Dear Mr. & Mrs. Henrie:

Recently, you filed a claim to a water right with this office, for the domestic use of water from unnamed springs initiated in July 1973. By law a filing is required, however, if the use occurred after May 20, 1971 the filing should be in the form of an application for permit.

Based on the information I obtained from talking with Mrs. Henrie, we have prepared an application for the domestic use of the springs in 3 homes. Feel free to add additional comments or correct any items that may be in error. When you are satisfied the application correctly reflects the intended or existing use, it should be signed and mailed to this office.

We will apply the fee previously paid on the claim toward the application so there will be no additional charge. Your claim will be voided and then placed with the application to substantiate the date we received payment.

Respectfully submitted,

Originally three claims were received from Mr. Dallin J. Phillips, describing the Henrie's domestic use of a spring. A \$90.00 check accompanied these claims.

Staff review revealed only one claim was acceptable and the other two claims were returned on separate dates with no refund (\$60.00).

In lieu of the two returned claims, the Henrie's have submitted a single application for domestic purposes in two homes. No fee accompanied the application so \$30.00 from the above \$60.00 should be applied to the application fee (receipt No. 30941).

The Henrie's should be reimbursed the remaining \$30.00.

SUBJECT

P/D Legal Description

We are reviewing a number of domestic water rights which do not have the 10-acre tract description recorded on the field exam that use water from a spring(s).

We have not attempted to change the field exam because in some cases, the exact 10-acre description cannot be determined from the field exam and there is no known conflict over spring usage in the areas covered by the rights reviewed.
