

Identification No. 15 7009
Application No. _____

STATE OF IDAHO
DEPARTMENT OF WATER ADMINISTRATION
APPLICATION FOR PERMIT

APPROVED

To Appropriate the Public Waters of the State of Idaho
(TYPE OR PRINT IN INK)

1. Name of applicant Dan Tovey (phone number 766-2213, attorney)
post office address 271 West Fourth North, Malad City, Idaho 83252
2. Source of water supply Well which is a tributary of not applicable
3. a. Location of point of diversion is SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 25 Township 15 S E
Range 36 E B.M. Oneida County; additional points of diversion if any: None
- b. If water is not consumed, it will be discharged into resevpor at a point in SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 25 Township 15 Range 36 E B.M. Oneida County
4. Water will be used for the following purposes:
Amount 1.90 for irrigation purpose from March 1 to November 1 (both dates inclusive)
(cfs or acre-feet per annum)
Amount .06 for livestock purpose from January 1 to December 31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount .04 for domestic purpose from January 1 to December 31 (both dates inclusive)
(cfs or acre-feet per annum)
5. Total quantity to be appropriated:
a. 2.00 cubic feet per second and/or
b. 37.25 acre feet per annum.
6. Proposed diverting works: NCU 3-13-72 (see letter)
a. Description of ditches, flumes, pumps, headgates, etc. Water will be drawn from a
Well and carried to a resevoir by a ditch from which it will be
carried to point of use by under ground pipe and surface ditches.
b. Height of storage dam 8 feet, active reservoir capacity 1.2 acre feet; total reservoir capacity 1.4 acre feet, materials used in storage dam: dirt and gravel
Period of year during which storage will occur March 1 to November 1 inclusive.
(Mo. Day) (Mo. Day)
c. Proposed well diameter is 12 inches; proposed depth of well is 60 feet.
7. a. Time required for the completion of the works and application of the water to the proposed beneficial use is two years.
b. Estimated construction cost is \$ 1,500.00.
8. Description of proposed uses:
a. If water is **not** for irrigation:
(1) Give the place of use of water: SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 22 Township 15
Range 36 E B.M.
(2) Amount of power to be generated: None hp under _____ feet of head.
(3) List number of each kind of livestock to be watered 200 head cows, bulls and calves
(4) Name of municipality to be served not applicable, or number of families to be supplied with domestic water two.
(5) If water is to be used for other purposes describe: None

15 7009

b. If water is for irrigation, indicate acreage in each subdivision in the tabulation below:

TWP.	RANGE	SEC.	NE 1/4				NW 1/4				SW 1/4				SE 1/4				TOTALS
			NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	
15	36	25	-	-	40	-	-	-	40	40	-	-	-	-	-	-	-	-	120
15	36	26	-	-	40	40	-	-	-	-	-	-	-	-	40	40	-	-	160
15	36	22	-	-	-	-	-	-	-	-	-	40	40	40	-	-	40	40	200

Total number of acres to be irrigated 480

c. Describe any other water rights used for the same purposes as described above. springs now being used for irrigation and stock purposes approximately amounting to 30 miners inches. Well and electric pump now producing approximately 30 miners inches.

