RE: Application No. 13-04314 & 13-04315

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right permit. This office is currently in the process of advertising the application in the Caribou County Sun on 12-3 & 10-1992. The advertisement will be published for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State Office Personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Dear Sirs;

I would like to file an exception on claims 13-04315, 13-04314, and 13-04316.

The objection is there should not be three claims. There should be one (1) claim.

The history is that there is one(1) one (1)inch pipe servicing these three claims. There should be but one claim to this water. The amount should be 15 gpm. This is the historical amount that this pipe has delivered to this claim.

Sincerely

Stanley Christensen
