RE: Notice of Application for Permit No. 15-07157

Dear Applicant:

The Department of Water Resources acknowledges receipt of your application for permit of water right. This office is currently in the process of advertising the application in the Idaho Enterprise on January 16 & 23, 1997. The advertisement will be published once a week for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State Office Personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a transfer is issued, you will be sent a copy. A typical processing time for an unprotested application is about twelve weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Harold W. Jones rb

PERMIT APPROVAL NOTICE

Dear Permit Holder:

The Department of Water Resources (IDWR) has issued the enclosed permits authorizing you to establish new water rights. Please be sure to thoroughly review the conditions of approval and remarks listed on your permits.

A permit is a preliminary order issued by IDWR pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by IDWR unless a party petitions for reconsideration within fourteen (14) days after issuance. To learn more about preliminary orders, please refer to the enclosed information sheet.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop these permits. Also enclosed is a form entitled "Proof of Beneficial Use". If either of your projects is already completed you should complete and submit this form immediately.

Also, please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address to IDWR. If you acquired a water right or changed your mailing address prior to July 1, 1996, you have until July 30, 1998, to notify IDWR. If you acquire a water right or change your mailing address after July 1, 1996, you must notify IDWR within 120 days of the change. Failure to comply with these requirements could result in a \$100 late filing fee. Contact any IDWR office to obtain the proper reporting form.

If you have any questions, please contact me at 208-327-7946.

Respectfully,

Shelley Walter Keen
Water Rights Supervisor

PROOF DUE NOTICE

RE: PERMIT NO. 15-07157

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1998. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

RE: Water Right No. 15-07157
Drilling Permit No. 15-94-E-0014-000

Dear Permit Holder:

I have enclosed a copy of the above referenced drilling permit and a copy of the Proof of Beneficial Use statement you submitted in connection with the above referenced water right. The proof statement and your permit to appropriate water indicate that water is being diverted for irrigation use, with a total rate of diversion of 0.15 cfs. However, the drilling permit issued for this water right only authorizes a single family domestic use. Single family domestic use constitutes the diversion of 0.04 cfs or less and/or the use for one home and irrigation of up to 1/2 acre of land.

The fee for a domestic well drilling permit is \$35.00. However, because of the use and amount you have indicated, the drilling permit is no longer considered domestic and must be upgraded to non-domestic status. The fee for a non-domestic (above 0.04 cfs) drilling permit is \$200.00.

Before the department can accept the proof of beneficial use as filed, you will need to submit the additional \$165.00 fee to upgrade the drilling permit. Please submit the fee within **60 days** of receipt of this letter and address your correspondence to my attention.

Please contact me at (208)327-7953, if you have any questions regarding this matter. If you need any information regarding the drilling permit, you should contact the department's Eastern Regional Office in Idaho Falls at (208)525-7161.

Sincerely,

JULIE L. YARBROUGH

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 15-07157

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the department's EASTERN Regional Office in Idaho Falls at (208)525-7161.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary, Water Allocation Bureau