9. a. Who owns the property at the point of diversion Daniel L. and Eunice Tovey

b. Who owns the land to be irrigated or place of use Daniel L. and Eunice Tovey

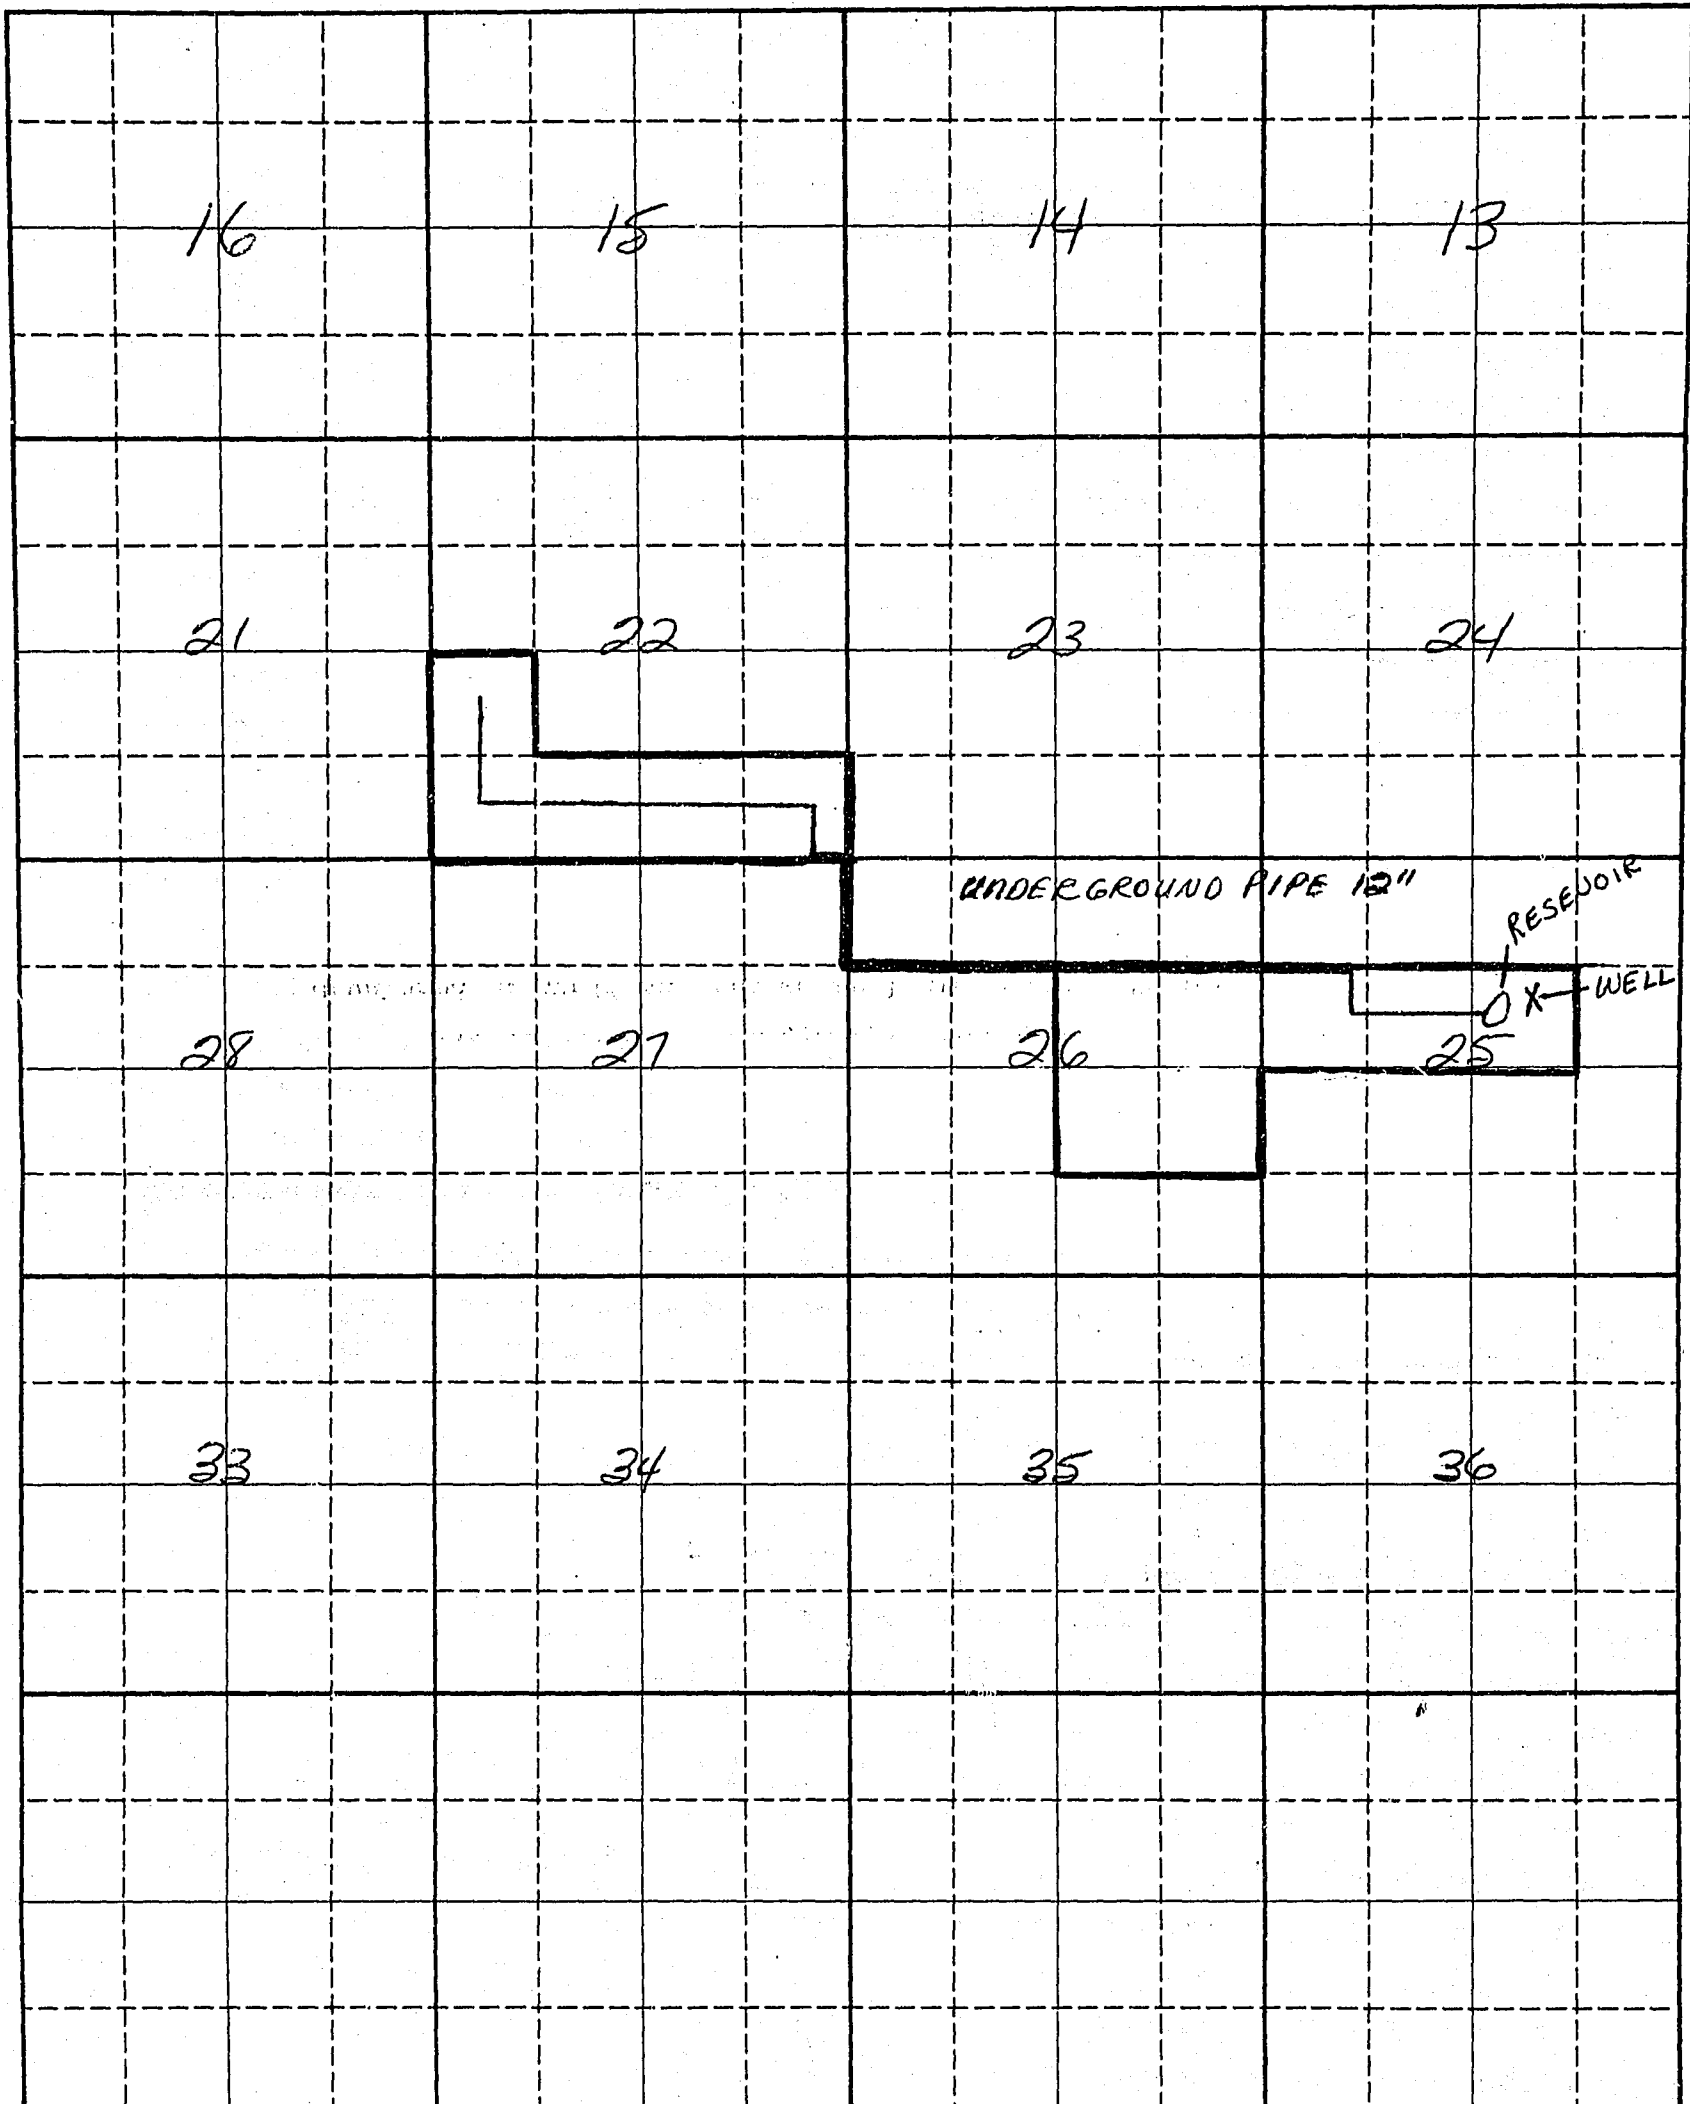

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing Not Applicable

10. Remarks The Well will be drilled approximately 200 feet slightly southeast from a spring developed by applicant and several other local farmers.

Township 15

Range No. 36 EBM

11. Map of proposed project: show clearly the proposed point of diversion, place of use, section number, township and range number.

Scale: 2 inches equal 1 mile

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

		Period	Jan. 1 to Dec. 31
Quantity	.04 cfs	Use	domestic
		Period	Jan. 1 to Dec. 31
Well Size		Diameter	
		Proposed Depth	
		Feet	
Use	The irrigation of 480 acres, stockwater for 200 head livestock, domestic purposes for two families.		
Date Forwarded		Date Returned	
		Received by	

COMMENTS: Application requests 2.0 c.f.s. diversion rate but only 31.25 A.F./yr volume. I believe the 31.25 A.F./yr to be an error, have crossed it out and notified applicant. This appears to be an artesian aquifer. Some water level declines have been noted. Drilling this well near an existing spring as indicated on the application may result in reducing the flow from the springs.

RECOMMENDED:

Malad City, ID 83252

Dear Mr. Harding:

Application for Permit No. 15-7009 in the name of Dan Tovey has been forwarded to this office for processing. There are several items that will need clarification before the application can be approved:

1. In Item 4, the irrigation season requested is March 1 to November 1, and this same period is requested in Item 6b for the storage season. Ordinarily, we recognize April 1 to November 1 as the irrigation season in the Malad area. We will reduce the irrigation season to this period unless satisfactory written justification of the longer irrigation season requested is received.

2. In Item 5a, the rate to be appropriated is listed as 2.0 c.f.s., while in Item 5b, the total volume per year is listed as 31.25 acre feet. This volume can be pumped in about eight days at the rate of 2.0 c.f.s., thus, I believe that the 31.25 acre feet is an error, and

It is not necessary to specify in the application, as this will be licensing.

