3/78

AMENDED

Ident. No. 13 7251

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

AMENDED

APPLICATION FOR PERMIT

APPROVED

To appropriate the public waters of the State of Idaho

1. Name of applicant Bureau of Land Management Phone 529-1020

Post office address 940 Lincoln Road, Idaho Falls, Idaho 83401

2. Source of water supply Main Canyon Creek which is a tributary of Kuntz Creek

3. Location of point of diversion is NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 9 Township 12S

Range 41E B.M. Franklin County, additional points of diversion if any: _____

4. Water will be used for the following purposes:

Amount 0.05 for Livestock purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)

Amount 0.02 for Wildlife purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)

5. Total quantity to be appropriated:

a. 0.07 cubic feet per second and/or b. _____ acre-feet per annum.

6. Proposed diverting works:

a. Description of ditches, flumes, pumps, headgates, etc. small earth-fill dam with 1 $\frac{1}{4}$ " pipe
to water troughs

b. Height of storage dam six feet, active reservoir capacity _____ acre-feet; total reservoir
capacity 0.50 acre-feet, materials used in storage dam: earth-fill

Period of year when water will be diverted to storage 1/1 to 12/31 inclusive.
(Month/Day) (Month/Day)

c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.

7. Time required for the completion of the works and application of the water to the proposed beneficial
use is five years (minimum 1 year — maximum 5 years).

8. Description of proposed uses:

a. If water is not for irrigation:

(1) Give the place of use of water: NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 9 Township 12S

Range 41E B.M.

(2) Amount of power to be generated: _____ horsepower under _____ feet of head.

(3) List number of each kind of livestock to be watered 160 cattle

(4) Name of municipality to be served _____, or number of families to be
supplied with domestic water _____.

(5) If water is to be used for other purposes describe: _____

b. If water is for irrigation, indicate acreage in each subdivision in the tabulation below:

[illegible]

Total number of acres to be irrigated

c. Describe any other water rights used for the same purposes as described above. None

