- b. Draw a map indicating the new point(s) of diversion and/or the new land to be irrigated. Show clearly the land involved by section, township and range number.

SCALE: 1 inch equals 1 mile. Draw plan in ink.

3. Remarks It is impossible to determine the original place of use and the original number of acres irrigated with decreed water as this information is not completely specified by the decree. We must rely upon acreage determinations of lands that are known to be currently irrigated with decreed water. It is intended that this document serve to more clearly define the Deep Creek decree.

I hereby assert that no one will be injured by such change and the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge.

Dear Ed:

Enclosed are copies of the Decree in the name of Peter Fredrickson, et. al., v.s. Deep Creek Irrigation Company, et. al., and the licensed and permitted rights of the Deep Creek Irrigation Company for their reservoir as you requested in our recent telephone conversation.

I have also enclosed a transfer of a water right application with instructions for completing that transfer of the decree, as I recall that the proposed point of diversion for the pipeline is different than the point of diversion shown in the decree. Therefore, the transfer will be needed to show the change in the point of diversion.

This application for transfer should be filed with our Eastern Regional Office in Idaho Falls as shown on the instruction sheet. Good luck in your project.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

tiffs rested; and witnesses were sworn and examined on behalf of the defendants and intervenors, and documentary evidence was introduced and admitted on behalf of the defendants and intervenors, and the evidence closed; and after examining all the testimony offered and received for and on behalf of the respective parties, and the stipulations entered into between said parties and after hearing the arguments of the respective counsel aforesaid, the Court took said cause under consideration, and after having duly considered the law and the evidence, and being fully advised in the premises, the Court made its Findings of Fact and Conclusions of Law, and ordered judgment to be entered in said cause in accordance with said Findings and Conclusions.

WHEREFORE, IT IS ORDERED, ADJUDGED AND DECREED AS FOLLOWS:

15 0008 T. #2271

1st.

That the Deep Creek Irrigation Company, a corporation, is entitled to 175 miners inches of the waters of Deep Creek, as of the date of May, 1865, said water to be measured at the headgate of said company at or near the Southwest Quarter of Section 22, in Township 14 South of Range 36 East of the Boise Meridian, in Oneida County, Idaho, (which includes five and 5/6th shares to Peter Frederickson, one share to H. P. Christenson, three shares to Emmett Thomas, one share to John Glead and Rose Glead, one share to Benjamin E. Jones, one and one-half shares to Mattie Morgan, one and one-half shares to George Morgan, each of such shares being equal to one share of the stock of the Deep Creek Irrigation Company as of June 3rd, 1903). Said above mentioned 175 miners inches of water decreed as above to the said Deep Creek Irrigation Company, when not required for the proper irrigation of the lands of the shareholders of said Deep Creek Irrigation or the intervenors herein, or for irrigation, domestic, culinary or stock purposes, or when any portion of the same is not needed or used for such purposes, as above stated, shall not be diverted by the said Deep Creek Irrigation Company or the intervenors herein, or its or their agents or assigns, from the natural channel of said Deep Creek, but shall be by them permitted to flow down said channel at all times between the 15th day of October and the 15th day of the following May of each and every year, except such portion as shall be in excess of four hundred miners inches, the amount hereinafter decreed to the plaintiffs herein, and said waters shall be used upon and for the irrigation of the lands of the shareholders of said Deep Creek Irrigation Company and the intervenors herein, and for household, domestic, culinary and stock purposes.

2nd.

That the plaintiffs, Peter Frederickson, Frederick Peck, D. R. Jones, William Jardine, J. T. Richards, T. A. Richards, W. A. Dalton, J. R. Dredge, William J. Williams, Benjamin Jones, E. C. Davis, Jenkin Jones, James T. Chivers, W. M. Leigh, Nephi Lewis, John L. Jenkins, J. T. Kingsbury, George Tovey, W. M. Davis, John Glead and Thomas Alston known herein as the hay-land claimants, are entitled to four hundred miners inches of the water of said Deep Creek, from October 15th until the 15th day of the following May of each and every year, as of the date of May 15th, 1867, for irrigation of their said lands and for domestic, culinary and stock purposes, said water to be measured at the headgate of said plaintiffs, at or near the Southeast Quarter of the Northeast Quarter of Section 4, in Township 15 South of Range 36 East of the Boise Meridian, and to be used upon and for the irrigation of their said lands and for domestic, culinary and stock purposes, and to be distributed as follows, to-wit:

15 0000 To Peter Frederickson 36 miners inches of the waters of Deep Creek, to be used upon the following described land:

Commencing at a point 20 chains and 25 links East and 18 chains and 31 links North of a stake lying and being between Sections 4 and 10, in Township 15 South of Range 36 East of the Boise Meridian thence running West 20 chains and 25 links, thence North 1 chain and 44 links, thence East 20 chains and 25 links, thence South 1 chain and 44 links.

Deep Creek Irrigation Company
Malad City, Idaho 83252

Dear Mr. Alder:

I have completed your application for transfer of the three original points of diversion specified in the Deep Creek Decree (Peter Fredrickson -vs- Deep Creek Irrigation Company.) This transfer, if approved, will enable you to legally divert Deep Creek waters at a single new point of diversion directly from Deep Creek Reservoir and into a large gravity flow sprinkler irrigation project for the irrigation of 3,006 acres listed on Exhibit B.

