Attention: E. L. Scott

Dear Mr. Scott:

We are returning the Application for Permit to Appropriate Subterranean Waters in the name of Vern Steed with attached check for \$5.50, for corrections.

Question 2 - Quantity of water claimed or 3 c.f.s. or 150 miners inches.

Question 12 - Land list totals 100 acres.

The amount of land or the quantity of water claimed must be changed. The application cannot be approved for over one miners inch per acre. The fee for 100 inches would be \$5.25

Question 10 - Time required is shown as two years. We suggest that it be increased to five years, or maximum time allowable.

Very truly yours,

GEO. N. CARTER

Re: Permit No. G- 27587

Aug. 30, 1963

Vern Steed, Stone, Idaho

Dear Mr. Steed:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 27587 are due not later than Nov. 7, 1963

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Dear Mr. Steed:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Idaho Enterprise, all submitted in proof of completion of works and beneficial use on Permit No. G-27587.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Stone, Idaho

Dear Mr. Steed:

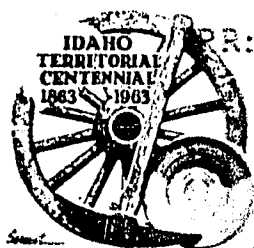

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Idaho Enterprise, all submitted in proof of completion of works and beneficial use on Permit No. G-27587.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,
CARL E. TAPPAN
