Item 10: Do you own the property listed above as place of use?

We believe we own it, and that we acquired it in 1985 or 1986 when William's parents, Thomas H. and Pearl E. Callen, deeded more property to us, increasing our acreage from 5 to 27 acres. William's parents had a survey of the property done at about that time, but we don't know if it was recorded, as the surveyor, Dave Evans, was not bonded to do the work he did. Also, the lines drawn on the map provided with this application show the location of the well as not on our property.

The authority we have to use this well is this: When William was given the original 5 acres by his parents in 1974, they told him to dig the well where it is, on what was their property. In 1985 or 1986, when they gave us the additional 22 acres, they also gave their other children land, and the location of our well changed from being their property to (according to the county's lines on the map) his brother, John Callen. John was aware of the location of the well and made no objection to our use of it. John is now deceased, and his widow, Susan Callen owns the land. We have not talked to her about the well.