9. a. Who owns the property at the point of diversion U. S. Government

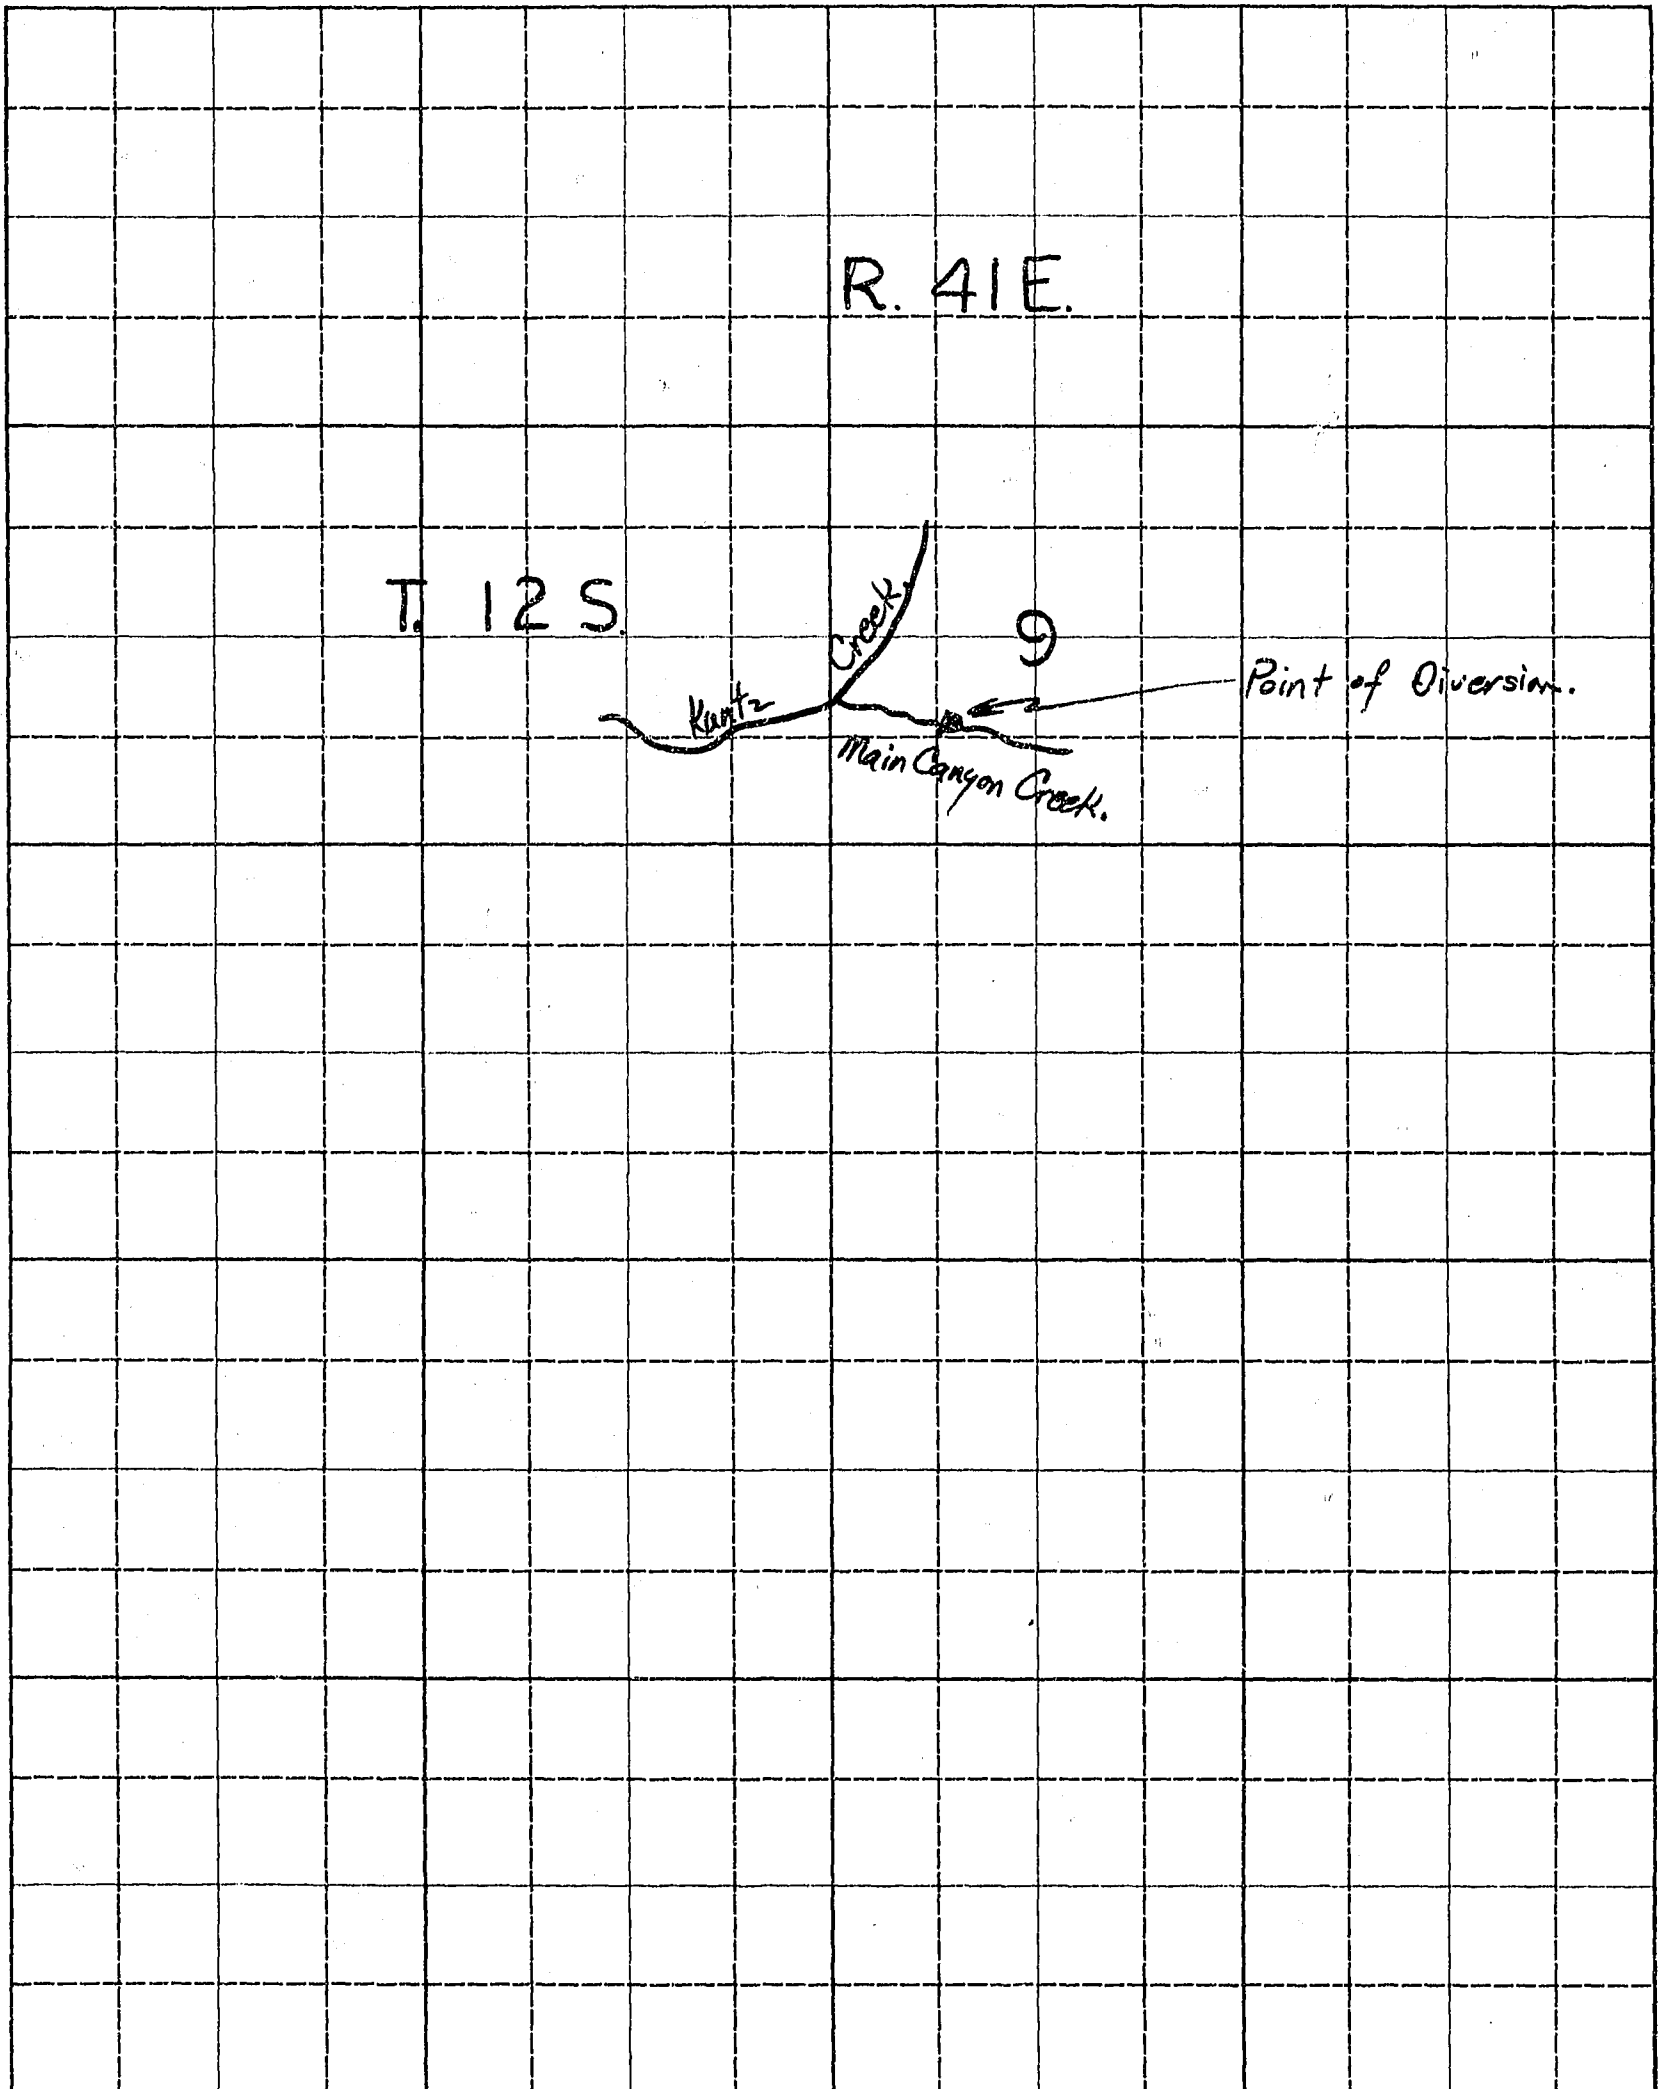

b. Who owns the land to be irrigated or place of use U. S. Government

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing

10. Remarks _____

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or printed text on the paper.

