ENCLOSURES

April 11, 1985

Russell J. Roper
Route 1, Box 126
Grace, ID 83241

Dear Mr. Roper:

Re: Permit No. 13-7357

Enclosed is the proof of beneficial use postcard submitted to this office on March 4, 1985. Also enclosed is a copy of the water right permit.

Please note the discrepancy between the two sources of water. The permit indicates the source to be "unnamed Spring" and the permit indicates the source to be "groundwater".

If you have changed the source of water for this proposed domestic use from a spring to a well, then the Idaho Code provides that a single family domestic use with up to 1/2 acre of irrigation and some stockwater does not need to be recorded with the Department of Water Resources. It can be but does not have to be. If the source of water is for surface water, i.e., a spring, stream, etc., then it is mandatory to record the use, even domestic.

So, if the source of water is a spring, then it is time to fulfill the requirement of the permit and submit proof of beneficial use if the project has been completed. If you need additional time to complete the project, submit the request for extension of time. One of these documents must be submitted to this office by May 1 to have the permit reinstated.

If you wish to discuss this matter further, please feel free to contact me at 334-4290.

Sincerely,

RITA I. FLECK
Secretary/Records Manager

Dear Mr. Roper:

Re: Permit No. 13-7357

LAPSE NOTICE

You are hereby notified that under the provisions of Section 42-218a of the Idaho Code, Permit No. 13-7357 has lapsed since the department could not accept the proof of beneficial use submitted on March 4, and returned to you on April 11, 1985. Since that time, the department has not received an acceptable notice that you have completed the project (proof of beneficial use) by the date required in our letter to dated April 11, 1985 or an acceptable request for an extension of time.

Your permit cannot be reinstated unless you submit the proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof form or the extension request must be received by this office within sixty days of the date of this lapse notice or the permit will no longer be of any force or effect.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that a fee of \$15.00 must accompany an extension of time request and that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which brings title to the water in question.

Sincerely,

L. GLEN SAXTON
Chief, Operations Bureau
