Dear Mrs. Millward:

Enclosed herewith is a copy of the Water License issued on the above referenced permit. Also enclosed is receipt No. 14470 for \$15.00 covering the licensing fee.

This license fee was first requested by our letter of August 13, 1962, but was never received. We are now updating our records to remove all of the un-used or unnecessary permits and, therefore, contacted you concerning this permit that was not completed.

A water right license is evidence of the existance of a water right. A water right can only be lost by abandonment or by forfeiture through a 5 year period of non-use. Therefore, it is not required that a license be renewed and no additional fees will be required.