11. Map of proposed project: show clearly the proposed point of diversion, place of use, section number, township and range number.

Scale: 2 inches equal 1 mile.

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Harold E. Groves
(Applicant)
acting District Manager

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 13-7251, and said application is hereby approved.

1. Approval of said application is subject to the following limitations and conditions:

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before October 1, 19 84.

c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.

d. Other: (1) Use of water under this permit is subject to control by the
watermaster of State Water District # 1, Bear River.

Witness my hand this 29th day of October, 19 79.

MEMO TO FILE

APPLICATION FOR PERMIT NO. 13-7251

On May 9, 1979, I completed a pre-permit field examination for an application for permit filed by the Bureau of Land Management for the appropriation of surface water from an unnamed spring tributary to Kuntz Creek.

When water from the spring is available, it is conveyed by approximately 150' of open ditch 2' wide and 1' deep. The water flows into a reservoir having a surface area of approximately 4500 square feet and a maximum depth of 5' at its center. A small earth-fill dam, having a crest length of 75' and a height of 6', has been constructed on-stream across Main Canyon Creek. The dam is located at a point where both water from the spring and from Main Canyon Creek can be collected and stored in the reservoir when it is available.

However, at the time the examination was conducted, both the spring and Main Canyon Creek had completely ceased to flow. I discussed the development with Marvin Bagley, manager of the Soda Springs branch of the BLM, and he informed me that the spring had dried-up last year. He further stated that the spring does flow from time to time and that the BLM would like to have a right to appropriate water from both the spring and Main Canyon Creek when it is available.

The location of the point of diversion on the application has been correctly described, but the source of water described on the application should be amended to include surface water from Main Canyon Creek which is tributary to Kuntz Creek. Also, at the time the examination was conducted, Main Canyon Creek had completely ceased to flow and no water from this source was reaching Kuntz Creek.

It is possible that runoff water from Main Canyon Creek could reach Kuntz Creek during exceptionally good water years, but probably only for a short period of time in the early spring. Therefore, I feel Main Canyon Creek would be a relatively poor and unreliable source of irrigation water for downstream waterusers on Kuntz Creek, especially during the hot and very dry summer months.

