Re: Application for Permit

Mr. Jesse W. Neal
Stone, Idaho

Dear Mr. Neal:

We wish to acknowledge receipt of the Application for Permit to appropriate the Subterranean Waters of the State of Idaho.

Your application is in due form, except for your failing to answer one question which is necessary to complete the application. Kindly let us know if there is any existing water rights on the land for which you are filing on in this application. Please state the number of inches and from what source of supply.

It will also be necessary for us to return your check and will request that you substitute in lieu thereof, a check to the amount of \$5.75, which is the correct filing fee for filing on 1 cubic foot per second of water, based on the rate of \$5.00 for the first second foot and twenty-five cents for each additional second foot or fraction thereof.

We are enclosing your check herewith.

Very truly yours,

Dear Sir:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G-27251 are due not later than Feb. 13, 1963

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36,

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Stono, Idaho

Dear Mr. Neal:

Enclosed is form to assign a permit. Also form to amend the land list.

The holder of the permit is the only person who can prove up on a well. Mr. Jess W. Neal and wife must assign the permit to you before you can make the proof. Note the signatures must be before a Notary Public. There is a fee of \$0.50 to record an assignment which must accompany the form when filed in this office.

You may include your extra land under this permit by completing the amendment form. The amount of water cannot be increased from the 1.0 c.f.s. shown on the permit. You can file a new application for permit to cover the additional land, either from the present well or from a new well. There is a fee of \$1.00 for recording an amendment to a permit.

Return the assignment and the amendment, if you wish, with the Forms 36 and 11, with the proper fees.

Dear Mr. Neal:

Returned herewith are assignment, application for amendment to the land list, two Forms 36 and Form 11 we received. Also enclosed are two Forms 36 and application for amendment to land list.

The assignment is acceptable except there is a \$0.50 fee for recording which should accompany the form.

The application for amendment is in longer form than necessary and also does not show the section number for the final 60 acres of land. The description has been shown in pencil which may or may not be correct. Complete the blank amendment form showing the proper description.

The legal notice, Form 36, shows you were to make the proofs on January 9, 1963. See instructions with blank forms. That date should have been about February 19th to give time for the notice to be published in four weekly issues of the paper before the proofs can be made. You did not complete 4, point of diversion by showing the 40-acre subdivision in which the well is located. The answer under 5 can be shown as suggested, or the correct description.

Kindly return the assignment with the \$0.50 fee, new application for amendment to land list, two proper Forms 36 and the Form 11 at your earliest convenience.

Dear Mr. or Mrs. Neal:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-27251. The proofs are to be made at 4:00 o'clock P.M., on the 5th day of March, 1963, before Daniel O. Jones, First National Bank, Malad, Idaho, Notary Public.

As of this date we have mailed the Notice to the Idaho Enterprise Malad City, Idaho with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Gentlemen:

We received the proof on the above numbered permit for the Notice of Publication and find the following error:

In Paragraph 5, line 4, should read NW¹₄, Sec. 15, Twp. 16 S., R. 32 - instead of SW¹₄, etc.

Please send us another copy for checking purposes after correction has been made.

Thank you.

Q-27251

George Neal
Stone, Idaho

Dear Mr. Neal:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Idaho Enterprise, all submitted in proof of completion of works and beneficial use on Permit No. Q-27251.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER
