12. Remarks:

Priority Date Explanation:

This is the date given on the decree.

This right does not grant any right-of-way or easement across the land of another.

Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 11F.

This right is limited to the irrigation of 160 acres within the authorized place of use in a single irrigation season.

Rights 11-124 and 11-7781 when combined shall not exceed the irrigation of 185 acres.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).

Use of this right is combined with water from Taylor Canal Company.

This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.

The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
