Gentlemen;

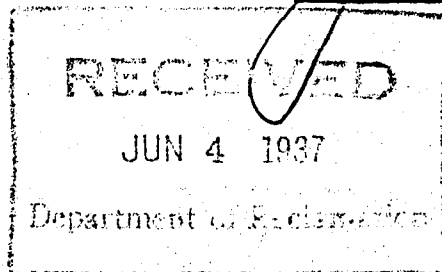

Please inform me by return if one John H. Pilgrim
 has made filing on flowing well on his premises in SE $\frac{1}{4}$ -
 Sec. 35 Tp. 14 S.R. 35 E.B.M.

Also advise me when final proof has to be made on filing well
 filing.

I filed on my Well in Sec. 11 Tp. 15-35 E.B.M. in January
 when do I have to make proof on same. The work is done
 and has been done for years and water always has been used
 and applied to irrigation and domestic use. Also advise me
 how you understand the law as to whether proof will make
 better title to the water, or preference right in any way
 and oblige.

Re: Permits 18216 & 18403.

Mr. J. F. Fredrickson
Malad, Idaho

Dear Sir:

Reference is made to your letter of June 1st. An examination of the records show that John H. Pilgrim filed on his well in this department on December 19, 1935. The above permit was issued to him authorizing the appropriation of 0.2 of one second foot of water. Both proof of completion of works and beneficial use proof will be due on December 23, 1937.

Proof of completion of works will be due under your permit (18403) on January 28, 1938. Beneficial use proof will not be due until January 28, 1939.

Unquestionably, a person strengthens his right under a permit by offering his proofs and obtaining a license, since if and when he is compelled to go into court, the license would be accepted at its face value.

Several months ago you were furnished a copy of a permit by this department. You were notified at that time that \$1.00 was due for this service. It has been called to your attention several times, but to date we have had no reply concerning it. Will you therefore kindly mail a check to this department for this fee.

Very truly yours,

Deputy Commissioner of Reclamation

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

John H. Pilgrim
Malad, Idaho

Boise, Idaho, **October 8, 1937**

Dear Sir:—

Under the terms of your permit No. **18216** you are required to complete your diversion works on or before **Dec. 23, 1937**. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS
Commissioner of Reclamation.

Dear Sir:—

I enclose herewith blank notice of proof of application of water to beneficial use under your permit No. 18216, which should be filled out and returned to this office at least 60 days before the date upon which you wish to make proof. The date for proof, as set out in your permit, is Dec. 23, 1937, and, if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Mr. John H. Pilgrim
R. F. D. # 1
Malad, Idaho

Dear Sir:

This will acknowledge receipt of notice in duplicate for publication in connection with beneficial use proof, and also your authorization to have the notice published in the Idaho Enterprise, Malad, Idaho, all in connection with Permit No. 18216.

A copy of the notice has been mailed to the newspaper with instructions to publish it once a week for four consecutive weeks prior to January 8, 1938. About ten days prior to this date depositions, consisting of one for the holder and one each for two witnesses will be mailed to James B. Jones, Notary Public, Malad, Idaho, so that he will have them in ample time for the proof.

On the date designated you should appear at Mr. Jones's office with two disinterested witnesses who are familiar with the terms of the permit and the works constructed thereunder for the purpose of executing the depositions.

Very truly yours,

Deputy Commissioner of Reclamation

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John H. Pilgrim; age 54; residence Pleasant View, Idaho;
occupation farmer; address RFD# 1, Malad City, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. # 18216 date of permit Dec. 19, 1935; priority to establish under permit
is Jan. 3, 1936

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Artesian well; point of diversion is in the southeast corner of the
SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 35, Twp. 14 South, of Range 35 East Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Diversion effected by means of water ditches running from well to
various parts of land watered from same. Ditch unnamed. Ditches are
capable of handling all water supplied by well.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of about 5 acres in the southeast corner of
SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 35 Twp. 14 South, of Range 35 East of the Boise Meridian;
Land is cultivated; use of said water permits more intensive cultivation
of land.

Ques. 7. If for other than for irrigation purposes: state how applied, amount of horse power generated, etc.

Ans. Some little used for domestic use.

18216

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. More water than is available from said well would better serve the needs of the tract watered but the 5 acres fairly well covered.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been used from said well to irrigate the tract herein described and for domestic purposes ever since the drilling of the well about 17 1/2 years ago.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Water has been used on lands described consistently to beneficial use ever since the well was dug as herein outlined. Full and preferential right to all water from said well is claimed as a result of construction of works and long use of water.

(Sign) John H. Pilgrimage

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Malad City, County of Oneida State of Idaho, on this 8th day of January A. R.F.D. NO. 1
Maled, Idaho

Dear Sir:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since the department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination, so that you may show him over the grounds. After his report is on file in this office, you will be further notified as to fees due before the issuance of your license.

Very truly yours,

Re: Permit No. 18216

Mr. John H. Pilgrim,
Malad, Idaho.

Dear Sir:-

A short time ago we received the report of our field engineer on examination for beneficial use under the above numbered permit.

Our engineer found that the works would be capable of conducting to the place of use 0.10 cubic feet per second; and inasmuch as the land you are irrigating covers a portion of only one 40-acre legal subdivision, the statutory fee will amount to \$2.00

Upon receipt of this fee, a license will be issued.

Very truly yours,

Dear Mr. & Mrs. Blaisdell:

Enclosed is receipt No. 14833 for \$2.00 covering the licensing fee due under the above referenced permit.

In preparing the water license, we note that the permit was issued for irrigation and domestic purposes. However, the field examiner's report does not indicate if the water is used for domestic purposes.

Would you please advise this office if water from the artesian well is being used for domestic purposes. We appreciate your help in this matter.

Sincerely,
