PROOF OF COMPLETION OF WORKS

Pratt Irrigation Company, Ltd.,
Stone, Idaho.

Boise, Idaho, May 1st, 1912.

Dear Sir:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 2945

This form should be filled out and mailed to the State Engineer at least 60 days before the date upon which it is to be submitted, which proof MUST be on or before August 3rd, 1912.

Upon receipt of this blank properly filled out, notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a Notary Public or other officer authorized to administer oaths.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,
A. E. ROBINSON,

Dear Sir;

I am in receipt of a communication from Sate Engineer of Idaho, a copy of which I inclose. It seems when you mailed deposition papers for completion of works of the Pratt Errigation Company that you over looked the description of lands as it was understood that you would get the notice of publication from the Malad enterprise which would give the description of these lands to be errigated.

As these lands were listed in that notice you would also get and affadovit of publication from the publisher of the Malad enterprise, these items you were to see to and mail with the other papers. Will you kindly see to this at once.

Dear Sir:

Complying with your request of May 10th.1916, we are sending herewith the notice of proof of applicatiom of water to beneficial use for the Pratt Irrication Co.,Ltd. It was necessary for this to be sent to Stone, Idaho, to our resident director Mr.Thomas W. Roe to be filed in by him and has just been returned to us. Mr.Roe informs us that he has no idea as to the day on which this proof shall be made, but his memory was about Nov.21st.

Are we asking too great a favor to suggest that if this is not the proper day, you make the correction and notify us accordingly. Mr.Roe has advised us that the exact date could be found from a contract held by us with your state land board, but we have as yet failed to get the matter straight.

Re Permit 2945, Pratt Irr.Co.

Mr. Thomas W. Roe,
U. S. Commissioner,
Stone, Idaho.

Dear Sir:--

Am just in receipt of your letter enclosing affidavit of publication, depositions of holder and witnesses and check for fees for proof of use of water under above permit. In reply would say that the fees will be $1.00 for each forty, or fraction, under cultivation. The amount cannot be determined until the report of our engineer has been made, at which time the holder will be further advised. The check for $176 is, therefore, returned to you.

I note on the back of the check that is states "For the State Land Board fee". This should not be upon the check for this proof as the same has nothing whatever to do with any fee due the State Land Board.

It will probablu be a matter of six weeks or two months before the examination can be made by our engineer.

Very truly yours,

J. H. SMITH,

RE: Delmore Canal Co., Ltd.

Dear Sir:

In reply to your letter of June 6, 1963, the above named company was formerly named the Pratt Irrigation Co., Ltd. The lands served by this company are in the vicinity of Stone, Oneida County, Idaho. A reservoir was constructed in connection with funds made available by the "Carey Act". As near as we can determine the source of the water is from a stream called Deep Creek.

We hope with this additional information you may be able to locate a record.

We are returning our letter to you dated June 3, 1963.

Dear Mr. Robins:

Thank you for your information in letter dated June 10, 1963.

Pratt Irrigation Co., Ltd was notified by letter dated December 21, 1920, that License and Certificate of Water Right would be issued upon payment of the fees for diversion of 34.4 cubic feet per second of water from Deep Creek at Deep Creek Springs, also called Giant Springs, with priority of October 13, 1907, for irrigation of about 3700 acres in Sections 34, T. 15 S., R. 32 E.; Sections 3, 4, 5, 8, 9, 10, 15, 16, 17, 20, 21, 22, 28 and 29, all in T. 16 S., R. 32 E. There was also a reservoir to hold about 6600 acre feet of water which is mentioned in the permit and inspection report.

I find no evidence of any protest filed in regard to the use of the water.

The License can still be issued upon payment of the fees.

Re: Permit No. 2945
Pratt Irrigation Co.

Walter A. Scott, Sec.
Delmore Canal Co., Ltd.
Stone, Idaho

Dear Mr. Scott:

The report of the field examiner dated October 5, 1920, shows that the following lands were being irrigated:

SW¼NE¼, S½NW¼, S½, Sec. 34, T. 15 S., R. 32 E.; Lots 1, 2, 3, 4, SW¼, W½SE¼, Sec. 3; Lots 1, 2, 3, 4, NE¼SE¼, S½SE¼, Sec. 4; Lot 1, Sec. 5; SE¼SE¼, Sec. 8, S½SW¼, E½, Sec. 9; W½NW¼, Sec. 10; SW¼SW¼, Sec. 15; NE¼NE¼, SE¼, Sec. 16; E½, Sec. 17; E½, Sec. 20; N½, SW¼, N½SE¼, SW¼SE¼, Sec. 21; W½NW¼, NW¼SW¼, Sec. 22; NW¼NE¼, N½NW¼, SE¼NW¼, Sec. 28; and NE¼NE¼, Sec. 29, T. 16 S., R. 32 E.

The last amendment to the land list does not include the land in Section 16; an amendment is necessary to include that land.

Upon receipt of total fees of $88.00, being $87.00 for the license and Certificate of Water Right for 34.4 cubic feet per second of water from Deep Creek, with priority of October 13, 1907, and $1.00 fee for recording the amendment to the land list, the certificate could be issued. The Certificate would be in the name of Pratt Irrigation Co.

We could probably accept a certified copy of the Articles of Incorporation, provided it showed the change in name from Pratt Irrigation Co. to Delmore Canal Co., Ltd, as assignment of permit and issue the certificate in that name.

There is a fee of $0.50 for recording an assignment which should be added to the above fees.
