INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Regional Forester
U. S. Forest Service

Boise, Idaho May 2, 1945

Dear Sir:-

Under the terms of your permit No. 19007 you are required to complete your diversion works on or before July 9, 1945. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Dear Mr. Briggs:

Your letter of June 13th, designating Mr. J. Henry Thompson as the Notary Public before whom beneficial use would be made under Permit No. 19007, reached us this morning.

It is now too late to complete the necessary four weeks' publication prior to July 9th, so we have set the date for making this proof as July 15th, at the same hour, 9:00 A. M.

A copy of the notice has been sent to the Burley Herald-Bulletin, with instructions to publish it once a week for four consecutive weeks, prior to that date, and to send the affidavit of publication to the U. S. Forest Service, in your care.

About ten days prior to the date set, we shall send to Mr. Thompson, the necessary forms of deposition, consisting of one for the holder and one for each of two witnesses, so that he may have them in ample time for the proof.

At the time set a representative of the permit holder, and two disinterested witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, should appear before Mr. Thompson, for the purpose of executing the depositions.

Mr. A. E. Briggs, Forest Supervisor
Minidoka National Forest
Burley, Idaho

Attention Mr. M. L. Christensen.

Dear Mr. Christensen:

We acknowledge receipt of your letter of July 22nd, enclosing affidavit of publication in connection with Beneficial Use Proof under Permit No. 19007 (Upper and Lower Corral Springs).

Before final action is taken in the matter the law requires that a field examination be made by an engineer from this Department.

We can not say just when this examination will be made as this Department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this Department will try and contact you at the time the examination is made, so that arrangements may be made to show him over the ground.