15-7009

Mr. Harding, atty., called on the letter
3/13/72
you wrote him yesterday. He agreed to

#1 and #2, but said in #3 it is not possible to drill the well farther than 200'

from the spring. However, he doesn't feel the well will interfere with anyone else's water right.

s that you intend to drill the well g. It is possible that pumping this spring. Thus, if reducing the flow water right, it would be desirable spring and other existing wells as intending to develop the well in the

Dear Mr. Harding:

Application for Permit No. 15-7009 in the name of Dan Tovey has been forwarded to this office for processing. There are several items that will need clarification before the application can be approved:

1. In Item 4, the irrigation season requested is March 1 to November 1, and this same period is requested in Item 6b for the storage season. Ordinarily, we recognize April 1 to November 1 as the irrigation season in the Malad area. We will reduce the irrigation season to this period unless satisfactory written justification of the longer irrigation season requested is received.
2. In Item 5a, the rate to be appropriated is listed as 2.0 c.f.s., while in Item 5b, the total volume per year is listed as 31.25 acre feet. This volume can be pumped in about eight days at the rate of 2.0 c.f.s.; thus, I believe that the 31.25 acre feet is an error, and have crossed it off the application. It is not necessary to specify the volume in acre feet per annum on the application, as this will be done by our examiner at the time of licensing.
3. It was also noted in the remarks that you intend to drill the well approximately 200 feet from a spring. It is possible that pumping this well will reduce the flow from the spring. Thus, if reducing the flow will interfere with someone else's water right, it would be desirable to locate the well as far from the spring and other existing wells as possible, particularly if you are intending to develop the well in the artesian aquifer.

If you have any questions, please do not hesitate to contact this office.

Very truly yours,

Malad, City, ID 83252

Dear Mr. Tovey:

One of the conditions of approval of your water Permit No. 15-7009 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