As it is impossible to determine the original place of use and the original number of acres irrigated with decreed water from the decree itself, we must rely upon acreage determinations of lands that are known to be currently irrigated. It is intended that this transfer will also serve to more clearly define the place of use of these decreed rights.

Please place your notarized signature on the back page of this document where indicated and submit the application together with the statutory filing fee of \$30.00 payable to the Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401.

If you have any further questions, please contact me.

Very truly yours,

Dear Mr. Scott:

Pursuant to your request, we are returning the above referenced application for transfer and check No. 92-85 in the amount of \$30.00 signed by J. A. Servoss for Deep Creek Irrigation Company.

Please retain this application in your files until the final bids for the irrigation project have been received. If you decide to begin construction on the project, please resubmit the application and statutory filing fee of \$30.00 and we will begin processing at that time.

If you have any further questions, please contact me.

Very truly yours,

Re: Transfer - Deep Creek Irrigation Company

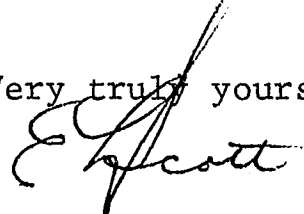

Dear Mr. Kozlowski:

I am again submitting the Application for Transfer of Water Right of the Deep Creek Irrigation Company. There is enclosed a check of the Company for \$30.00 representing filing fees.

It appears now that the Deep Creek Irrigation Company has a firm contract for the construction of a pipeline project and thus the resubmission of the application.

Thanking you, I am,

Dear Mr. Scott:

We are returning the application for transfer for the Deep Creek Irrigation Company and check No. 2272 in the amount of \$30.00 because the money sent in payment of the filing fee was insufficient.

Effective July 1, 1978 the State Legislature adopted a new statutory fee schedule for applications and claims received by the Department of Water Resources. This new schedule pertains to your application because it was received in our office after the July 1 deadline.

Please resubmit the application for transfer accompanied by a check for \$35.00 to cover the new statutory filing fee and evidence of the Irrigation Company's ownership of those rights originally decreed to individuals listed in Exhibit A of the application.

Should you have any questions concerning this matter please feel free to contact this office.

Dear Mr. Scott:

Enclosed you will find Receipt No. 11454 pertaining to the filing fee for Deep Creek Irrigation Company's application for transfer. The Department has started the initial processing with the last date of protest scheduled to be August 7, 1978.

You should be aware, however, that final action on the application will not be taken until the Department receives evidence of the Irrigation Company's ownership concerning those rights originally decreed to individuals on Deep Creek. To prevent delays in processing time, this information should be provided on or before the last date of protest.

Should you have any questions concerning this matter, please feel free to contact this office.

Dear Mr. Carlson:

Responding to your telephone call, I am enclosing copies of the Articles of Incorporation of The Deep Creek Irrigation Company. The indicated purpose expressed in the original Articles was "to take out and appropriate the waters of Deep Creek."

The waters of Deep Creek have been appropriated and distributed to the stockholders of The Deep Creek Irrigation Company for many years. I talked with Lynn Alder, president of the Company, and he states that there are no outstanding interests in Deep Creek other than rights of The Deep Creek Irrigation Company. He further states that Oren J. Jones, Ray McClellan and L. C. Alder & Sons do have rights in the waters of Deep Creek which arise south of the Ed Vaughan headgate. These rights would not be affected by a change in the point of diversion requested by the Company.

I hope this information is useful to you, and if I can be of further assistance here, please advise.

Very truly yours,

of the above named corporation was held at the Courthouse in Malad, in
said County of Oneida, State of Idaho (being the principal office of
said corporation for such purpose) on the 15th day of January, 1938,
at 2:00 o'clock PM of said day, at which meeting more than two-thirds
of the outstanding capital stock of the said corporation was represent-
ed; that said meeting was duly and regularly called and notice thereof
was given as required by law and by mailing to the stockholders of the
said corporation notice of said meeting for the time and in the manner
required by law and the Articles of Incorporation of said Company;
That at said meeting a resolution was regularly proposed, voted upon
and adopted by the affirmative vote of stockholders owning more than
two-thirds of the outstanding capital stock of the said corporation
amending Article Three of the Articles of Incorporation of said corpora-
tion as hereinafter set out;

And we further certify that the following is a full, true and
correct copy of the said Article Three of the Articles of Incorporation
of said corporation as thus amended, to-wit:

Article III.

That the term for which this corporation is to exist is fifty
years from and after January 22, 1938.

Gentlemen:

Recently it came to our attention that some of the lands that are now irrigated in your improved water delivery system have no water rights. Transfer # No. 2271 corrected the point of diversion for several decreed water rights on lands that were previously irrigated but did not provide water for any of the newly irrigated lands.

To correct this situation and protect the water supplies for these lands, you will need to file an Application for Permit. Enclosed please find a form and instructions for your convenience. Since this application will include storage water, and because you have many existing rights, your application may be complicated. Therefore I would advise that you work closely with our Eastern Regional Office, 150 Shoup Ave., Idaho Falls, ID. 83401 (525-7162). They will be glad to assist either by correspondence or by a visit to their office.

If you have further questions please contact either the regional office or myself.

Sincerely,

DAVID R. TUTHILL JR., P. E.
Supervisor, Water Allocation Section
