

No. 15627

APPLICATION FOR PERMIT

To appropriate the Public Waters of the State of Idaho

1. Name of applicant: Walter Fredrich

Postoffice address: Malad City

County: Oneida

State: Idaho

I. If applicant is a corporation, give

(a) Date and place of incorporation:

(b) The amount of capital stock:

(c) The amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is six-fiftioths cubic feet per second.

3. Source of water supply: Spring No. 1 in SW corner NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 22, Tp. 12 Sth. Range 32 East Boise Meridian.

4. Location of point of diversion:

County of Oneida

5. To be used for: domestic, watering stock (see remarks.)

I. Irrigation and domestic use: (a) Amount of land to be irrigated:

acres.

(b) In the following legal subdivisions:

II. Mining, milling, power, manufacturing, transportation or other purposes:

[a] At what point:

[b] Amount of power to be generated:

H. P. under

ft. head

[c] Is water to be returned to any stream?
return:

[d] If so, name stream and locate point of

6. Estimated cost of works: \$50.00

7. Description of works for diversion:

I. Kind of works: digging out springs and building troughs at springs with short pipe to conduct water from springs to said troughs.

II. Dimensions of works:

[a] Height of dam

feet, length of dam at top

feet,

length of dam at bottom

feet. Material used in construction:

wood

[b] Capacity of reservoir

acre feet. (c) Size of headgate, width

feet,

Height

feet. (d) Conduit right of way

width at bottom 16

feet,

width at water line

feet, depth of water

feet; diameter of pipe

inches; average grade per mile is

feet. Length of conduit is $\frac{3}{4}$

miles,

and it crosses the following quarter sections: NW $\frac{1}{4}$ and NE $\frac{1}{4}$ Sec. 22 Tp. 12 Sth. Range 32 East B. II.

8. The time required for the completion of the construction of such work is one years.

9. Time required for the complete application of the water to the proposed use is one additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Walter Fredrich

Applicant.

By Reinhold Fredrich

Agent.

Date of first receipt at office of State Engineer 9.00 A. M. August 31, 1914.

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 10603

Recorded in Book 35 Page 10603 Approved September 30, 1914.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of to be filed on or before

Work to begin on or before November 29, 1914 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before March 30, 1915

The whole of said work to be completed on or before September 30, 1915.

Beneficial use of water appropriated in accordance herewith, to be made on or before September 30, 1916.

Witness my hand this 30th day of September, 1914.

F. P. King,

State Engineer.

Remarks. This spring is on government land and applicant owns the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 22, Tp. 12 Sth. Range 32 East Boise Meridian. A canyon runs from this spring to said land as shown by the map hereto attached and the applicant wishes a right of way of 16 feet wide from said land through this canyon to said springs for the purpose of driving his stock to and from water and wishes to appropriate all the waters of this spring, to-wit: 6/50ths cubic feet for stock use.

Proof of Completion of Works made August 16th, 1915.

Certificate of completion of Works issued September 10th, 1915.

Permit No. 10603.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:

This is to certify that Walter Fredrich of Malad, County of Oneida, and State of Idaho, the holder of Permit No. 10603, issued upon Application No. 15627, bearing date of priority of August 31, 1914, authorizing the diversion of 6/50 of 1 second feet of the waters of Spring No. 1 in the Southwest corner of the NW $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 22, T. 12 S., R. 32 E.B.M., county of Oneida, State of Idaho, for domestic purposes, has fully complied with the provisions of the Laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 6/50 of 1 second-feet of the waters of Spring No. 1 in the Southwest corner of the NW $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 22, T. 12 S., R. 32 E.B.M.: that the point of diversion of said waters is at the spring; that the place of use of said water is at the springs for the purpose of watering stock.

Witness my hand this 10th day of September, A.D. 1915.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Walter Fredrich,
Malad City, Idaho.

Boise, Idaho,

June 14, 1915.

Dear Sir:

Under the terms of your permit No. ~~10603~~, you are required to complete your diversion works on or before ~~Sept. 30, 1915~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith

State Engineer.

10603

Permit No. 10603

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Oneida

} ss.

Walter Fredrich

, being first duly sworn upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 10603 and that his postoffice address is Malad City, Oneida County.

