PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-17841

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Jean Hersley

MEMORANDUM

July 26, 2024

Water Permit: 95-17841

Author: Bob Howe-Water Resource Agent

Subject: Field Examination Recommended

On June 10, 2024, the Department received the Proof of Beneficial Use for Permit 95-17841. The permit holder stated in section 3 of the proof that the beneficial use was developed for the full 6 acres of irrigation permitted. On July 26, 2024, the development was reviewed for a possible in-office examination. Insufficient evidence of irrigation within the permitted place of use (POU) could be found through a review of NAIP, Kootenai County Imagery, and Sentinel Imagery (2019-2024). Additionally, if the area has been developed to the fullest extent possible, excluding structures and driveway, it would exceed 5 acres of irrigation and would not qualify for in-office field exam, as per IDAPA 37.03.02.035.01.r.

After review, I recommend that this permit would benefit from a field examination to provide an accurate representation of the beneficial use developed. The file should be returned to the Northern Regional office for a field examination to be scheduled.
