Hello Stu,

The claim is filed and complete and there is nothing you need to do at this point other than keep the contact information up to date. I have attached a copy of what we have on file for your review.

If you just are changing the **address** on one of the contacts on the claim, then you can use a Change in Address form:

<https://idwr.idaho.gov/wp-content/uploads/sites/2/forms/address-form.pdf>

If you are going to change the name or **ownership** on the claim, you will need to use this form:

[Notice of Change of Water Right Ownership](#)

You can submit the forms electronically by email if you would like. Send them to file@idwr.idaho.gov

Unfortunately, it is going to be a while until your claims are reviewed, submitted to the court, and ultimately decreed. IDWR is actively reviewing claims in Administrative Basin 97 and anticipate sending our recommendations to the court by the end of 2025. Then we will begin review on claims filed in Basin 96, which is where your claims are. So we are looking at years before recommendations in basin 96 are sent to the court. I am sorry. I understand it is frustrating. But fortunately, the work on your end is done. It is just a matter of waiting.

Respectfully,

Craig L. Saxton

Hi Craig,

Long time between emails. On the Claim 96-8446 I am just checking to see that it made it through the system completely. Also is there a way to change the contact information on this claim and also **96-9435** to 1566 W Broadwater Ct, Post Falls, ID 83854

Thanks,

Stu

Stu,

I updated the claim and claim map based on the information you provided.

I also added a signature block for each of the three entities so you can all sign.

Thanks,
Craig

Hi Craig,

I have just spent the last hour trying to get the Bonner County Viewer to draw on the map. Maybe you would have better luck. All that is needed is to add the one lot to the Northwest and the two lots to the Southeast. The lots are numbered from the North to the south as 1,2,3,4,5. The point of diversion is in the Northwest corner of lot 5. The attached map has the items penciled in. If you need better or you can modify on your system that would be great.

Also I have added the names to the Amended Notice of Claim. Let me know if my method is correct.

I am going to forward this off to the other owners for them to review.

Thanks,

Stu

Subject: Amended Claim 96-8446 (previously 96-10742)

Dear Mr. Eigler,

Per our conversation I am enclosing several documents:

- Renumbered Proof Report 96-10742
 - Because we are proposing to amend the claim to reflect license 96-8446, I renumbered your claim from 96-10742 to 96-8446.
- Amended Notice of claim 96-8446.
 - This claim reflects the elements of the original license 96-8446. I am purposely sending this to you in a WORD document so you can add any other owners of the water right, and/or make changes as you feel are appropriate. This is your claim, not mine, so it should reflect what you think the water right should look like.
- Copy of original license 96-8446
- Claim map for 96-8446
 - The [original license documents](#) don't clearly identify the location of the well (point of diversion) or the 5 lots that were stubbed for domestic use when the license was issued. Please locate the well and the 5 lots that the water right is applicable and return the updated map with the signed claim.

When satisfied, all parties (claimants) need to sign the claim and return it to IDWR with the updated claim map and the additional filing fees of **\$35**. The filing fees are calculated as follows:

\$50 base fee for non-de minimis claim

\$10 variable fee (variable fee is \$100 per 1.0 cfs claimed at 0.1 cfs)

\$60 Total

-\$25 paid under receipt T112382

\$35 remaining filing fee.

The claim can be signed, scanned and e-mailed to the other parties for signature. IDWR will accept a scanned version of the signed claim, or a claim with an electronic signature. However, we cannot take payment over the phone by credit card. If you mail in the fee without the claim, then make sure to reference claim number 96-8446 with any payment submitted.

Please feel free to contact me if you have any questions.

Respectfully,
