Dear Mr. Macfarlane:

Enclosed you will find your application for permit and check #1600 for \$45. Also enclosed is a new application I prepared based on your original. The maximum amount allowed for two homes is 0.06 cfs and for 5 acres irrigation we allow 0.02 cfs/acre for a total of 0.10 cfs. This total amount of 0.16 cfs only requires a \$30 fee.

Please note on the attached map that Deep Creek doesn't appear in the proximity of the SE1/4SE1/4, Sec. 3. Do you think the legal description may be wrong, or is your source tributary to sinks or Devil Creek? You will need to change this on the application if there is an error. Also, you need to indicate where in the SE1/4SE1/4 you will be located by marking the map.

If you find everything on the application is correct, sign and send it to this office with a \$30 fee. If you have any questions, please call me.

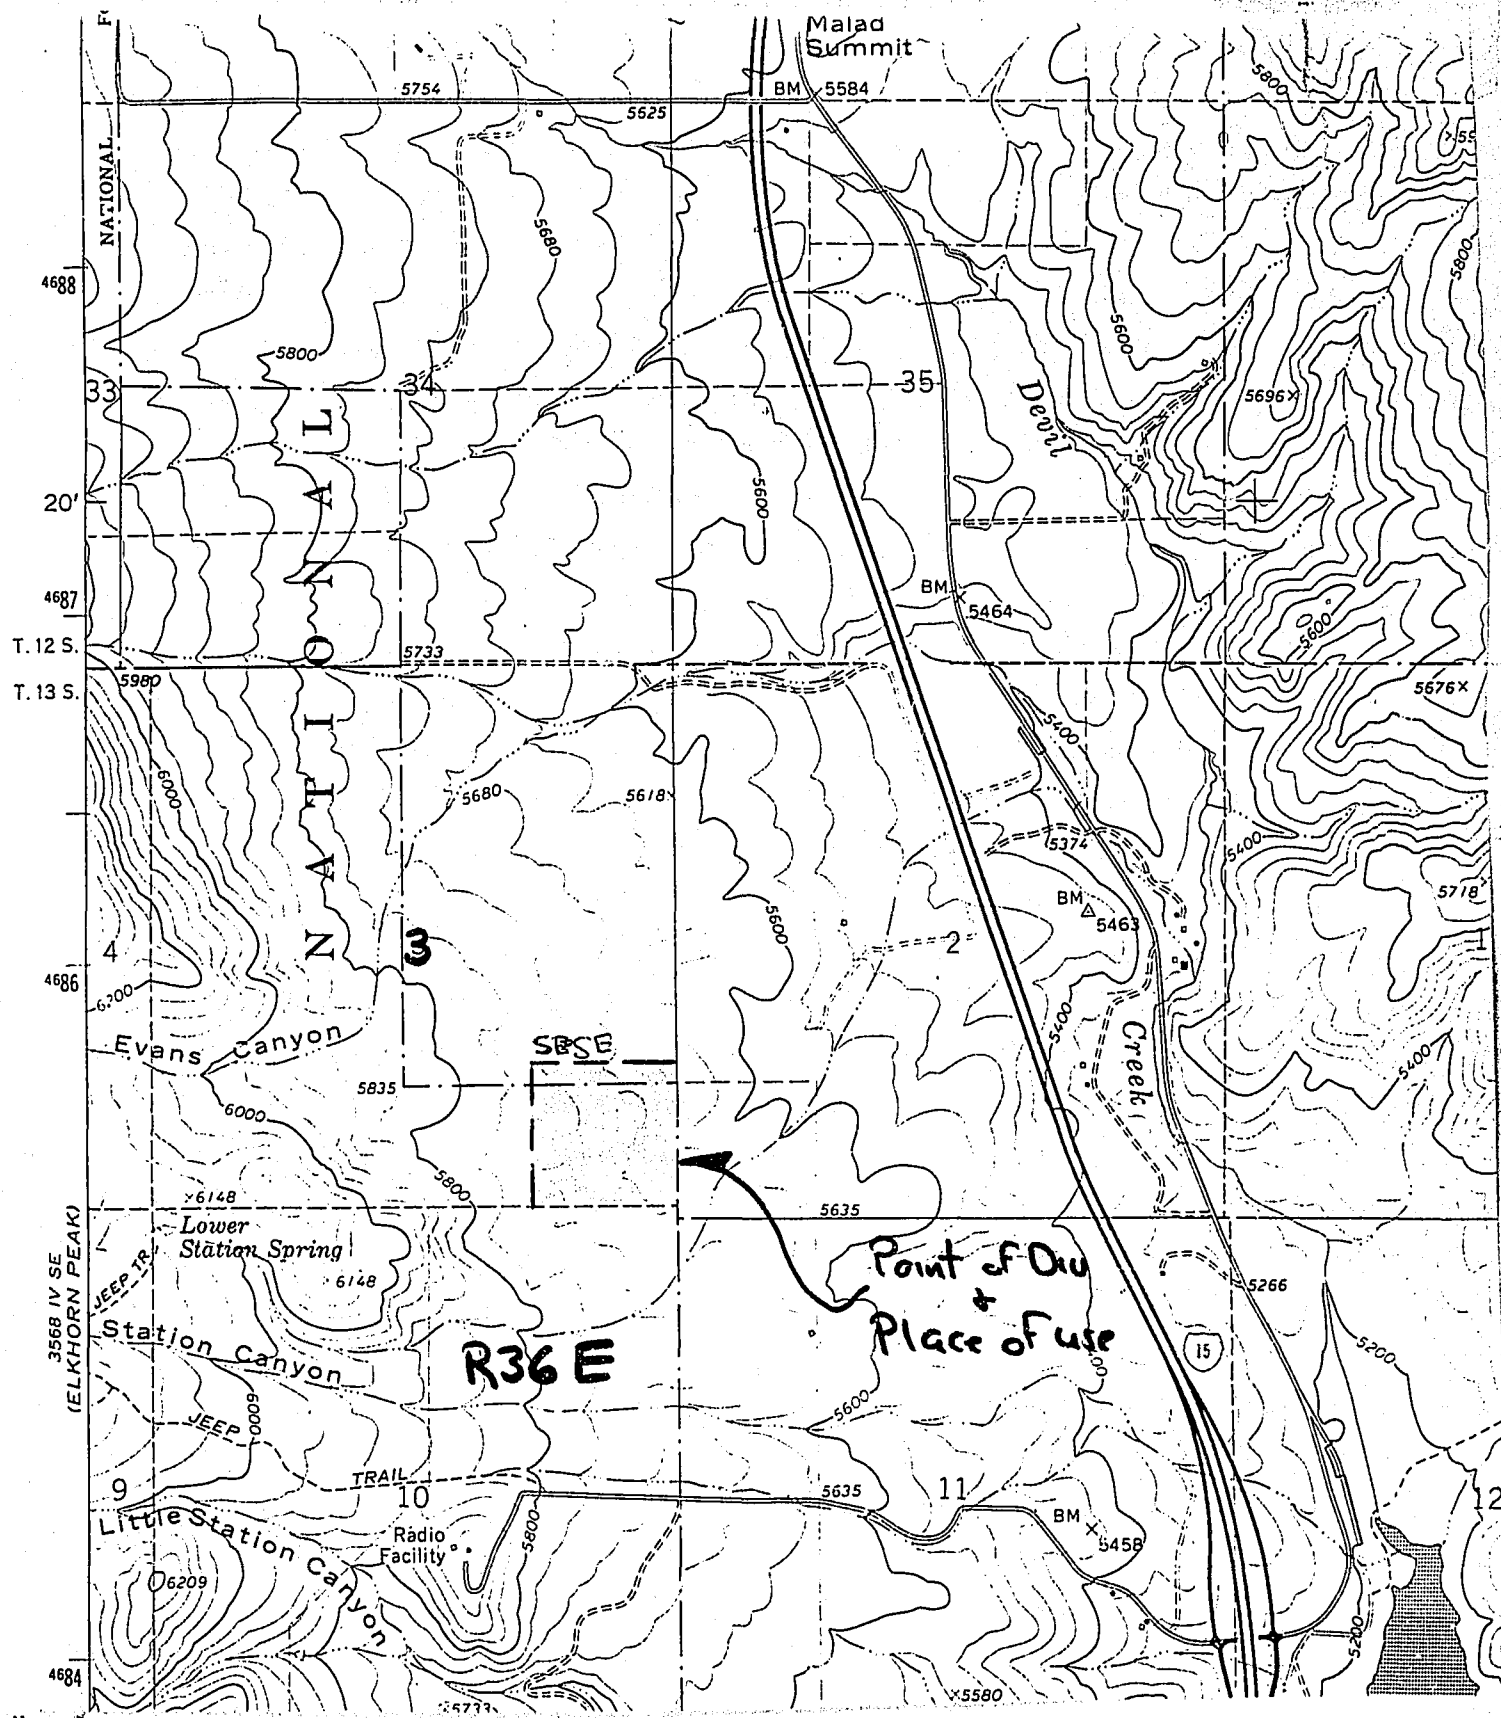

Sincerely,

PROOF DUE NOTICE

RE: PERMIT NO. 15-07106

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before July 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
