Dear Mr. Smith:

Please find enclosed your application for permit, your Check No. 97-76 in the amount of \$25.00, and a fresh copy we have completed from the information you provided.

We are returning your application because the Idaho Code allows a maximum diversion rate of 0.02 c.f.s. per acre unless the applicant can provide adequate justification that a larger amount is required. It seems quite unlikely with the sprinkler irrigation system that you would need or could justify ten times the statutory diversion rate.

Please review the typed copy that we have submitted for correctness, and if it meets with your approval, sign and return it to this office with the statutory filing fee of \$10.00

Please note on the application you submitted, you show five acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 22 on the plat on Item 8b, but your map indicates the point of diversion to be in the SW $\frac{1}{4}$ SW $\frac{1}{4}$. On the copy we have prepared, we assumed the information in Item 8b to be correct.

If you have any questions in this matter, please feel free to contact us.

Very truly yours,

RONALD D. CARLSON
District Engineer
