Re: Change of Ownership for Water Right/Permit No(s): 96-08840

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records to reflect the change in ownership and has enclosed a receipt and a computer-generated report for your records.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

If you have any questions concerning the enclosed information, please feel free to contact this office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Clay Webster'.

4. If the water rights and/or adjudication claims were split, how did the division occur?
- ☐ The water rights or claims were divided as specifically identified in a deed, contract, or other conveyance document.
- ☐ The water rights or claims were divided proportionately based on the portion of their place(s) of use acquired by the new owner.

5. Date you acquired the water rights and/or claims listed above: 4/11/14

6. If the water right described herein has been rented from the Water Supply Bank, rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:

- Rental payments will go to the lessor(s) of record at the beginning of the rental season.
- If a change in ownership is processed by the Department during a rental season, rental payment will be made to the person or entity who is the lessor of record at the beginning of that rental season.
- New lessor(s) of record will receive payment after the following rental season.

7. This form must be signed and submitted with the following **REQUIRED** items:

- A copy of the conveyance document – warranty deed, quitclaim deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed.
- Plat map, survey map or aerial photograph which clearly shows the place of use and point of diversion for each water right and/or claim listed above (if necessary to clarify division of water rights or complex property descriptions).
- Filing fee (see instructions for further explanation):
 - \$25 per *undivided* water right.
 - \$100 per *split* water right.
 - No fee is required for pending adjudication claims.

8. Signature: Thomas A. Arnold owner 4-19-14
Signature of new owner/claimant Title, if applicable Date
- Signature: Kathleen A. Arnold owner 4-19-14
Signature of new owner/claimant Title, if applicable Date

For IDWR Office Use Only:

Received by _____ Date _____ Receipt No. _____ Receipt Amt. _____

Approved by _____ Processed by _____ Date _____

Pg 2 of 13

5. Indicate the date the water rights and/or adjudication claims were conveyed to you. This may be the date of closing in the case of a real estate transaction, the date a contract was signed, or the date of a court order.
6. If you are unsure about the status of your water right in the Water Supply Bank, go to: _____, input your water right number and click "Search." If you find your water right is in the Water Supply Bank and you want to release it so you can use it, you can download the Request to Release form from the forms portion of our website: www.idwr.idaho.gov. Your water right may not be available for immediate release if rented by another water user.

7. **ATTACHMENTS:**

IDWR cannot process this change without **documentation of ownership**. The documentation may be in the form of a deed, court decree or other conveyance document. If you are submitting a quitclaim deed and the grantor's name does not match the water right holder of record, you will need to provide a chain of title that goes back to the water right holder/claimant of record. You may obtain this information from the assessor's office in the county where the property is located. Items that are **not** conveyance documents are deeds of trust, mortgages, purchase and sales agreements, and property tax notices.

Submit a **plat map, survey map, or aerial photograph** of the place of use for each water right or claim listed in item #1 (if necessary to clarify division of water rights or complex property descriptions). If your right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency or equivalent aerial photograph with the irrigated acres outlined and point(s) of diversion clearly marked. You also have the option of printing a map using the Create a Map tool on IDWR's website at: www.idwr.idaho.gov. It is not necessary to obtain a new survey for purposes of this form before contacting IDWR.

The Idaho Legislature has waived the fee to file a Notice of Change in Water Right Ownership for any water right pending in a general water right adjudication such as the Snake River Basin Adjudication or the Northern Idaho Adjudication. This waiver ends when a partial decree is issued for the water right that has been claimed. For water rights not pending in a general adjudication, the **filing fee** is \$25 per water right, except for those water rights that will be divided as a result of the change in ownership. The filing fee for division of a water right is \$100 per water right.

8. One of the new owner(s) must sign the form in the space(s) provided. If someone other than the owner signs the notice, evidence of authority to sign for the owner must be attached. If the new owner is a corporation or other organization, the person signing the notice must be an officer of the corporation or otherwise have authority to sign for the organization and must include their title with the signature.

