Mr. Joshua W. Thomas
Route 1
Malad, Idaho

Dear Mr. Thomas:

We enclose herewith the above numbered permit, in the name of Thomas, Thomas & Ipsen, together with Departmental Receipt No. 18829 for the \$5.25 filing fee.

Since your application states that the work is completed, and the water is being put to beneficial use, we have allowed a minimum of three months within which to make the proofs necessary to complete your water right.

The first, or completion of works proof, is made by executing the enclosed affidavit, Form No. 6, before a Notary Public, and returning it to this Department, with the statutory fee of \$5.00; upon receipt and approval of which a certificate of completion of works will be issued.

The final, or beneficial use proof, requires publication for four weeks in a newspaper published in the county where the water is diverted. Notice of your intention to make such proof should be made out in duplicate on Form 10 enclosed, setting the time and place, and naming the Notary Public before whom the proof will be made. Be sure to set the date sufficiently far ahead to allow for the four weeks' publication.

Both copies of the notice should be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the newspaper which you designate. The notice will then be sent by us to the newspaper with instructions in regard to publishing it.

Very truly yours,

Gentlemen:

We enclose herewith Certificate of completion of work issued under the above numbered permit, to appropriate $3\frac{1}{3}$ cubic feet per second of water from a well (subterranean), in the NE $\frac{1}{4}$ Section 30, Township 14 South, Range 36 East, B.M., with priority of March 30, 1945.

We also enclose Departmental Receipt No. 18844 for the \$5.00 fee in connection with completion of work proof.

We have sent to the Idaho Enterprise a copy of the notice of beneficial use proof, to be made on May 25th, with instructions to publish it once a week for four consecutive weeks prior to that date, and to send to you the affidavit of publication, together with statement of cost of publishing.

We had to make one change in the notice - as the earliest priority date you can establish is the date the application for permit was filed in this Department, which is March 30, 1945.

About ten days prior to May 25th, we shall send to Mr. John W. Clark, Notary Public, the proper depositions, consisting of one for the holder and one for each of two witnesses, so that he may have them in ample time for the proof.

At the time set you should appear before Mr. Clark, together with two disinterested witnesses, who are familiar with the terms of your permit, and the work constructed thereunder, for the purpose of executing the depositions.

Re: Permit No. 19619

Mr. Joshua W. Thomas
Malad, Idaho

Dear Mr. Thomas:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication from the Idaho Enterprise, all in connection with beneficial use proof under the above numbered permit, in the name of Thomas, Thomas & Ipsen.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you, at the time he makes the examination, so that you may arrange to show him over the grounds.

Very truly yours,

Re: Permit No. 19619

Messrs. Thomas, Thomas & Ipsen
C/o Joshua W. Thomas,
Mald, Idaho

Dear Sirs:

We now have on file the report of our
Field Engineer on examination for bene-
ficial use under the above numbered per-
mit.

This report shows that you are irrigating
126 acres located in six legal subdivisions,
namely, the NE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, and
SE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 30,
Township 14 South, Range 36 East, B.M.

Therefore, upon receipt of the statutory
fee of \$12.00- being at the rate of \$2.00
for each legal subdivision in which the land
is located, a license will be issued for
2.50 cubic feet per second of subterranean
water.

Very truly yours,

Re-Permit No. 19619
Thomas, Ipsen, Thomas

Gentlemen:

I enclose herewith my check for the sum of \$12.00, as per your letter of the 18th instant, to complete our filing on subterranean well waters.

I should like to inquire why you state in your letter that we shall only receive license for the use of 2.50 cubic feet per second of subterranean water. Our permit ask for the use of 3-1/3 cubic feet per second, and we felt our well was producing that amount. Kindly advise us on this matter.

We trust this will complete our filings and that should further be needed from this end kindly advise and let us know is the matter is now completed.

Yours very truly,

Josh W. Thomas

Re: Permit No. 19619

Mr. Joshua W. Thomas
Malad, Idaho

Dear Mr. Thomas:

We enclose herewith License and Certificate of Water Right issued under the above numbered permit, in the name of Thomas, Thomas & Ipsen, confirming their right to the use of 2.52 second feet of subterranean water from a well located in the NE¹ NW¹ Section 30, Township 14 South, Range 36 East, B.M., Oneida County, for irrigation purposes, with priority date of March 30, 1945.

We also enclose Departmental Receipt No. 19332 for the \$12.00 fee paid by you in connection with this final proof.

In reply to your inquiry as to why the license is only for 2.52 second feet, instead of the 3-1/3 second feet applied for, will say that the report of our Field Engineer shows only 126 acres on which the water has been applied instead of the entire 206 acres described in the application; and 2.52 second feet is for the maximum allowed by statute of one inch to the acre.

If the water is applied to the additional acreage later on, a further proof may be made, and supplemental license issued for an additional amount.

Very truly yours,
