Priority Date Explanation:

This is the date from the decree.

This water right is limited to the diversion rate of 0.002 cfs.

Rights 13-7978, 13-7980 and 13-7982 when combined shall not exceed the irrigation of 0.80 acres.

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 13Q.

The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.

Rights 13-7972, 13-7974, 13-7976, 13-7978, 13-7980 and 13-7982 when combined shall not exceed the irrigation of 0.90 acres.

The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).

This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

The approval of this transfer redefines all of the elements of this water right, and the new use of water authorized by this approval shall constitute the full extent of the right.
