APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-24997

Comes now J. P. Sorensen and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-24997. That one point of diversion is described in said permit as being located in the center of the SW Section 33, Township 14 South, Range 36 East, B. M. That he now requests that the point of diversion be changed to a point located in the SW Section 28, Township 14 South, Range 36 East, B. M. That his reasons for desiring to make such change are as follows: the new location would provide a more advantageous position for irrigating the ground owned by permittee, and the probabilities of finding an adequate water supply are felt to be better at the location of the new point of diversion. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk. Signed at Kalad City, Idaho, this 21st day of November, 1955.

J. P. SORENSON

Date of receipt at Department of Reclamation Nov. 25, 1955.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-24997. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Dear Mr. Kulp:

Mr. Sorensen drilled his well in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 28, Tp. 14 S. R. 36 EBM, according to the above permit and located a satisfactory supply of water.

He would like, rather than to drill the well shown in said permit as being in the center of the SW $\frac{1}{4}$ Sec. 33, to drill for water again in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 28 for the purpose of irrigating the SW $\frac{1}{4}$ said Sec. 33.

Should Mr. Sorensen make formal application to amend his original application to accomplish this, or will it be necessary for him to make a new application?

RE: Permit No. G-24997

Date April 1, 1958

Mr. J. P. Sorenson 143 Bannock St.
Malad City, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24997 are and not later than June 16, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made on no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated—all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

J. P. Sorenson

Dear Mr. Kulp:

I am enclosing forms for completion of works and application of water to beneficial use in connection with the above permit.

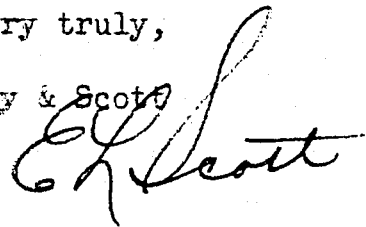

J. P. Sorensen, to whom the above permit was issued died on Sept. 22, 1956. His estate is being probated, and his son, Myron P. Sorensen is the Executor of his estate. In the Notice, I have listed the name of the person holding said permit (1) as the Estate of J. P. Sorensen, deceased. Please check this to see that it will satisfy your requirements.

Also, I believe there is an application for amendment to the original application on file in your office to change the point of diversion of the second proposed well to be drilled under said permit. This second well was never attempted because of the death of Mr. Sorensen. Will this amendment or application for amendment change the Notice to be published? I don't hardly think it should.

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-24997, in the name of the Estate of J. P. Sorenson, c/o Myron P. Sorensen, Executor. Final proof is to be made before you as Notary on the 28th day of May at 10:00 A.M.

As of this date we have mailed the Notice to the Idaho Enterprise with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the Permit Holder and his two disinterested witnesses, who are familiar with the terms of the Permit and the work done thereunder, at the time, the date and before you as Notary as stated in the Publication Notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

The point of diversion as listed on the Publication Notice is correct. The Amendment in question may be disregarded.

Permit No. G 24997

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Estate of J. P. Sorensen, deceased, by, Myron P. Sorensen, Executor
residing at Malad City, Idaho. A farmer by occupation

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G 24997, Date of permit: June 16, 1954. Date of priority to be established:
June 16, 1954.

Ques. 4. State source of water supply and give exact location of point of diversion.

2 Ans. Subterranean water supply, deep well and pump. Location of point of diversion
is: On South side of Pleasantview road, approximately 35 rods East and 12 rods South
of the Northwest Corner SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 26, Tp. 14 S. R. 36 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep well with pump, approximately 225 feet deep, 14 inch casing. Depth to
water would be approximately 25 feet (static level). Discharge of pump was measured
at three cubic feet per second; a wier was used to determine this amount.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water was used for irrigating the following lands:

Section 26, Twp. 14 S. R. 36 E.B.M:

SW $\frac{1}{4}$ NE $\frac{1}{4}$ 27.4 acres

NE $\frac{1}{4}$ SW $\frac{1}{4}$ 12.5 acres

SW $\frac{1}{4}$ SW $\frac{1}{4}$ 40 acres

SE $\frac{1}{4}$ SW $\frac{1}{4}$ 40 acres

All land is cultivated land. No improvements other than ditches
na and headgates have been constructed as a result of said water.

B24997

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. three cubic feet per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During the years 1955, 1956, and 1957, the water diverted under above permit was used during irrigation season and applied to beneficial use upon the J. P. Sorensen premises. The well produced approximately 3 c.f.s. during operating periods

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. In addition to the above water under this permit, the water supplied by The Deep Creek Irrigating Co. for 64 shares of Stock in said corporation, was also used upon the above premises. This water right varies each year and is uncertain.

Dear Mr. Scott:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-24997 shows that the well is capable of conveying 150 miners inches (3 c.f.s.) of water and that 163 acres have been irrigated.

The permit is now ready for license and if license is to be issued in name other than J. P. Sorensen, it will be necessary for a certified copy of the Letter of Administration by the court appointing Myron P. Sorensen Executor of Estate be on file in connection with the permit.

Upon receipt of the statutory fees, totaling \$23.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (eighteen dollars--fee is based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of June 12, 1954, to the use of 3 second feet of subterranean water, with point of diversion in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 28, for irrigation of 163 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$ Section 28 and SW $\frac{1}{4}$ Section 33, Township 14 South, Range 36 East, B.M.

Dear Mr. Scott:

We have the Letters of Administration of Myron P. Sorensen, estate of J. P. Sorensen, and the fee for the Certificate of Completion of Works and License under Permit No. G-24997. If license is to be issued in name of Rachel P. Sorensen, it will be necessary that there be a copy of the court Decree in this office in which Rachel P. Sorensen is awarded the particular property or the residue of the estate, as shown in the will. Otherwise, the License must be made in the name of the estate, Myron P. Sorensen, Executor. Gentlemen:

Re: Permit No. G-24997
J. P. Sorensen

Reference is made to your letter of November 21, 1958.

It will be some time before the Estate of J. P. Sorensen is closed and a Decree of the Court can be obtained. It will be necessary therefore, to have the License issued to the Estate, Myron P. Sorensen, Executor, according to your letter.

Very truly,

Ray & Scott
