Narrative: The Department received this application on October 27, 2022 for the 2023-2027 season. The applicant wishes to place the entire right in the Bank. Tom Katsilometes, manager/owner signed the application. The right was decreed in 2012 and placed in the Bank in 2018. There are no issues with forfeiture. Ground water right 29-14287 completely overlaps this right and these rights have a combined acre limit of 13.9 acres. Water right 29-14287 was decreed in 2004 but has not been used since. We cannot accept 29-14287 into the Bank as there are questions of forfeiture. The applicant has stated that he is locked out of the well house and hasn't been able to access the well for 29-14287. Mr. Katsilometes is taking steps to try and get 29-14287 into the Bank. In the meantime, water right 29-490B will not be available for rent due to concerns of enlargement. This right is currently within WD 29D.
