Subject: RE: Amended Notice of Claim for CFRBA Water Right Claim No. 97-7521
Date: Wednesday, September 6, 2023 1:26:00 PM

Hi Bill,

All corrections have been made to the claim to reflect the elements of the original water right license (97-7521). The sections including amendments have all been highlighted to alert our technical staff of which sections have been revised. The priority date claimed correctly matches that of the license (97-7521) and no additional comments are needed. The priority date for claim no. 97-7291 was entered correctly and no changes are needed. All that should be needed on the form is your signature. Once signed, please return the claim to our office at the address listed below. Let me know if any other questions come up and I'll be happy to help.

Thanks,

Evan

Hi Evan,

Is there info I need to furnish in all the areas that are highlighted? On #2, do we need the priority date for 97-7291? (03/25/1989). I don't see anything I can add to #4. Nothing on #9. Should I add to #10 that the property is owned by USFS and that we have a special use permit through them?

Thanks, Bill McInerney

Dear Mr. McInerney,

As per our phone conversation today, I am sending you an Amended Notice of Claim to a Water Right form, which can be utilized to amend the previously submitted claim for water right license no. 97-7521, under the ownership of the Outlet Water Association.
