RE: Change in Ownership Water Right No(s): 22-380 B

Dear Interested Parties:

The Idaho Department of Water Resources (Department) received a Notice of Change in Water Right Ownership (Notice) from you on January 27, 2023 for the above referenced water rights. The Notice could not be processed because a conveyance document and filing fee were not provided. The current owner of the water right is Mitchell Smaellie but the current owner of the land the water right is appurtenant to is Amen Corner, LLC.

On January 27, 2023 the Department requested the required information and fees from you. As of the date of this letter, the Department has not received the required information and fees.

The Department is returning your Notice of Change in Water Right Ownership and the attachments. We are also returning your Application to Sell or Lease a Water Right to the Water Supply Bank. This application also required a filing fee of \$250, which the Department did not receive. Because you are not the current owner of the water right, the Department cannot place the right in the Bank. You may re-submit your requests with the appropriate documents and fees.

If you have any questions regarding this matter, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley

RE: Change in Ownership Water Right No(s): 22-380B

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

☒ Filing Fee of \$25 per water right

☒ Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees to be processed. We have determined that the filing fee for your notice will be \$25.

Because the Department cannot process the Notice without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information and fees. If we do not receive the necessary information and fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that water right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley

RE: LEASE APPLICATION FEE REQUEST TO LEASE WATER RIGHT NO(S). 22-380B TO THE WATER SUPPLY BANK

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

Effective April 8, 2011, Water Supply Bank Rule 25.02 (also known as IDAPA 37.02.03.025.02.f) requires a \$250.00 fee be submitted with all Water Supply Bank (Bank) lease applications. The fee for a set of overlapping rights is a maximum of \$500.00. To clarify, Bank lease applications seek to place water rights into the Bank.

The Department of Water Resources (Department) received your application(s) to lease water right(s) 22-380B to the Bank on January 27, 2023 without the required fees. **Please submit the \$250.00 lease application fee within 14 days.** Without the lease fee your application(s) is considered incomplete and will not be processed.

Once the application fee is received, your application(s) will be reviewed. If the right(s) is determined to be eligible for acceptance into the Bank, the right will be entered as of the date of receipt of the application. The acceptance date may be adjusted if additional information is required.

Please note the forfeiture period is not tolled unless a right is accepted into the Bank, or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right. This and other water right forms are available from the Department's web site, <http://www.idwr.idaho.gov>.

Please contact me if you have any questions at (208) 287-4942.

Jean Hersley