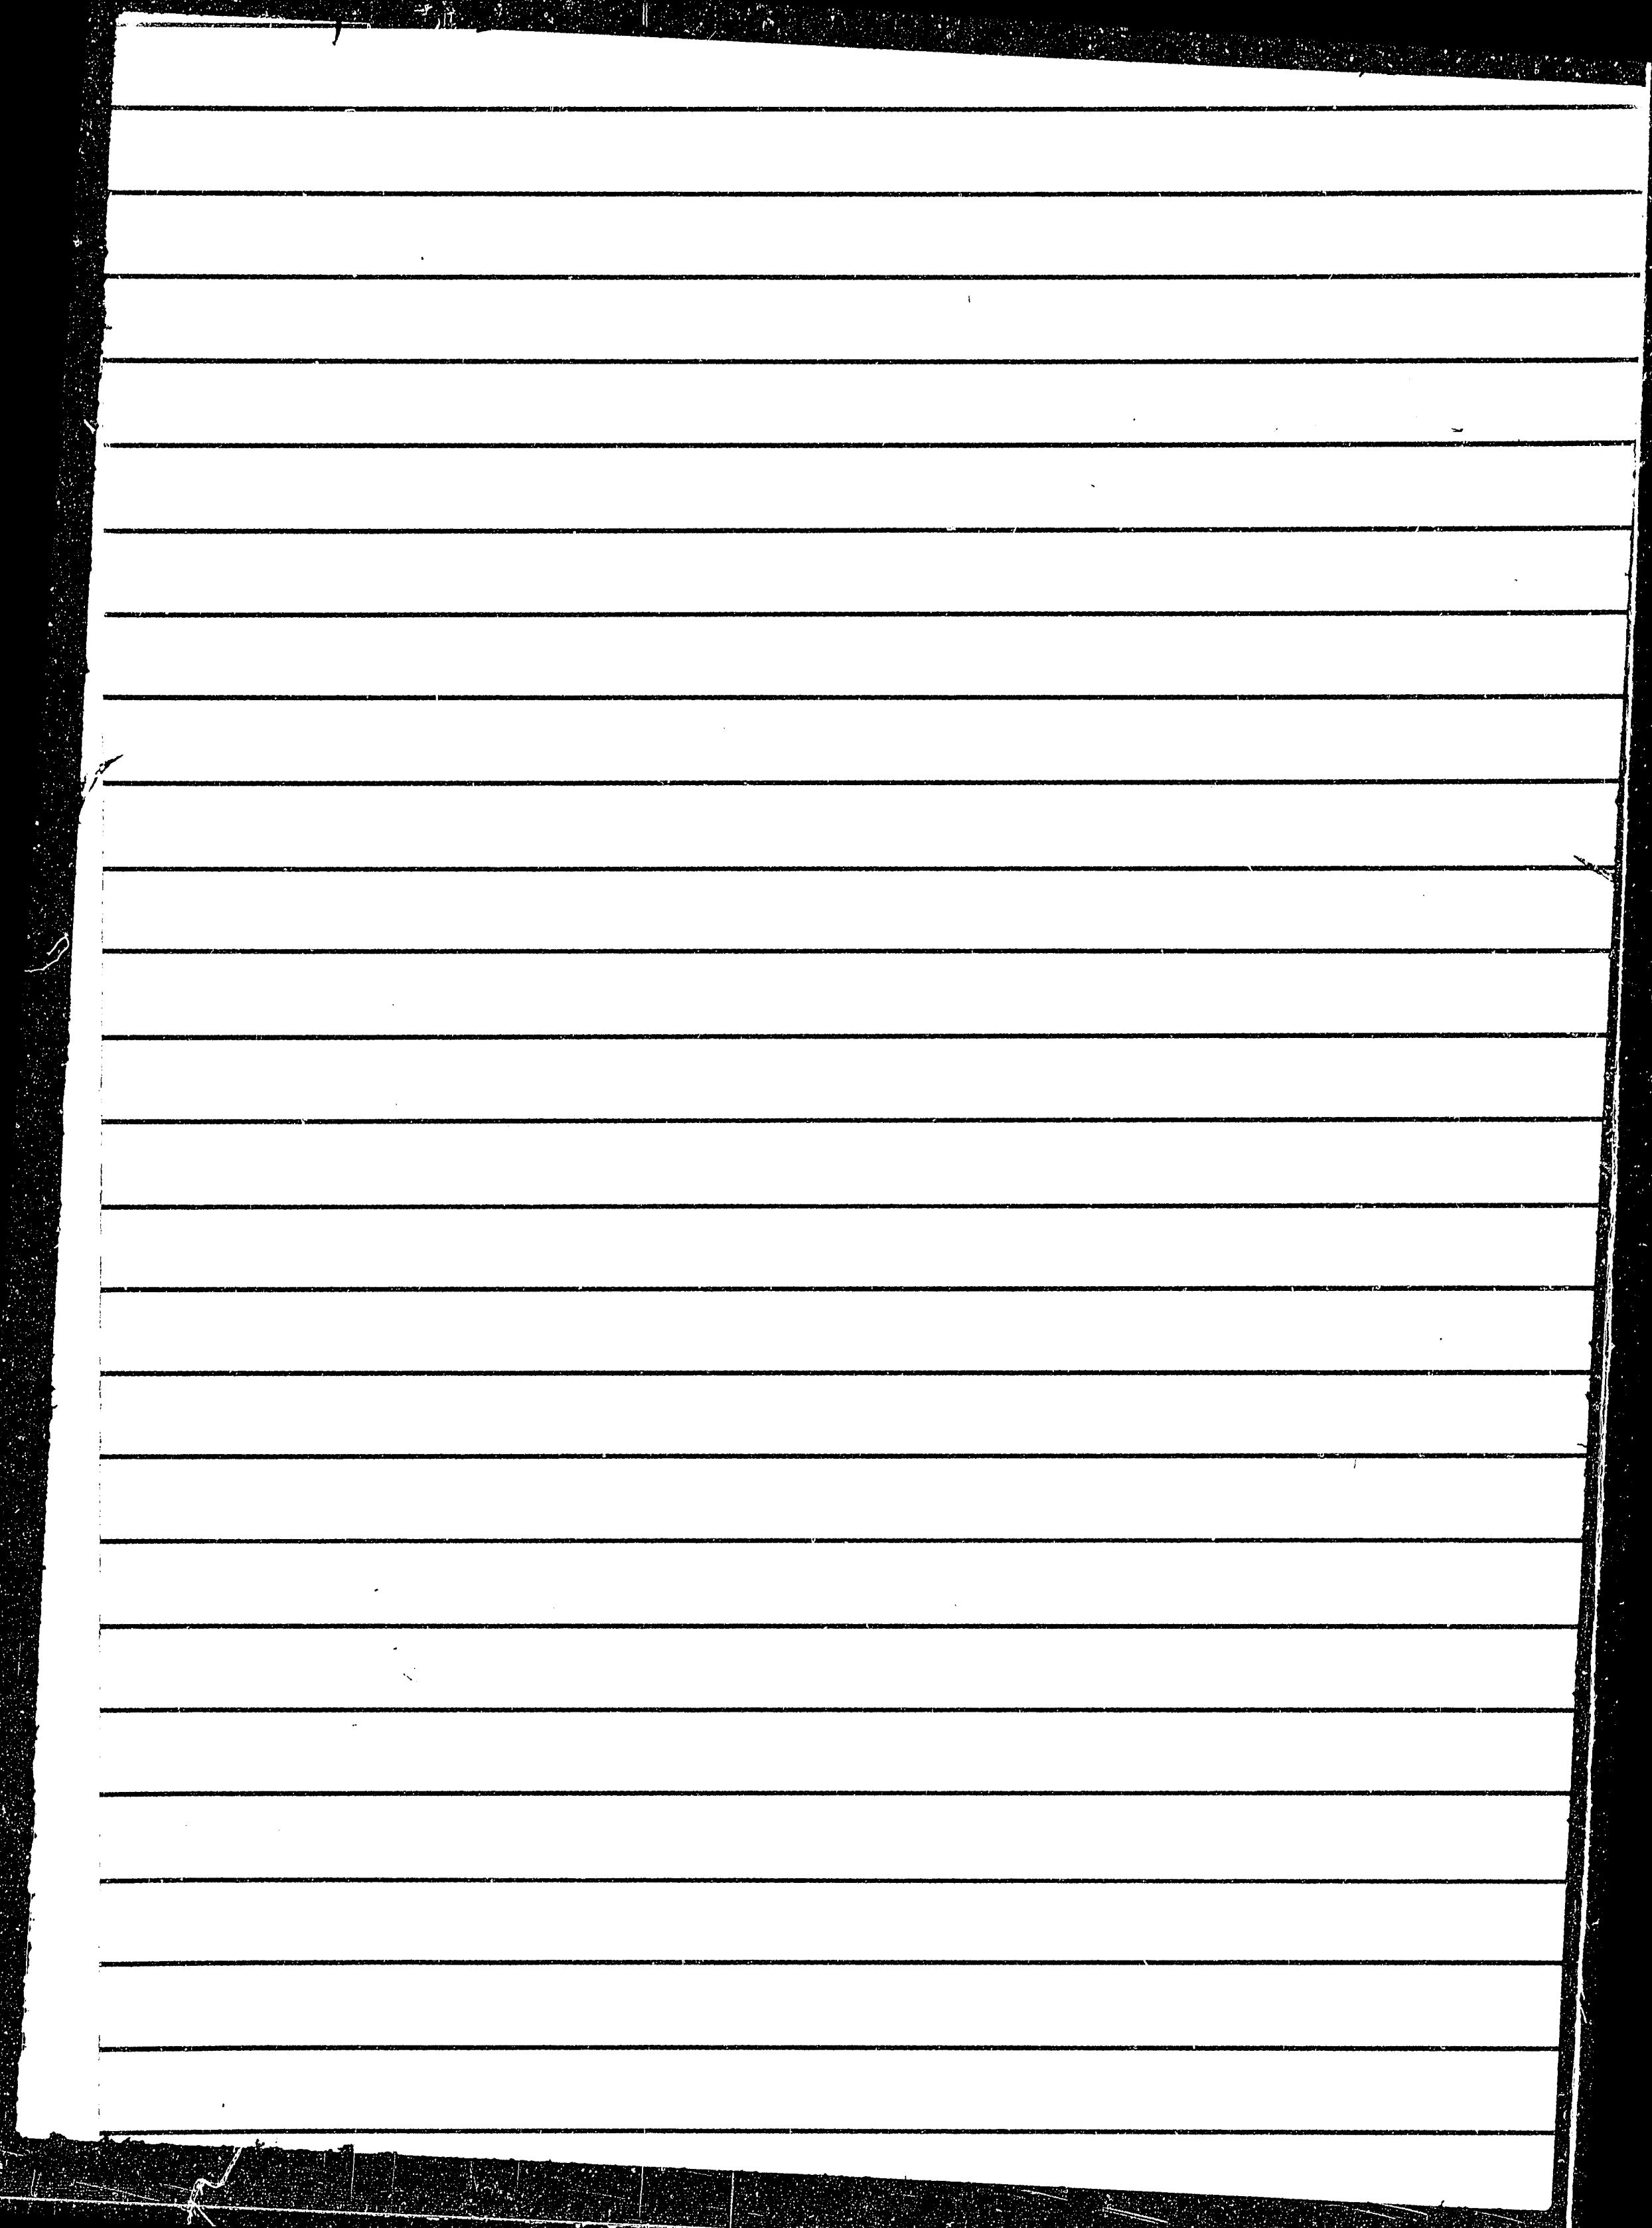

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Malad City, Idaho 83252

Dear Mr. Tovey:

One of the conditions of approval of your water Permit No. 15-7009 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before JUNE 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

Re: Permit No. 15-7009 Issued to Daniel L. Tovey

I am a son-in-law of Daniel L. Tovey, and his widow, Mrs. Eunice Tovey, has asked that I respond concerning the notice issued by your Department regarding a June 1, 1976 deadline for filing for an extension of time for completion of the well drilling.

We would like to have the extension mentioned in the correspondence. Unfortunately, I left the communication from your office in Idaho last week and do not have the specific forms at hand.

Mr. Tovey was killed in a tractor accident on May 11, 1976 only a few feet from the well mentioned in the above referenced permit. We observed that the drilling had not been completed as contemplated and we request additional time be granted to dispose of this matter.

In due course, as soon as I can have the correspondence sent to me I will prepare the appropriate forms and forward them to you if this is desired.

Thank you.

Sincerely,

Grant Bethers

Re: Permit No. 15-7009

Grant Bethers
304 Spagnoli Court
Los Altos, CA 94022

Dear Mr. Bethers:

We received your request for an extension of time on Permit No. 15-7009, presently in the name of Daniel L. Tovey.

In most instances, only one extension of time is allowed on each permit. However, on this permit it appears that the development of the project was delayed by a government agency in that a right of way across the interstate highway was not granted.

Please indicate this information on the enclosed extension of time request form and have Mrs. Tolbey sign the extension form as the administratrix of the estate.

We have also enclosed an assignment form if she wishes to change the permit into her own name or wishes to assign it to another party. Please complete the form as soon as possible and return it to us.

Sincerely,

BOBBY D. FLEENOR

Department of Water Resources

