RE: I called Mr. Turnbow on this date to inquire if he still
intended to protest this application. Mr. Turnbow indicated that
he was still concerned that the use would affect his sub-water
but that I had sufficiently discouraged him in the previous telephone
conversation concerning the value of a hearing and that he no
longer wished to protest. I assured him that even though his
protest would not be timely, the Department would set the matter
for a hearing. His final statement was "let it go, I do not want
to protest it."

I mentioned Ben Turnbow's concern to J. D. Williams, Attorney
for Lealand Weeks in a subsequent telephone conversation.

Dear Mr. Weeks:

One of the conditions of approval of your water Permit No. 13-7076 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
