Priority Date Explanation:

This is the date the property was homesteaded and cattle accessed this stream.

The statutory claim was for a trough system piped from the creek. This system was not working out, so we abandoned that system and let the cattle access the creek instead.

This notice was filed in accordance with Section 42-113(3), Idaho Code. Diversion and use of water in accordance with this notice shall not exceed 13,000 gallons per day for stockwater use. The water delivery system established in accordance with this notice shall be fully enclosed and shall be equipped with an automatic shutoff valve or a mechanism for returning unused water to the source through an enclosed system. The water delivery system shall be designed to facilitate measurement of the rate of flow through the system.

13. Basis of Claim: Statutory Claim