State of Idaho

Second: That under the terms and conditions of said permit, construction thereunder was required to be completed by September 30th, 1915.

Third: That the use for which said water is intended is domestic, watering stock.

Fourth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Cleaning our springs, constructing one ditch, building
(Reservoir, dam, ditch, flume, pipe or otherwise.)

one trough of pine boards, 15ft long; 2 feet wide and 18 inches deep

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit ditch and pipe width at bottom ditch, 6 inches width at water
(State whether ditch, flume or pipe)

line 6 inches, depth of water 2 inches; diameter of pipe 1-1/4 inches;

average grade per mile is feet. Length of conduit is ditch; miles 150 feet, pipe 16 feet; See also remarks

Fifth: That said works are capable of conducting to the place of intended use

six-fiftieth second feet of water.

Sixth: That water appropriated under said permit is available for acres of land described as follows:

Seventh. Remarks: That also right of way 3/4 miles long, 16 feet wide land of affiant townit: Sec 22, Tp 12 South, Range 32 East, Boise Meridian, through canyon as shown on map filed in State Engineers office, brush cleaned off this right of way for purpose of driving stock to and from water

Dear Sir:

I would like to get your
ans. on what I can do with this
Spring? Permit me. 10603. Application
me. 15627.

This Spring was on Government
Land, when I filed on it.

Since the Land where the Spring
is on has been homesteaded, &
the owner thereof does not want
to let me use the water.

I have used the water of said
Spring, for more than a year, for
domestic use.

I have a road right-a-way
filed from my ranch, to the Spring,
can I fence the right-a-way? in
order to let my stock go to water.

Can I pipe the water from Spring
to my place, laying the pipe in the
right-a-way?

"Over"

10603

Can a person home-stead, 320 ac-
res of land, & ~~have~~ any timber on it,
& how much timber is he allowed,
if any?

Please ask the questions for me

Very truly yours,

W. S. Friedrich

OFFICE OF STATE ARCHIVES

1915

RECEIVED

RE: Permit #10603.

Boise, Idaho,
January 10, 1916.

Mr. W.S. Fredrich,
Malden City, Idaho.

Dear Sir:

All the questions raised by your letter of the 6th inst, in regard to your permit of above number are matters over which this department has no jurisdiction, so that we could only state a personal opinion.

If you have a right-of-way secured in the regular manner, so that you have clear title to same, it is my opinion that you could certainly have the right to fence the right-of-way unless the deed or other instrument conveying the title to you, provided that it should not be fenced. In this connection, I note that in your permit under the head of remarks the statement is made by you, to the effect that you desire certain land for right-of-way. I would remind you that that is not sufficient to secure the right-of-way as this department has absolutely nothing to do with matters of that kind. However, I presume you took the necessary steps to secure the right-of-way from the U.S. Government or from who ever owned the land. I can see no reason why you should not be permitted to pipe the water from the spring to your place, not exceeding the amount appropriated under your permit, assuming again that you had secured the necessary right-of-way on which to lay the pipe line. The third question relates entirely to U.S. land laws and regulations and information on that point should be sought from the local U.S. Land Office.

Very truly yours,

J.H. Smith,
State Engineer,

H-RB.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 10 a. m. on the 22 day of November, 1916,
 at Malad, County of Oneida, State of Idaho,
 before S. D. Davis, Notary Public, in the Stuart Block, proof will be submitted
 of the application to beneficial use of six-fiftieths cubic feet per second of the waters of
Spring No. 1, in SW corner NW 1/4 in accordance with the terms and conditions of Permit No. NW 1/4 Sec. 22 Tp. 12 S. R. 32 E. B. M. Idaho
 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are
Walter Fredrich, Arbon, Power County, Idaho
2. The use to which said water has been applied is for domestic purposes and watering stock
3. The amount applied to beneficial use is six-fiftieths of a cubic foot
4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated)
at the said spring
5. The name of the canal or ditch or other works by which said water is conducted to such place of use is
6. The right to take the water from such works is based upon Permit No. 10603
7. The source of supply from which such water is diverted is a spring on the SW corner of the NW 1/4 of the NE 1/4 of Sec. 22, Tp. 12 S., R. 32, E. B. M., Idaho
8. The date of the priority which said user is prepared to establish is September 30, 1914.

