Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 605-4633.

Sincerely,

Laura McSherry
Water Resource Agent, Sr.

RE: Change of Water Right Ownership: 63-2251, 63-23861

Dear Interested Parties:

The Idaho Department of Water Resources (IDWR) received a Notice of Change in Water Right Ownership from you on January 5, 2022, for the above referenced water rights. The Notice could not be processed because the appropriate fee has not been received. Water right no. 63-2251 ownership will need to be "split" based on the provided conveyance document and therefore, requires an additional $75 to process the application.

A copy of the original application is enclosed. Please submit the appropriate fee within the next thirty (30) days. If IDWR does not receive the fee within thirty (30) days, the application will be voided.

If you have any questions regarding this matter, please contact me at (208) 605-4633.

Sincerely,

Laura McSherry

Subject: Water Right Ownership Change for Cracolice and Geving

[**CAUTION: External**]

Good afternoon Carrie,

We are working on processing a Notice of Change in Water Right Ownership you submitted for Kevin Cracolice and Anne Geving for water right nos. 63-2251 and 63-23861. The file no. referenced in your cover letter is 788217.

We will need a copy of the complete Warranty Deed in order to process this change in ownership. The first page of the deed was submitted, but it references an Exhibit A attachment describing the property, and this was not included with the submitted paperwork. Can you please provide a copy of the complete deed with the Exhibit A? You can send it to me via email or mail it to our office on Airport Way, whichever you prefer.

If it would be better for me to contact the applicants themselves for this inquiry, please let me know.

Thank you,

RE: Notice of Change in Water Right Ownership for Water Right No(s): 63-2251, 63-23861

I have included an attached copy of the notice/form and documentation we received from you for this process. Please review it as a reference for this letter.

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question.

During our review of the documentation that was submitted we found that we will need further Evidence of Water Right Ownership for these Water Rights. The Warranty Deed we received shows the conveyance of property from MIKE LENZ. The documentation we require needs to show the conveyance of these Water Rights from the current owner(s) of the Rights. Water Right 63-2251 is owned by the following individuals: CLAUDIA I MOORE , BARRY R PALMER , MORGAN M SEARLES , TRACY L SEARLES , ROBIN VAUGHAN & LINDA M WHITED. Water Right 63-23861 is owned by the following individuals: VEDA E PALMER & DONNA M SEARLES.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208)605-4620.