Gentlemen:

I received your letter that under
the provisions of Section 42-218a of
the Idaho Code, Permit No 15-7004
has lapsed.

I am very sorry. My husband
was killed May 11, 1976 when his
tractor tipped over on him. He
always took care of everything &
we miss him very much.

Is there anything that I can
do to save it? I don't have ^{the} notice.
There were so many here, I didn't
know it was due.

Thanks if you can help me.

Yours truly,

APPLICATION FOR EXTENSION OF TIME

Department of Water Resources

State of ~~Idaho~~ California)
County of ~~Idaho~~ Santa Clara)

Permit No. 15-7009

Eunice W. Tovey
(name)

of 271 West, 400 North, Malad City
(address)

State of Idaho, being first duly sworn, upon ~~his~~ oath deposes and says:

That she is the holder, or the duly authorized agent of the holder *, of Permit to Appropriate the Public Waters of the State of Idaho No. 15-7009.

That under the terms and conditions of said permit, work thereunder was required to be completed on or before June 1, 1976.

That she has heretofore performed the following work described under said permit:
Hired backhoe services \$336; Purchase of clay to seal reservoir, \$100; in-

stallation of six-inch pipe from earlier terminus to point nearer interstate;

Considerable unbilled labor by Mr. Tovey

Costing \$

That she is unable to complete the remainder of the work within the required time for the following reasons, to-wit: Delays and failure of State of Idaho Department of

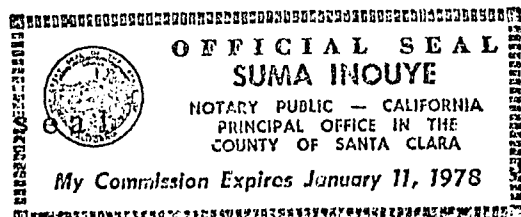

Highways to fulfill agreement to install pressurized pipe under Interstate

highway at Station 348+50, and death of permit holder on May 11, 1976

Wherefore, she asks that the Department of Water Resources extend the time for the completion of obligations under said permit to June 1, 1979.

Eunice W. Tovey

Mr. Bobby D. Fleenor
Chief, Water Rights
State of Idaho
Department of Water Resources
Statehouse
Boise, Idaho 83720

Dear Mr. Fleenor:

Re: Permit No. 157009

Enclosed is an application for an extension of time to complete the development for Mrs. Eunice W. Tovey, widow of the original applicant, Mr. Daniel L. Tovey.

