

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

**IN THE MATTER OF TRANSFER)
APPROVAL 84810 IN THE NAME OF)
IDAHO IRRIGATION DISTRICT)**

**PRELIMINARY ORDER
RESCINDING TRANSFER**

On March 19, 2021, Idaho Irrigation District filed Application for Transfer 84810 with the Idaho Department of Water Resources ("Department") proposing to add a point of diversion at Gem Lake on the Snake River to water rights 1-75, 1-76, 1-312, 1-368, 1-369, and 1-370. The Department published notice of the application, and no protests were received. The Department approved Transfer 84810 on July 8, 2021.

On Dec 10, 2024, Idaho Irrigation District notified the Department that the landowner who planned on using the added point of diversion was unable to get permission from the City of Idaho Falls or the Federal Energy Regulatory Commission to construct the new point of diversion on Gem Lake as authorized by Transfer 84810 and that the landowner has decided to use the Idaho Irrigation District canal for irrigation. Idaho Irrigation District requested that the Department rescind Transfer 84810.

CONCLUSIONS OF LAW

Based on the evidence available to the Department, Idaho Irrigation District has not accomplished the changes authorized by Transfer 84810 and does not intend to accomplish the proposed changes. Therefore, Transfer 84810 can be rescinded without an additional application for transfer.

ORDER

IT IS HEREBY ORDERED that Application for Transfer 84810 in the name of Idaho Irrigation District is RESCINDED.