J. H. Smith,

State Engineer.

PROOF OF BENEFICIAL USE

Walter Fredrich,
c/o S. D. Davis,
Malad, Idaho.

BOISE, IDAHO, November 1, 1916.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. 10603.

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On.....November 22nd....., the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Malad, before S.D. Davis, H.P.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

J.H. Smith,

State Engineer.

PERMIT No. 10603.

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Walter Fredrich, age 24 years, farmer, Arbon, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting in my own behalf.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Number 10603, date September 30th, 1914, Priority October 22nd, 1914.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Spring on NW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 22 Tp. 12 S. R. 32 E. B. M., I divert some water at spring, and some at water trough 100 yards east of spring.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Works consist of a short pipe conveying water from spring to trough at spring and another ~~pipe~~ pipe conveying water from spring to trough located about 100 yards east of spring, and is called Fredrich pipe line and troughs. System will convey about Six-fiftieths of a cubic foot of water to point of use.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used solely for domestic, stock and culinary purposes.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. Water is gathered in the troughs and is used directly there for domestic and stock and culinary purposes.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. Six-fiftieths of a cubic foot.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am holder of original permit.

10603

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Was was diverted and used in the whole amount claimed on the 22nd day of October, 1916

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other waters used than the water mentioned in permit.

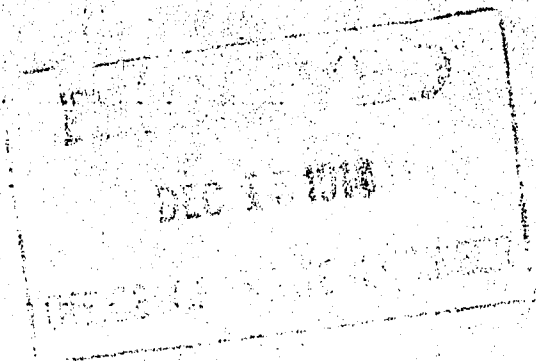

(Sign) *Walter Frederick*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Malad, County of

Oneida, State of Idaho, on this 22nd day of November, A. D. 1916.

S. S. Davis
Notary Public, Malad, Idaho.

10503

Permit No. 10603.

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Reinhold Fredrich, age 28 years, farmer, Arbon, Idaho.

Ques. 2. Are you acquainted with Walter Fredrich, the holder of Permit No. 10603? How long have you known him and where does he reside?

Ans. I am acquainted with him, have known him 24 years, and he lives at Arbon, Idaho.

Ques. 3. Have you read or heard read said Permit No. 10603, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. a spring on NW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 22, Tp. 12 S. R. 32 E. B. M. water is diverted into trough at spring, and by a pipe 2 inches in diameter to trough about 100 yards east. Two inch pipes convey water to trough at spring.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About six-fiftieths of a cubic foot.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for domestic, stock watering, and culinary purposes.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water has been fully used for domestic, stock and culinary purposes to extent of six-fiftieths of a cubic foot.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation.

10603

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the water used for domestic, stock and culinary purposes by holder of permit, on an average about once a week since the 22nd day of October, 1914.

(Sign)

Reinhold Friedrich

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Malad, County of Oneida State of Idaho, on this 22nd day of November, A. D. 1916.

10603

Permit No. 10603.

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Paul C. Donley, age 27 years, farmer, Arbon, Idaho.

Ques. 2. Are you acquainted with Walter Fredrich, the holder of Permit No. 10603? How long have you known him and where does he reside?

Ans. I am acquainted with him, have known him 2 & $\frac{1}{2}$ years, and he resides at Arbon, Idaho.

Ques. 3. Have you read or heard read said Permit No. 10603, and are you familiar with its provisions and conditions?

Ans. I have read it and am familiar with its contents.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source is spring on the NE $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 22, Tp. 12 S. R. 32 E. B. M. water is diverted into water trough at spring by two 1 inch pipes, and to trough about 100 yards east of trough by a two inch pipe, at which troughs the water is used.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About six-fiftieths of a cubic foot, which is what I have seen used there.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used at two troughs above mentioned for domestic, stock-watering and culinary purposes.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water has only been used for domestic, stock watering and culinary purposes.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not used for irrigation.

