Dear Mr. Ringel:

We are returning your application with money order #15-119 in the amount of \$35.00. We have taken the liberty of re-typing your application with some spaces left blank in order that you can clarify some points.

Item #3 must indicate the 40-acre subdivisions that you wish to divert water from. You have indicated the E $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 17, T. 10S, R. 40E, B.M. If you divert water in both 40-acre tracts, please indicate them as the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 17, T. 10S, R. 40E. You have indicated 3 cubic feet per second as the amount to be appropriated in item #4 and only 2 cfs in item #5. Which number is correct? The acre foot figure you supplied in item #5b will not be necessary as it would be for storage only.

Please enter the necessary information on the new form, then sign and return it with your money order for the proper fee.

If you require additional help in this matter, please contact this office.

Dear Mr. Ringel:

One of the conditions of approval of your water Permit No. 13-7029 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
