Malad, Idaho

Dear Mr. Jones:

We enclose Permit No. 20080 in the name of Jones and Hansen, also departmental receipt No. 19978 for the \$5.78 filing fee and direct your attention to the limitations and conditions of the permit as given on the fourth page.

Since your application stated that the works were already completed, we have allowed the minimum of three months in which to make the statutory proofs required to complete your water right, that is, on or before August 24, 1947.

The first, or completion of works proof, is made by executing Form 6, enclosed, before a Notary Public, and returning to this Department with the statutory fee of \$5.00, upon receipt and approval of which a Certificate of Completion of Works will be issued.

Notice of proof of beneficial use is required by law to be published once a week for four consecutive weeks prior to the date set for proof, in the county where the water is diverted. This notice should be made out in duplicate on Form 10 enclosed, setting the date sufficiently far ahead to allow for the four weeks' publication, and naming the Notary Public, or other officer authorized by law to administer oaths, before whom the proof will be made.

Both copies of the notice are to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the newspaper, with instructions in regard to publishing same.

Very truly yours,

MARK R. KUIP

Dear Mr. Jones:

We have received from Mr. John W. Clark, Notary Public, the depositions of yourself and two witnesses, also affidavit of publication in the Idaho Enterprise, all in proof of beneficial use under Permit No. 20080 in the name of Jones & Hanson.

Before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this department, will try and contact you at the time he makes the examination, so that you may arrange to show him over the grounds.