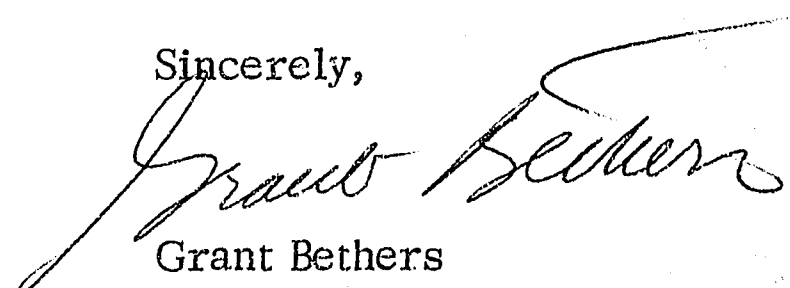

In accordance with the instructions of your letter to me dated June 7, 1976, an assignment form to transfer the permit from Mr. Tovey to Mrs. Tovey is also enclosed. I hope this has been drawn correctly.

Mrs. Tovey, my wife's Mother, will be staying with us for a period and has instructed the Malad Post Office to forward her mail to the above address. Accordingly, we will appreciate your further instructions and/or notification of action taken being sent here.

In the haste of leaving Malad earlier this week we did not measure the distance additional pipe has been installed. The Soil Conservation Service may place the project on a matching basis for its 1978 budget, and, if so, there might be tight timing for the work to be completed in 1978, hence the longer extension requested.

Thank you for your consideration in this matter.

Sincerely,

Grant Bethers

July 11, 1979

Department of Water Resources

State of Idaho
Department of Water Resources
State Office
373 W. Franklin Street
Boise, Idaho
Attn: Mrs. Rita Fleck

Dear Mrs. Fleck:

Pursuant to our conversation today, this letter represents a request for an extension of time for Water Permit No. 15-7009. Would you please remove the measuring device condition in lieu of the installation of an access port or other device to provide for the installation of measuring equipment by the Department.

The following work has been done to put the water to beneficial use:

A reservoir located approximately 1/4 mile from the stream has been dug again and clay has been laid on the surface to make it retain water. This has been done to collect the water from the stream to irrigate the 200 acres immediately below the stream.

In 1971 or thereabouts a backhoe was taken to the area of the stream and work was done to bring more water to the surface. At that time the sides of the embankment began crumbling and caving in and it was apparent that supporting structures needed to be created to secure the banks.

At the time the new interstate highway was being built, Dan Tovey was able to obtain permission from the State to install culverts which would handle the water from the spring which would be used in diverting the water to our lower ranch three to four miles away. Permission was also obtained from the County Commissioners to run pipe along the old highway to our ranch. This in turn would permit the water to be turned into existing channels and ponds to be used to irrigate the entire ranch.

It was anticipated that the stream would provide the water for a summer home to be built near the site of the stream. At the time of his death, Dan Tovey was clearing trees and brush and undergrowth.

Several hives of bees have been brought in and the bees use the water from the stream.

A subterranean pipe has been laid along the fence line near the road leading to the grove of trees where the spring is located. This pipe has been used to bring the waters of the Cherry Creek stream to sprinkle the land below the spring. If an extension of time were permitted and financing could be secured, a pipe connecting either the spring directly or from the reservoir could bring the water from the spring to sprinkle this area.

Because of the wide-spread area of the ranch, completing the project to obtain maximum use of the stream has been costly, time consuming and a lot of work. It has not been a simple matter of digging a well. Several factors have brought about unavoidable delays and curtailment: the death of Dan Tovey; the subsequent theft of \$7,000 worth of pipe from the ranch; leasing the ranch and consequently having less working capital, the difficulty of trying to operate the farm from long distance (Eunice W. Tovey, for health reasons is residing with a daughter in Los Altos, California---your letter notifying her of the time limitation was not received until the very end of May then was mislaid until July; the drought has made it impossible for any expenditure of money on the project. Application for a disaster loan has been made; the lessor was involved in an accident was not able to water at crucial times last summer and there was little yield last year and no money for the project.

If it is not possible to grant an extension of time, please accept the inclosed Proof of Application of Water to Beneficial Use and this letter to establish the fact that the stream has been put to beneficial use to the best of our ability considering the problems we have faced. It will continue to be improved upon until the entire plan as originally conceived has been effected.

Very truly yours,

Eunice W. Tovey

Re: Permit No. 15-7009

Eugice W. Tovey
304 Spagnoli Court
Los Altos, CA 94022

Dear Mrs. Tovey:

We have received your request for an extension of time for the above referenced permit.

However, we cannot grant this extension in accordance with Section 42-204, Idaho Code, which states that only one extension of time can be granted unless you are prevented from proceeding by litigation or a governmental agency. You have had one extension plus an additional one due to delay by the Department of Highways.

We can still accept proof on that portion of the permit you have completed. However, on your proof affidavit you state the source as being a natural spring. This permit is for use of water from a well. We are enclosing a copy of this permit for your records. If water is being used for any of the uses as listed in the permit, please submit the enclosed postcard stating such uses. This postcard should be submitted within 15 days from the date of this letter.

If, however, the water is not being used for the purposes outlined in the permit, then a new application for permit must be filed at the time you plan to use the water.

If you have any questions, please contact us.

