

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 34458
 Permit No. G- 26560
 District No.

Vern Steed
 Stone
 Idaho

1. Name of Applicant: VERN STEED
 Postoffice address: STONE County: Oneida State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. Three or Idaho
 Miners' inches 150 or gallons per minute. 1350
 - (b) Annual withdrawal in acre feet per annum 900
3. Source of water supply: Subterranean waters of the State of Idaho
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 34
 Twp. 15 S. , Rge. 32 E. , B.M., County of Oneida
5. Water is to be used for: Irrigation of crops and domestic usage
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M
 - (b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M. .
7. Kind of works: Deep well, cased, with pump
8. Estimated cost of works: \$ 6000.00
9. (a) Is reservoir to be used? Overnite reservoir
 (b) Capacity of reservoir: 2 acre feet
10. The time required for the completion of such work and complete application of the water to the proposed use is Two years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 210 shares capital stock Delmore Canal Co.
 - (a) 3 (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) 0 (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Applicant.

RE: Permit No. G-26560
Vern Steed

Ray & Scott
Attorneys
Malad City
Idaho

Gentlemen:

We have your letter of June 18th, stating that Mr. Steed is prepared to make proof of Completion of Works on his Permit No. G-26560. We wish to state that it will be necessary for Mr. Steed to make both Completion of Works and Beneficial Use proofs at the same time. The due date for making these proofs is not until October 4th, 1958, therefore if Mr. Steed does not have the water put to beneficial use at this time, he still has ample time to complete his works and make proof on due date.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of Form 36 to be returned to this department together with form 11 which is the Permit holders authorization for us to have the Notice published at his expense in the designated county newspaper.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by the permit holder and his two disinterested witnesses in making these proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. G26560

Proof of Application of Water to Beneficial Use and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Vern Stead, Stone, Idaho, Farmer, Stone, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No corporation. This an individual permit.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G26560, The date of priority which said user is prepared to establish under the permit is September 26, 1956.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground water, The deep well; The point of diversion of said water is in the NE¹/₄SW¹/₄ of Sec. 34, Tp. 15 S. R. 32 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep Well with pump and propane motor, the depth of the well is 162 feet, the size of the casing is 16 inch, the discharge of the pump is 3 cubic feet per second, it was measured with gauge. Flood irrigation is used.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The use to which said water is irrigation and domestic purposes. The place where said water is used is in the E¹/₂SW¹/₄ and E¹/₂SE¹/₄ of Sec. 34, Tp. 15 S. R. 32 E. B. M. and the E¹/₂NE¹/₄ Sec. 3, Tp. 16 S. R. 32 E. B. M. The land is cultivated.

G26560

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation and domestic purposes. No power generated.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. None

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Permit G26560 was originally issued to me, Vern Steed.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. May 1, 1956, the water is pumped from the well to a ditch; then, it is diverted the land. The amount of water which is diverted is 3 cubic feet per second.
All the water is being used.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. May 1, 1950, the water is pumped from the well into a ditch, and it is used
on the said land the E $\frac{1}{2}$ SW $\frac{1}{4}$ and E $\frac{1}{2}$ SE $\frac{1}{4}$ of Sec. 31, S. R. 32 E. B. M., and the E $\frac{1}{2}$ NE $\frac{1}{4}$, Sec 3,
 Tp. 16 S. R. 32 E. B. M. All the water is being used, that is, 3 cubic feet per second.
I have 210 shares of water in the Delmore Canal Company

Permit No. G26560

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William R. Mills, age 44, Stone, Farmer, Postoffice address, Stone Idaho.

Ques. 2. Are you acquainted with Vern Steed, the holder of Permit No. G26560? How long have you known him and where does he reside?

Ans. 20 years, Stone, Idaho.

Ques. 3. Have you read or heard read said Permit No. G26560, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground water source, Deep Well with pump and propane motor, the water is pumped into a ditch; then, it is diverted to the cultivated lands. The place of diversion is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 34, Tp. 15 S. R. 32 EBM.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The works are capable of conveying 3 cubic feet per second.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 3 cubic feet per second. It was measured with agange.

G26560

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, the place where said water is used is in the E $\frac{1}{2}$ SW $\frac{1}{4}$ and E $\frac{1}{2}$ SE $\frac{1}{4}$ of Sec. 34, Sec. 34, Tp. 15, S. R. 32 EBM. and E $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 3, Tp. 16 S. R. 32 EBM. Total acres irrigated are 150.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. No power is generated.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is cultivated. It is a sandy loam. 3 cubic feet per second for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. All the water has been put to beneficial use. The 3 cubic feet per second is used. I saw the water first used in May, 1957. It is now being used on the land.

Re: Permit No. G-26560

Mr. Vern Steed
Stone,
Idaho

Dear Mr. Steed:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Idaho Enterprise, all submitted in proof of Completion of Works and Beneficial Use on Permit No. G-26560.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

ATTENTION: Mr. E. L. Scott

Dear Mr. Scott:

Our field engineer's report on the inspection of the completion of construction work and application of water to beneficial use under the terms of Permit No. G-26560, Vern Steed, Stone, Idaho, shows that his well is capable of conveying 150 miner's inches (3.0 c.f.s.) of water for irrigation of 151 acres. This permit is now entitled to the Certificate of Completion of Works and the License and Certificate of Water Right.

Upon receipt of the statutory fees, total of \$15.00, we will issue to Mr. Steed the Certificate of Completion of Works (for which the fee is five dollars) and the License (ten dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of September 26, 1956, to his use of 3.0 second feet of subterranean water, with the point of diversion in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 34, Township 15 South, for irrigation of 151 acres in the E $\frac{1}{2}$ SE $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 34, Township 15 South, and the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 3, Township 16 South, all in Range 32 East, B.M.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Scott:

We are in receipt of your letter of January 20, 1969 concerning the above referenced water licenses. Please be advised that we are unable to process the proposed expansions of existing water rights by means of transfer. Therefore, the only other means available for Mr. Steed to cover the additional lands in question is with a new application for permit. Forms and instructions are enclosed.

Please contact us if we may be of further assistance.

Very truly yours,

State of Idaho License and Certificate of Water Right

Water License No. G-26560

Amount 3.0 c.f.s.

Water District No.

Priority September 26, 1956

THIS IS TO CERTIFY that VERN STEED

of Stone, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated September 26, 1956; that Permit No. G-26560 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 3.0 second feet, was issued thereunder on October 31, 1957, showing that said works were completed on the 5th day of August, 1957; and that on the 5th day of August, 1957, VERN STEED

of Stone, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of a well, a tributary of subterranean, for the purpose of Irrigation and domestic use, under Use Permit No. G-26560 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 10 of Licenses at page 6176, on the 31st day of October, 1957;

The right hereby confirmed dates from September 26, 1956;

The Point of Diversion is located

in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 34, Tp. 15 S. R. 32 E., B. M. County Oneida

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 3.0 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
15 S.	32 E.	34	NE $\frac{1}{4}$ SE $\frac{1}{4}$	30	20
