I Denny Rainey can attest to the fact that when we moved into Kokanee Park in July of 1958 there were four houses. The house we rented sat where Fishers, Mielkes and the boat ramp are today. Lot # 13 and 14 as per the plat map. Brian McNerney has photos of the house we lived in and it shows where it sat.

Opal Weavers house was by the old Outlet Dam lot # 9 as of today on the plat map.

There also were 2 trapper cabins along lamb creek one where Rick Horeys front yard is, lot # 18 and the other one was where Brian McNerneys yard is Lot #22.

All four of these houses had power and water to them.

Sincerely,

Denny Rainey
