EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

SCANNED
JUL 17 2023

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

> Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:
>
> (a) The petition for reconsideration is disposed of; or
> (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

i. A hearing was held,
ii. The final agency action was taken,
iii. The party seeking review of the order resides, or
iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Kail,

I'm working on wrapping up transfer 87963, which changes POD from New Lavaside Canal to Great Western and Porter. Would you like me to also change the NSID digital boundary by removing the excluded lands shown on the shape file you sent on February 17?

Michael,
The attached files are the shape file for the land which has been excluded in Sections 5 and 6, T2 S, R36 E, along the Lavaside canal. It includes the area that transfer 2255 was made for in 1978. We will wait a couple of months to see if the Lavaside Board follows through with what they said, and then we will file a new transfer application.
Thank you,
Kail Sheppard

MEMORANDUM

Date: July 12, 2023

To: Transfer 87963

From: Michael Holliday

Re: Review & Evaluation of Sufficiency of Information

In 1978 transfer 2255 was approved to change the points of diversion of rights 1-134B and 1-135B from the Great Western and Porter Canals to the New Lavaside Canal. This transfer moves the water rights back to the original points of diversion.

Authority to File:
Department records show the applicant as the current owner of the water rights. The transfer application was signed by Louis Thiel, Chairman of the Board, who is authorized to sign on behalf of the District.

Water Right Validity:
The rights included in this transfer were decreed in the SRBA in 2007. Water District 1 records show regular delivery of these rights to the New Lavaside Canal. Forfeiture is not an issue.

Injury to Other Water Rights:
There is no evidence currently available to the Department to indicate that the transfer will reduce the quantity of water available to existing rights. The application was advertised, and no protests were filed. The Water District 1 Watermaster reviewed the application and did not oppose its approval.

Enlargement of Use:
The transfer will move rights 1-134B and 1-135B back to the points of diversion used to deliver NSID's other irrigation rights, but the quantity authorized to be diverted under the water rights will not increase. The place of use and the total number of acres authorized to be irrigated will not change.

Local Public Interest:
No issues identified.

Beneficial Use / Conservation of Water Resources:
No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
