Dear Mr. Corbridge:

Enclosed is the claim form which you submitted to the Department along with your check number 382 for \$30.

Also enclosed are two forms which I have taken the liberty to complete. The information was obtained from your original claim form.

Your original claim seems to indicate that each spring has a separate diversion works or they do not supply water to a common system. If this is the case, then you must file two claims one for each spring.

Please note Part 5b of each form requires you to specify the diversion works for each spring.

The Department has started to process the claims which you submitted.

It was noted that changes were made on the amounts of water. This is fine although the old numbers should have the undesirable amounts crossed out and initialed by yourself. Enclosed are two completed forms which will clear up any confusion which may occur in the future. These forms have the same amounts of water which you added to the original forms.

Please sign them in the presence of a notary and return them as soon as possible, as processing has already started.
