EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

SCANNED
JAN 23 2023

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

(a) The petition for reconsideration is disposed of; or
(b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

i. A hearing was held,
ii. The final agency action was taken,
iii. The party seeking review of the order resides, or
iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Date: December 23, 2022

To: Transfer #87154 (Lot 4), Hansen Farms Land, LLC file

From: Jim Bitzenburg

Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes to change the place of use (POU) and point of diversion (POD) of right 36-17228 (0.04 cfs) which currently irrigates 2.0 acres of ground located approximately 3.3 miles east and 0.8 mile north of Acequia. The proposed POU will be located approximately 6.8 miles west and 0.3 mile north of Acequia. The POD will be changing from two wells located near the current POU to a single well located within the proposed POU.

The transfer is in Water District 130 so Watermaster comments were solicited. The Watermaster had no comments or concerns with the transfer. The transfer is situated within the Eastern Snake River Plain Aquifer Ground Water Management Area and was advertised and subject to public protest. No protests were filed.

The transfer involves a change in point of diversion from non-adjacent ESPA model grid cells so ESPA modeling is required. The model analysis shows no mitigation was required for the proposed change. Additionally, IDWR ran the model for the sum of the five companion transfers which were submitted individually (10 acres instead of 2 acres). The analysis showed no mitigation would be required even if only one 10 acre transfer had been filed.

- **Authority to File:**
  The Department's database indicates that water right 36-17228 is owned by the applicant, Hansen Farms Land, LLC. The application was signed by Brian Hansen, who is a partner in Hansen Farms Land, LLC. The latest annual report for the LLC is included in the application.

- **Water Right Validity:**
  The water right is a split of a right which was decreed in the SRBA in 2001, and it is unclear if recent irrigation is evident at the current POU, so forfeiture may not be an issue.

- **Injury to Other Water Rights:**
  None anticipated or foreseen.

- **Enlargement of Use:**
  None anticipated. One of the conditions on the water right in this transfer indicates that the right is combined with Minidoka Irrigation District (MID) water (a carry-over condition from the parent right, 36-7607). Numerous memos included in the backfile of right 36-7607 appear to demonstrate that the MID water was used on leased federal land situated within the irrigation system associated with right 36-7607, and not on the privately held land owned by Hansen Farms Land, LLC, which is where this water is being transferred from. The condition, therefore, will be dropped in the transfer process.

- **Local Public Interest:**
  No issues anticipated.

- **Beneficial Use/Conservation of Water Resources:**
  Proposed use is recognized as a beneficial use of water.

SCANNED
JAN 23 2023

- **Effect on the Economy of the Local Area:**
  None Anticipated

- **Effect of the Agricultural Base of the Area:**
  None Anticipated

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

TRANSFER SYNOPSIS

Date: November 7, 2022

To: Transfer #87154 (Lot 4), Hansen Farms Land, LLC file

From: Jim Bitzenburg

Re: Summary of transfer

Application for transfer proposes to change the place of use (POU) and point of diversion (POD) of right 36-17228 (0.04 cfs) which currently irrigates 2.0 acres of ground located approximately 3.3 miles east and 0.8 mile north of Acequia. The proposed POU will be located approximately 6.8 miles west and 0.3 mile north of Acequia. The POD will be changing from two wells located near the current POU to a new well located within the proposed POU.

The transfer is in Water District 130 so Watermaster comments will be solicited. The transfer is situated within the Eastern Snake River Plain Aquifer Ground Water Management Area and will be advertised and subject to public protest.

The transfer involves a change in point of diversion from non-adjacent ESPA model grid cells so ESPA modeling is required. The model analysis shows no mitigation will be required for the proposed change. Additionally, IDWR ran the model for the sum of the five companion transfers which were submitted individually (10 acres instead of 2 acres). The analysis showed no mitigation would be required even if only one 10 acre transfer had been filed.

FEE MEMORANDUM

Date: October 31, 2022

To: Hansen Farms Land, LLC, Transfer #87154 File

From: Jim Bitzenburg

Re: Receipting/disposition of fees paid

This transfer was filed on October 24, 2022, and its purpose is to change the point of diversion and place of use of right 36-17228. Because the POD is moving to a new well and the entire POU is changing, the fee is based on the flow rate of the right, 0.04 cfs, so a $200.00 fee will be applicable. The fee was paid with check #17163 from Brockway Engineering at the time of filing. The IDWR receipt number is S039504.