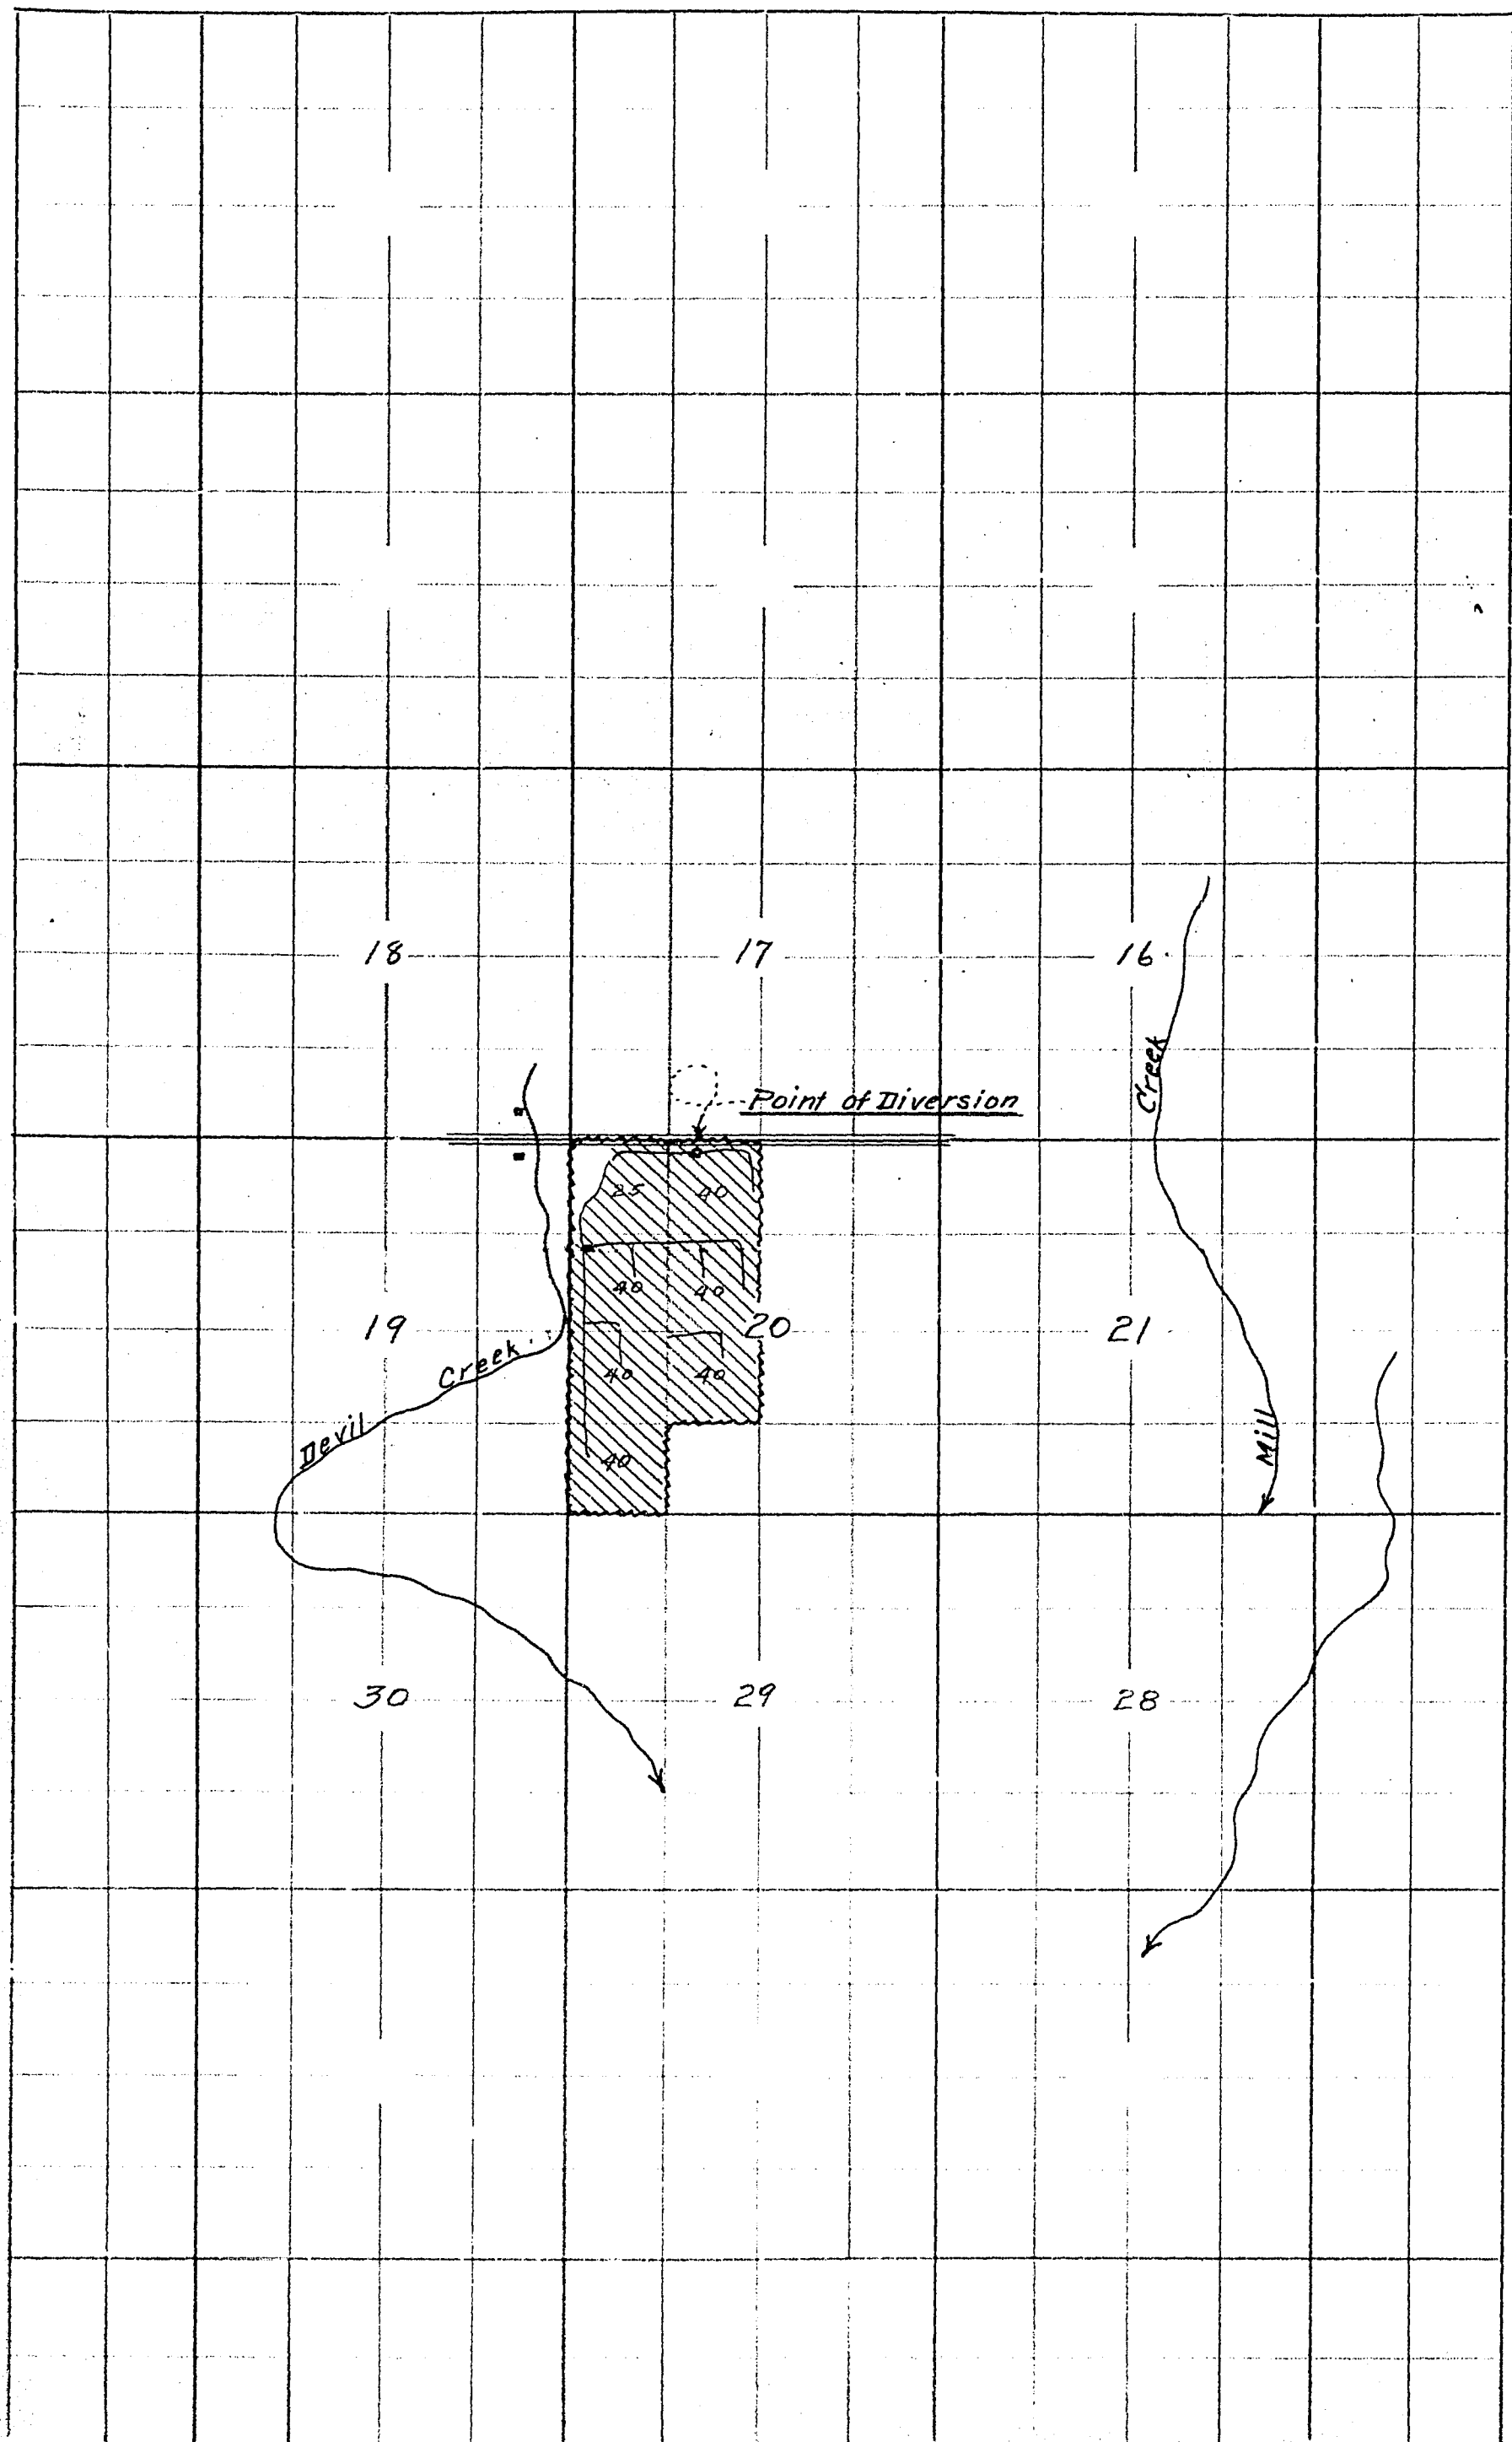

Very truly yours,

Re: Permit No. 20080 (New No. 15-2034)

Dear Sir:

I am in receipt of your letter of May 15 stating that we owe fourteen dollars (\$14.00) for a license for our pump. I am in possession of permit # 20080 under the name Jones & Hanson. It has been changed to Jones and Goddard.

We thought we were up to date on all expenses and have never been told that we owe for a license. Will you please inform us what the \$14.00 represents and how often the license must be paid. When we understand more about it we will be glad to comply with your request.

Yours truly,

Evan G. Jones
