Dear Mr. Vaughan:

We acknowledge receipt of the depositions of yourself and two witnesses also Affidavit of Publication in the Bonners Ferry Herald all submitted in proof of Completion of Works and Beneficial Use on Permit No. G-24525.

However, these depositions are incomplete in a few particulars and we return them for the following corrections.

(1) Question 4 of your own deposition fails to give the source of water supply, which we assume is subterranean from a well and question 4 in all the depositions fails to give the point of diversion or location of the well.

(2) Question 5 of your own deposition should give the kind and power of the pump, if a pump has been installed and question 5 of the depositions of the witnesses should also describe the works as to size and depth of the well etc.
