Dear Sir:

The purpose of this letter is to obtain written authority to use water from Gamblin Lake for irrigation on approximately one acre of my property on the east side of Gamblin Lake.

The tax description of my property is (from tax files):

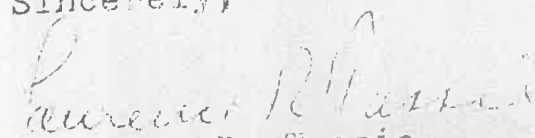

Tax 9 & 12, Section 6, Tax 1 & 2, Section 7, T56N, R1E, B.M.

Water has been pumped from the lake since 1939. Mr. Berger, the former owner, began the practice when he built his home here. My step-father (Mr. Melvin Meadows) continued to do so after he bought the land from Mr. Berger. He installed a culvert under the road before it was hard-topped, through which he installed a one inch water pipe. The pump he used (and that I intend to continue to use) is a centrifugal pump that is driven by a 1hp electric motor. Electricity is furnished by overhead wires from our house. The pump unit can displace approximately .2 cubic feet of water per second.

In the past, we have watered a vegetable garden approximately 20' X 30' in size, and 9 fruit trees (apples, plums, and cherries). The produce is for personal consumption, not for commercial use.

Request that I be authorized to continue using approximately .2 cubic feet of water per second to irrigate up to one acre of vegetable garden and orchard area on my property at Gamblin Lake.

Sincerely,

Lawrence R. Tassie