10603

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No, I have no interest in any of the works, water or land.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen it so used for domestic and stock watering purposes to full extent of amount appropriated during the summer of 1915, and the year 1916, by usage at the troughs mentioned.

(Sign) Paul C. Donley

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Malad, County of Oneida, State of Idaho, on this 22nd, day of November, A. D. 1916.

Re Permit 10603 - W. Friedrich.

Mr. S. D. Davis,
Malad, Idaho.

Dear Sir:--

We are just in receipt of your letter enclosing depositions, affidavit of publication and check for fees, in the sum of \$5.00, for final proof under above permit. The short delay in sending in the proofpapers will not affect the proof.

The amount of this claim was so small that we asked the holder to send the name of some one near him whom he knew to be competent to report on the amount used but as yet we have received no reply. This letter was written in July, 1916. It is the rule of the office to have the examinations and reports made by some one from this office, whenever possible to do so, but this was so small an amount that we thought it better to have it done by some one nearer the place. In such cases, where the holder pays the expense of the party making the examination, no additional charge is made at this office for final proof. I am, therefore, returning the check for \$5.00 and will ask that the holder send the name of some one, not one of the witnesses, however, to report on the amount of water used.

Very truly yours,

J. H. SMITH,

State Engineer.

J. H. Smith,

State Engineer,

Bease, Okla

Dear Sir,

I failed to
receive your letter which
you sent me in July, to
report on the amount of
water used.

Mr. Emmet Lee of
Mabel City, Okla., will
make the examination
on the amount used.

Yours truly

Permit 10603

10603

Walter L. Lee

Office of the State Engineer

Boise, Idaho, Jan. 3rd 1912

Mr. Emmett Lee,
Malad City, Idaho.

DEAR SIR:

Mr. W. Fredrich, residing at Arbon,
Idaho
County of _____, State of _____, has requested that
you make examination required under Permit No. 10603. Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

J. H. SMITH, ~~XXXXXXXXXX~~
A. E. ROBINSON,

State Engineer.

10603

 Amount: 6/50 Sec. ft.
 Use: Domestic
 Priority: 8-31-14.

STATE OF IDAHO

Water License No. 10603
 WATER DISTRICT NO. 29

WHEREAS, On the 31st day of August, A. D. 1914, Walter Fredrich,

of Arbon, County of Oneida, State of Idaho, duly made application (No. 15627) to me for a permit to use 6/50 of 1 cubic foot per second of the waters of a spring, in the S.W. Cor. of the NW $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 22, T. 12 S., R. 32 E., B.M., in Water District No. 29, County of Oneida, State of Idaho, for domestic (watering stock) purposes, and,

WHEREAS, On the 30th day of September A. D. 1914, Permit No. 10603 was issued to said applicant for the diversion of said water and providing for the completion of the works of diversion therein described on or before the 30th day of September, A. D. 1915, and for the application to beneficial use of said water on or before the 30th day of September, A. D. 1916, and,

WHEREAS, On the 16th day of August, A. D. 1915, Walter Fredrich,

the holder of said permit, duly made proof of the completion of adequate works for the diversion of 6/50 of 1 cubic foot per second of said waters, as evidenced by my Certificate No. 10603, dated September 10, 1915, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 6/50 of 1 cubic foot per second of said water with date of priority of August 31, 1914, and

WHEREAS, On the 22nd day of November, A. D. 1916, Walter Fredrich,

the holder of said permit, duly made proof of the application to beneficial use of 6/50 of 1 cubic foot per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to

Walter Fredrich

of Arbon, County of Oneida, State of Idaho, the holder and owner of said Permit No. 10603, a perpetual right, dating from August 31, 1914, to the use of 6/50 of 1 cubic foot per second of the waters of a spring, located at the S. W. Cor. of the NW $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 22, T. 12 S., R. 32 E., B.M.

in the County of Oneida and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at the spring described above,

~~and conducted to and upon~~

at and near the said spring; for the purpose of watering stock and other domestic use/subject, however, to the laws of the State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source or supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 10th day of February, A. D. nineteen hundred and seventeen.

(Seal)

J. H. SMITH,
 State Engineer:
