Narrative: The Department received this application on Nov 8, 2022. The applicant wishes to place 3.7 acres of the irrigation portion of this right in the Bank. The application was signed by the current owner. This right was decreed in 2011 and these acres have been in the Bank since 2016. There are no issues with forfeiture. This right overlaps with 37-12019 but it is a domestic/stock right so 37-12019 does not need to be leased. This right is currently within WD 37.

**RE: APPLICATION(S) TO LEASE WATER RIGHT NO(S). 37-387D TO THE WATER
SUPPLY BANK**

Dear Applicant:

The Idaho Department of Water Resources (Department) acknowledges receipt of the application(s) to lease the above referenced water right(s) to the Idaho Water Resource Board's Water Supply Bank (Bank). The Department will review your application as resources allow. If the application(s) is not processed prior to the end of the proposed lease period, it will be returned to the applicant. The Department regrets any inconvenience caused by the delay.

If the right(s) is determined to be eligible for acceptance into the Bank, the right will be entered as of the date of receipt of the application. The acceptance date may be adjusted if additional information is required.

Please note the forfeiture period is not tolled unless a right is accepted into the Bank, or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right form. This and other water right forms are available from the Department's web site at www.idwr.idaho.gov.

If you have any questions, please contact me at (208) 287-4822.

Sincerely,

A handwritten signature in black ink, appearing to read "Mackenzie Kienholz".
