Dear sir:

In re: Application of The South Side Water Company to
appropriate subterranean water filed April 15, 1941

I have your favor of June 23 in which you state
that the above application was approved by the Commissioner of
Reclamation and permit mailed to Mr. Joseph W. Laws, as agent
for the Company under date of April 30, 1941.

I have contacted Mr. Laws who has no account of having
received this permit. Will you please endeavor to locate the same
and advise.

Very truly,

Dear Mr. Ray: South Side Water Co.

We are in receipt of your letter of July 5th in which you stated that Mr. Laws or your self had not received the water permit issued to the South Side Water Company.

Our records show that the permit was mailed on April 30th to Malad, Idaho, and that the letter has not been returned to this department by the postal authorities. Evidently some one at Malad has received the letter containing the permit.

We thought that the letter was addressed to Joseph Laws, as agent for the Company, however, the letter was addressed to the South Side Water Company, Malad, Idaho. Perhaps one of the officers of the Water Company received the permit. Have you contacted them?

We will try to locate the permit. However, we believe that it must be in Malad. We will advise you if it shows up here and would like to be advised if you locate it.

Very truly yours,
E. V. BERG.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

August 5, 1941
Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. 19132..... you are required to complete your diversion works on or before Oct. 28, 1941..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

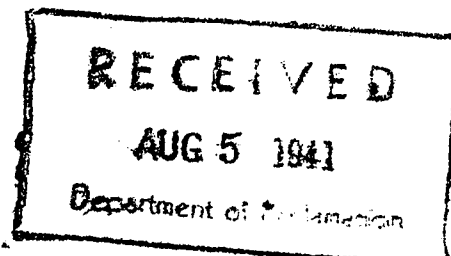

Yours truly,

E. V. BERG.

Dear sir:

The application of the South Side Water Co filed in your office April 15, 1941, approved April 30, 1941, and mailed to the South Side Water Company at Malad, as per your letter of recent date, has not been received by either Joseph W. Laws, the agent of the Company or by any *officer* any one connected with this company. You stated in your last letter that this was mailed to the South Side Water Company at Malad, Idaho. If it was not delivered to any one here it should have been returned to your office. Inasmuch as this Company has to make final proof on the water claimed in its application we must have either the original application *or* a photostatic copy in order to base this proof thereon. Will you please advise what you can do in this matter and oblige

Dear Sir:

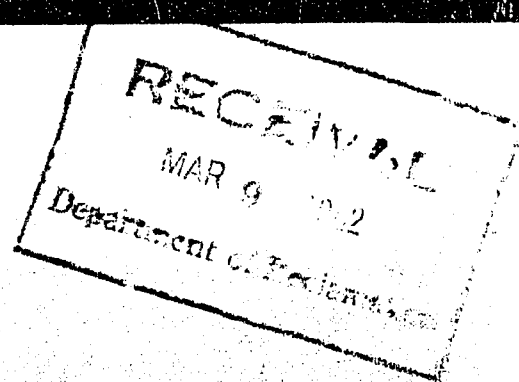

I enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 19132, which should be filled out and returned to this office at least 40 days before the date upon which you wish to make proof. The proof must be submitted before a notary public or other officer authorized by law to administer oaths. The date for proof, as set out in your permit, is April 28, 1942, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Re: 19132

April 17, 1942
BOISE, IDAHO,

Mr. T. E. Ray
Malad, Idaho

DEAR SIR:

South Side Water Company

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19132

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On 27th of April, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Malad, Idaho before T. E. Ray, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

Boled, Idaho

Dear Mr. Chivers:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses, and the affidavit of proof of publication from the Idaho Enterprise, all in connection with beneficial use proof under the above numbered permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this Department. We are unable to say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, field engineer for the Department, will try and contact you at the time set for examination, so that you may arrange to show him over the grounds.

When the engineer's report is filed, you will be notified of the amount due for beneficial use proof and upon receipt of your remittance a license will be issued.

Very truly yours,

Dear Mr. Chivers:

We have received our Field Engineer's report on examination for beneficial use under the above numbered permit, which report shows that you are irrigating the following described lands:

Section 27. NW $\frac{1}{4}$ SW $\frac{1}{4}$ (10 acres); SE $\frac{1}{4}$ SW $\frac{1}{4}$ (40 acres)

Section 28. SW $\frac{1}{4}$ NE $\frac{1}{4}$ (20 acres); SE $\frac{1}{4}$ NE $\frac{1}{4}$ (10 acres); NE $\frac{1}{4}$ SW $\frac{1}{4}$ (20 acres);
SW $\frac{1}{4}$ SW $\frac{1}{4}$ (20 acres); SE $\frac{1}{4}$ SW $\frac{1}{4}$ (20 acres)

Section 34. NW $\frac{1}{4}$ NE $\frac{1}{4}$ (20 acres); SE $\frac{1}{4}$ NE $\frac{1}{4}$ (40 acres)

Or a total of 220 acres, all in Twp. 14 South, Range 36 East, B. M.

However, the description of the irrigated lands, as given in the deposition of Mr. Joseph T. Luss, President of the South Side Water Co., and his two witnesses, is as follows:

Section 27. N $\frac{1}{2}$ SW $\frac{1}{4}$ (50 acres)

Section 28. SW $\frac{1}{4}$ NE $\frac{1}{4}$ (20 acres); SE $\frac{1}{4}$ SW $\frac{1}{4}$ (20 acres); SE $\frac{1}{4}$ NE $\frac{1}{4}$ (40 acres)

Section 34. SE $\frac{1}{4}$ (120 acres)

Section 36. N $\frac{1}{2}$ NE $\frac{1}{4}$ (70 acres)

Please advise if this is an error in your affidavit. If so, and the description given in our Field Engineer's report is correct, we can issue a license in accordance therewith.

Dear sir:

Answering your letter of Feb'y 2, in which you state that the Field Engineer's report on examination for beneficial use under the above numbered permit, shows irrigation of certain land in Secs 27-28 and 34, Tp. 14 S. R. 36 EBM whereas deposition of Mr Laws and two witnesses show a little different description.

I went with the Field Engineer over this land at time he was down. He is likely correct except as to the SE $\frac{1}{4}$ Sec. 33, Tp. 14 S. R. 36 EBM. This land belongs to me and my father Thos. H. Chivers and has been irrigated with water from the well owned by the South Side Water Company. Perhaps the Field Engineer overlooked this particular land.