When you have completed the Notice of Change in Water Right Ownership, retain a copy and **file the original form, necessary attachments, and filing fee with the IDWR office nearest you.**

CONDITIONS/REMARKS:

1. Proof of construction of works and application of water to beneficial use shall be submitted on or before March 1, 1997.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which permit holder had no control.
4. A separate stream alteration permit from the IDWR is required for any activity in the stream channel other than construction and/or maintenance of the diversion structure. If the proposed construction or operation involves construction of an outfall or any other work in the stream channel other than a water diversion, the right holder shall contact the Department and obtain a Stream Channel Alteration permit prior to the start of construction.
5. Domestic use is for 1 home.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code.

1. All applicable provisions of the Rules for Regulation of Beds, Waters, and Airspace over Navigable Lakes and Streams in the State of Idaho are incorporated herein by reference and made a part hereof.
2. Construction will follow details and specifications shown on the approved drawings and data provided by the applicant. Should such information and data prove to be materially false, incomplete and/or inaccurate, this authorization may be modified, suspended, or revoked in accordance with the Administrative Procedures Act, Idaho Code title 67, chapter 52.
3. This permit does not convey the State's title to or jurisdiction or management of lands lying below the natural or ordinary high water mark.
4. Acceptance of this permit constitutes permission by the Permittee for representatives of the Department of Lands to come upon Permittee's lands at all reasonable times to inspect the encroachment authorized by this permit.
5. The Permittee assumes all liability for damages which may result from the exercise of this permit.
6. This permit does not relieve the Permittee from obtaining additional local or federal permits as required.
7. This permit is not valid until the identification numbers are displayed on the outermost area of the encroachment.
8. If the activity authorized herein is not completed on or before the 19th day of January, 1998 (three years from the date of issuance), this permit shall automatically expire unless it was previously revoked or otherwise extended.

9. White bead foam flotation shall be completely encased in a manner that will maintain the structural integrity of the foam. The encasement shall be resistant to the entry of rodents.
10. This permit supersedes and voids any permit previously issued for this property unless otherwise noted.
11. Creosote or pentachlorophenol (Penta) treated piling and lumber shall not be used on, in, or over the water. CCA is the only acceptable treated material to be used in continual contact with navigable waters. Treated materials not in contact with the water shall be completely dry before use near navigable waters. Contact Idaho Department of Health and Welfare, Division of Environmental Quality, with questions regarding treated materials.
12. All construction material must be stockpiled landward of the ordinary high water mark.
13. The permittee shall maintain the structure or work authorized herein in a good and safe condition and in accordance with the plans and drawings attached hereto.
14. Waterline shall be anchored to the bed of the lake with a nontoxic type of weight.
15. The water intake shall be screened in a manner that would create approach velocities of not more than 0.10 feet per second and a maximum screen diameter of one-quarter inch.
16. All construction shall be completed in accordance with descriptions and methods provided unless otherwise specified. Any changes shall be approved in writing by the department prior to construction.
17. No water shall be diverted by the system until a valid water or appropriation permit is obtained from the Department of Water Resources.
18. As current EPA requirements dictate that disinfection and filtration systems be used for minimum treatment by surface water purveyors, the department recommends that small domestic surface water users do likewise.
19. Upon transfer of this real property, you are required to inform this office of the subsequent name change.

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

Equipment has been purchased, some of the H₂O
lines have been laid. we are debating ~~with~~ if we
need to purchase a H₂O Filtration system - in case a child drink
the pumped river water. Costing \$ 1000.00

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

We could only work on this property during the weekends
It seemed like there was either incimate working weather or
other family priorities ... the time got-a-way from us.

Permit holder(s) request an extension to March 1, 1999.

FEE: \$50.00

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 96-08840

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the **NORTHERN** Regional Office of the department in Coeur d'Alene at (208)769-1450.

Sincerely,

JULIE L. YARBROUGH

Senior Secretary, Water Allocation Bureau
