problems we just want you to know we want to keep what is already ours.

Signed:

Earl P. Basso Jr.
Owner/Earl P. Basso Jr.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.