e 13-7251

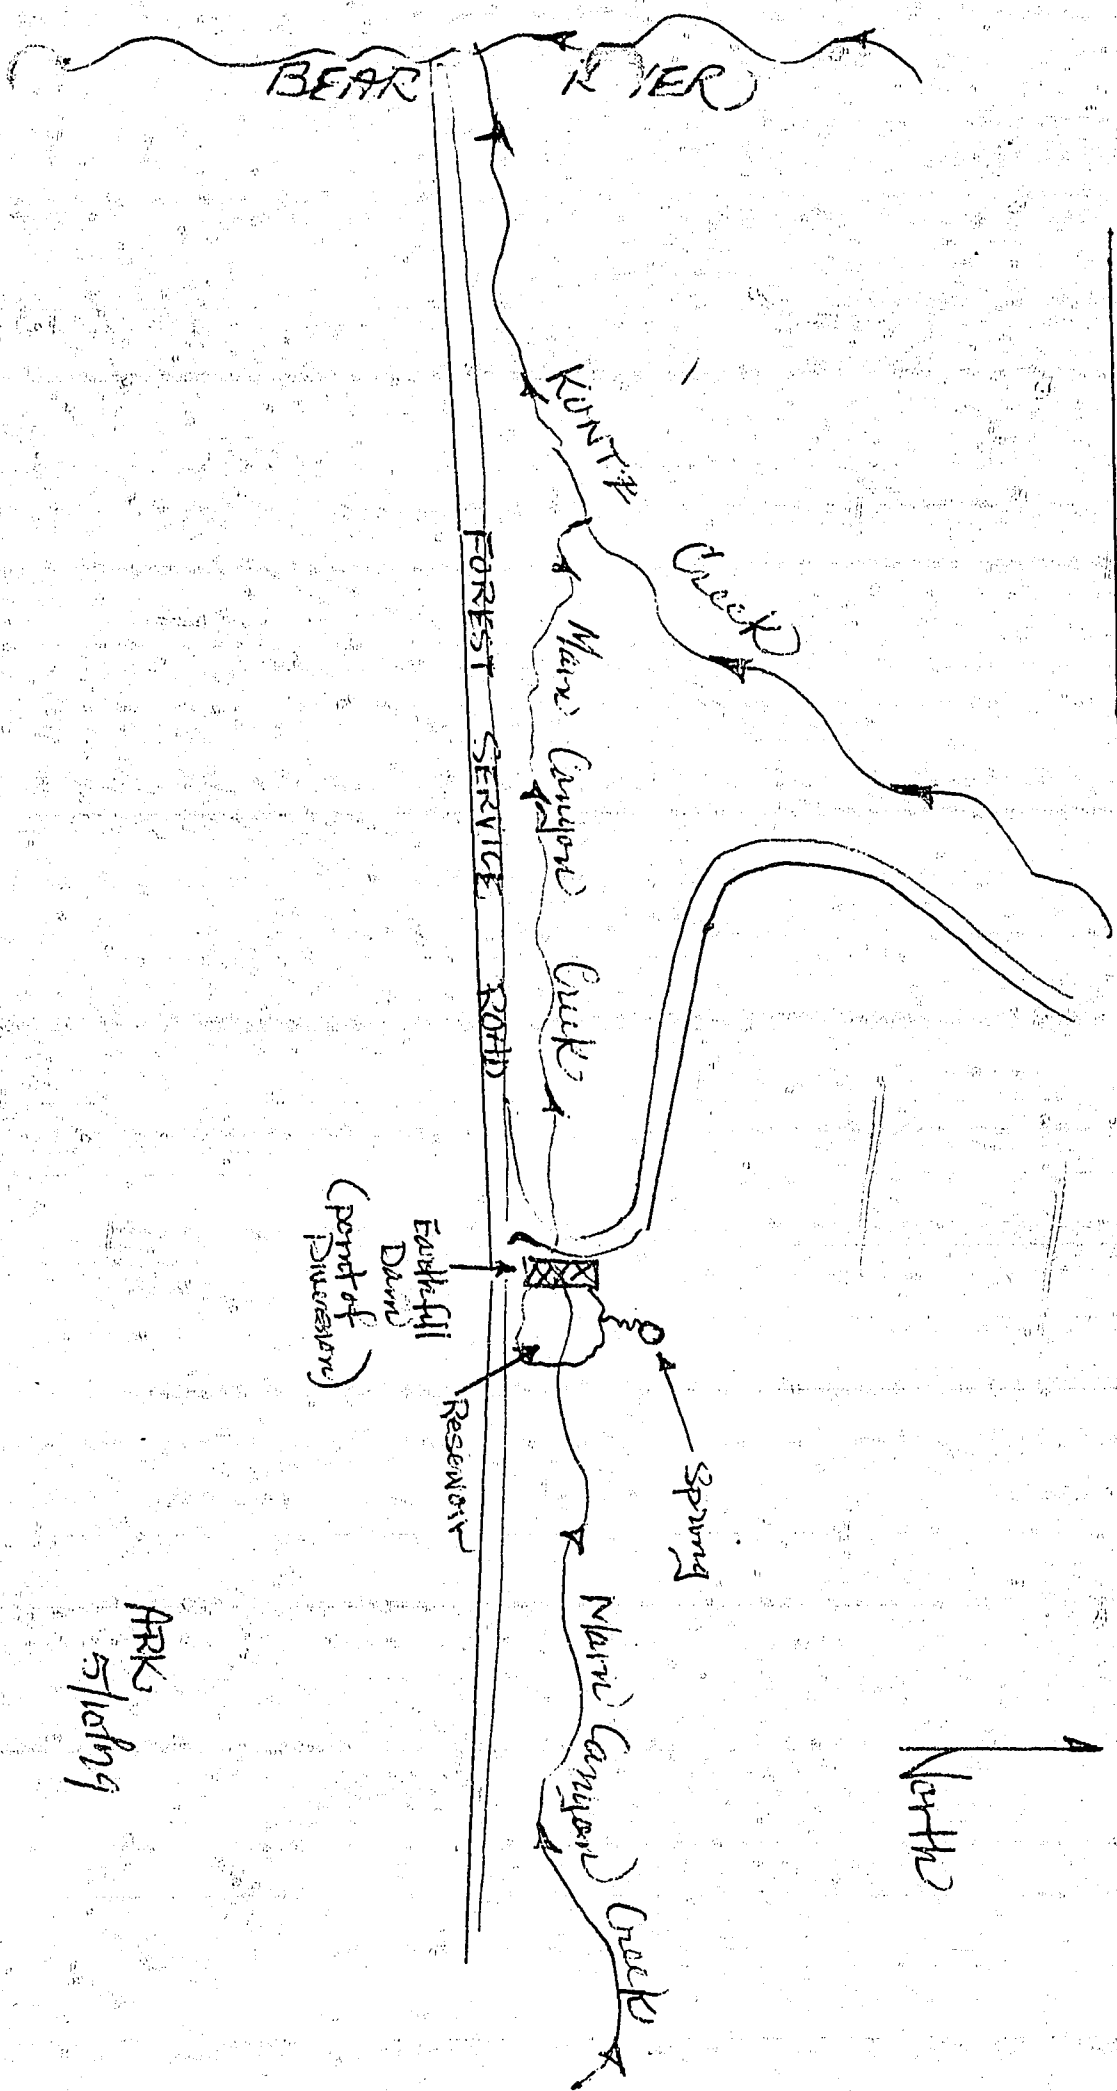

Also, it would have been more accurate if the application had indicated the amount of water filed on in acrefeet and the use as storage for stockwater and wildlife.

I recommend that this application be approved subject to an amendment to include Main Canyon Creek as an additional source of water. I feel that downstream waterusers on Kuntz Creek will not be injured by this appropriation and that specific wildlife values will be protected if the application is approved. Six head of Mule deer and heavy elk signs were seen near the reservoir during the examination.

O'Dell A. Frandsen
Bureau of Land Management
940 Lincoln Road
Idaho Falls, Idaho 83401

Dear Mr. Frandsen:

Re: Application for Permit No. 13-7251

A representative of the Department of Water Resources completed a pre-permit field examination on May 9, 1979 of the Bureau's application for permit to appropriate water from an unnamed spring tributary to Kuntz Creek. This examination was done in the presence of Marvin Bagley of your Soda Springs branch office. Mr. Bagley indicated to our representative that it was the Bureau's desire to also appropriate water from Main Canyon Creek to which the spring is a tributary prior to the water flowing into Kuntz Creek.

In order to accomplish this, it will be necessary for the source of water on the application to be amended. Enclosed you will find an amended application which indicates the necessary changes in Item 2. Subsequent to your review of this amended application, sign where indicated and return it to our eastern regional office accompanied by the statutory amendment fee of \$20.00. Feel free to contact me should you have any questions concerning this matter.

Respectfully submitted,

Ernest M. Carlsen.

NOTICE OF AMENDED APPLICATION FOR WATER PERMIT

Notice is hereby given that Application for Permit No. 13-7251 in the name of Bureau of Land Management was filed for the diversion of 0.07 cfs of water from an unnamed spring tributary to Kuntz Creek, with point of diversion within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9, T. 12S, R. 41E, B.M., Franklin County; to be used from 1/1 to 12/31 for stockwatering of 160 head of cattle and wildlife purposes within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9, T. 12S, R. 41E, B.M.

The applicant now proposes to amend Application No. 13-7251, changing the source of water to Main Canyon Creek tributary to Kuntz Creek.

Any protest to the proposed amending of the application must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho 83401 on or before September 24, 1979.

Gentlemen:

Re: See attached list

This office acknowledges receipt of the statements of beneficial use for the attached list of permits.

Before a license can be issued, the department must conduct a field examination. We cannot tell just when this examination will be made, but our regional representative will try to contact a staff member before he conducts the examination.

If you have any questions concerning this matter, please feel free to contact our Eastern Regional office at 525-7161.

Sincerely,

RITA I. FLECK
Sr. Secretary
