Re: Permit No. G-33091 (New No. 17-2056)

Mr. Carl Steed
Stone,
Idaho 83280

Dear Mr. Steed:

During the 1967 session of the Idaho Legislature certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a permit holder to make proof of beneficial use.

The enclosed order modifies the above referenced permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a newspaper as prescribed by the Department. If you will complete and return the enclosed form, we will cause the notice to be published.

If you have any questions regarding the above, please contact us.

Very truly yours,

Donald W. McEldowney

Re: Permit No. G-33091/17-2056

Carl Steed
Stone,
Idaho 83280

Dear Mr. Steed:

One of the conditions of approval of your water Permit No. G-33091/17-2056 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 16, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

**NOTICE OF EXISTING
WATER PERMIT**

Notice is hereby given that Carl Steed, Stone, Idaho, has received an approved Permit No. C-33091/17-2056 issued by the Idaho Department of Water Administration authorizing the diversion of 3.2 cubic feet per second of water from a ground water source. The priority to be established under this permit is August 8, 1966, and the permit was approved August 16, 1966.

Water is to be diverted by well and pump from a point within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 26, T. 16S, R. 32E, B.M., Oneida County, to be used for irrigation purposes in the SW $\frac{1}{4}$ Sec. 26, T. 16S, R. 32E, B.M.

Proof of the application of the water to beneficial use was submitted to the Department on August 16, 1971. Any protest against the issuance of the license for the above referenced permit should be filed with the Idaho Dept. of Water Administration.
