Lacey,

I have confirmed with UI the following:

87-4064 – number of livestock 200
87-11962 – number of livestock 200, depth of pond 10 ft.
87-11963 – number of livestock 200

If you need anything else please advise, thank you

Travis

Hi Travis~

I spoke with Evan this afternoon and he has two questions about the additional evidence you sent over this morning:

- **Claim No. 87-4064** – We only needed number of livestock. We already had evidence

submitted for this pond that described the maximum depth as 15 feet. Is that correct or is it 8-10 ft. deep? Please confirm if it is 15 feet or 8-10 feet deep.

- **Claim No. 87-19962** – Did you mean to write no. 87-11962? If so, please confirm so we can apply the new pond depth evidence to the correct claim. We also still need the number of livestock for 87-11962. If you meant 87-11963, we will also need the number of livestock.

We can't proceed to an SF5 settlement until we have the information above. I am out of the office for the remainder of this week but will be able to receive and respond to emails.

Hope this helps,

-Lacey-

Lacey,

I spoke with Rob Keefe last week and he reports the following information that IDWR requested:

Claim 87-4064 – 8-10 ft depth
200 livestock

Claim 87-19962 – 8-10 ft depth

We are still pursuing additional information for the others. Do you think we are in a position to work up draft SF4 amended Director's Reports for the above? If you would like to discuss please advise.

Thanks

Travis