Sincerely,

JAN GROVER
Water Rights Supervisor

WATER RIGHT LICENSE

WATER RIGHT NO. 15-07009

Priority: June 7, 1972

Maximum Diversion Rate:
Maximum Diversion Volume:¹

0.06 CFS
2.7 AF

This is to certify, that EUNICE W. TOVEY
271 W. 400 N.
MALAD, ID 83252

has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated March 8, 1972; and
has submitted Proof of Beneficial Use on July 18, 1979. An examination indicates
that the works have a diversion capacity of .090 cfs of water from:

SPRING

tributary to SINKS

source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
STOCKWATER	01/01 to 12/31	0.06 CFS	2.7 AF

LOCATION OF POINT(S) OF DIVERSION: SWSWNE, Sec. 25, Township 15S, Range 36E
ONEIDA County

PLACE OF USE: STOCKWATER

TWN RGE SEC

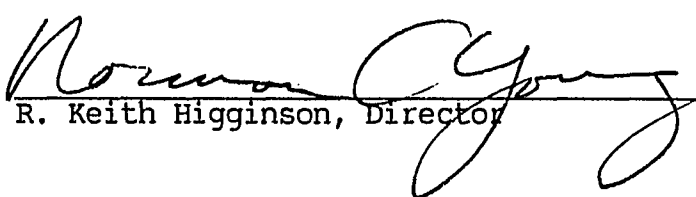

15S 36E 25	SWNE	SWNW	SENE
------------	------	------	------

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The right to use water confirmed by this license is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to reflect cropping patterns or acceptable standards of water delivery efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code.
Witness the seal and signature of the Director, affixed at Boise, this 8TH
day of AUGUST, 1989.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the Department, but you must within sixty (60) days of the date of this letter return to the Department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the Department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the Department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing of certified water right examiners will be available from this Department when examiners have been certified.

If your permitted use, in fact, has already been examined by the Department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the Department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

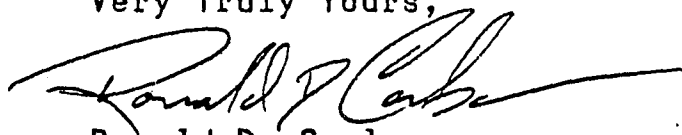

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following Department office:

Eastern Region
Idaho Dept. of Water Resources
150 Shoup Ave., Suite 15
Idaho Falls, Idaho 83401
Phone: 525-7161

 Meter Input HP: (6) x 1.34 = _____ (7)
 Panel Input KW: _____ Ave PF x _____ Ave Volts x _____ Ave Amps x .001732 = _____ (6)
 Panel Input HP: (6) x 1.34 = _____ (7) Efficiency: (5)/(7) x 100 = _____ %

G. VOLUME CALCULATIONS

~~1.~~ Volume Calculations for Irrigation:

$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) =$ _____
 $V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 =$ _____
 $V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} =$ _____

2. Volume Calculations for Other Uses:

$$V = \left(103 \text{ cws} \right) \left(\frac{12 \text{ gal}}{\text{day}} \right) \left(\frac{365 \text{ day}}{\text{year}} \right) \left(\frac{\text{Ac. Ft}}{325,950 \text{ gal}} \right) = 1.38 \text{ A.F.A.}$$

Allow 200 cws Permitted = 2.7afa

H. REMARKS AND OVERLAP REVIEW ANALYSIS

Water is being used for stock water only, no irrigation or home.

I counted 45 cows, but Lois said there is more.

There are usually 103 cows, (Lois called this information in by phone).

Allow 200 head as permitted

I. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use		Rate of Diversion Q (cfs)	Annual Volume V (afa)
	From	To		
Stockwater (200 range catt(=)	Jan. 1	Dec 31	0.06	~~1.38~~ 2.7
Totals:			0.06	~~1.38~~ 2.7

2. Recommended Amendments

☐ Change P.D. as reflected above

☐ Add P.D. as reflected above

☒ None

☐ Change P.U. as reflected above

☐ Add P.U. as reflected above

MEMORANDUM

TO: FILE #15-7009

FROM: ROXANNE MCCARTHY

RE: POINT OF DIVERSION/CHANGE OF SOURCE

DATE: 5-DEC-1988

=====

THIS APPLICATION WAS FILED FOR GROUNDWATER IN 1972.

PROOF OF BENEFICIAL USE WAS ACCEPTED IN 1979. THE LETTER
ACCEPTED AS PROOF LISTED THE SOURCE AS "CHERRY CREEK STREAM".

THE FIELD EXAMINATION WAS CONDUCTED IN 1987 AND FOUND THE
SOURCE TO BE A SPRING.

THE DEPARTMENT DID AT ONE TIME ALLOW CHANGES IN THE SOURCE TO
BE MADE DURING THE REVIEW PROCESS. WE DID ACCEPT PROOF OF
BENEFICIAL USE NINE YEARS AGO THAT CLEARLY INDICATED THE USE
OF SURFACE WATER, NOT GROUNDWATER. IN LIGHT OF THESE
CONSIDERATIONS, I RECOMMEND THAT "SPRING" BE LISTED AS THE
SOURCE FOR THIS PERMIT AND SUBSEQUENT LICENSE.

Re: Permit No. 15-7009

Dear Mr. Josephson,

We are trying to clear up a problem concerning the above referenced permit and have been given your name as leasing the property from Eunice Tovey of Los Altos, CA.

This permit was originally for water from a well to irrigate 480 acres of land. A copy is enclosed for your review. Mrs. Tovey filed for an extension of time for her proof of beneficial use due date, however, two extensions had already been granted. Therefore, she was to submit proof of beneficial use on that portion of the project completed.

We need to know if this water is from a well or a surface water source, how many acres are being irrigated and what other uses the water is being put to. If we can get this information then we can have Mrs. Tovey amend the permit to correspond with these uses, her proof can be accepted and the permit remain in good standing.

Any information you might have on this would be greatly appreciated as soon as possible. If you have any questions, please contact us.

Sincerely,

JAN GROVER
Water Rights Supervisor

Dan Tovey
304 Spagnoli Court
Los Altos, CA 94022

Dear Mr. Tovey:

Enclosed is a copy of the order reinstating your permit and advancing the priority date to June 7, 1972. We acknowledge receipt of the proof of beneficial use card submitted for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our eastern regional office.

Very truly yours,

JACKIE S. DENNING
Senior Clerk
