CONDITIONS OF APPROVAL

1. Industrial use is for feedlot dust control system.
2. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the lands above.
3. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.

Transfer No. 86225

SCANNED

OCT 03 2022

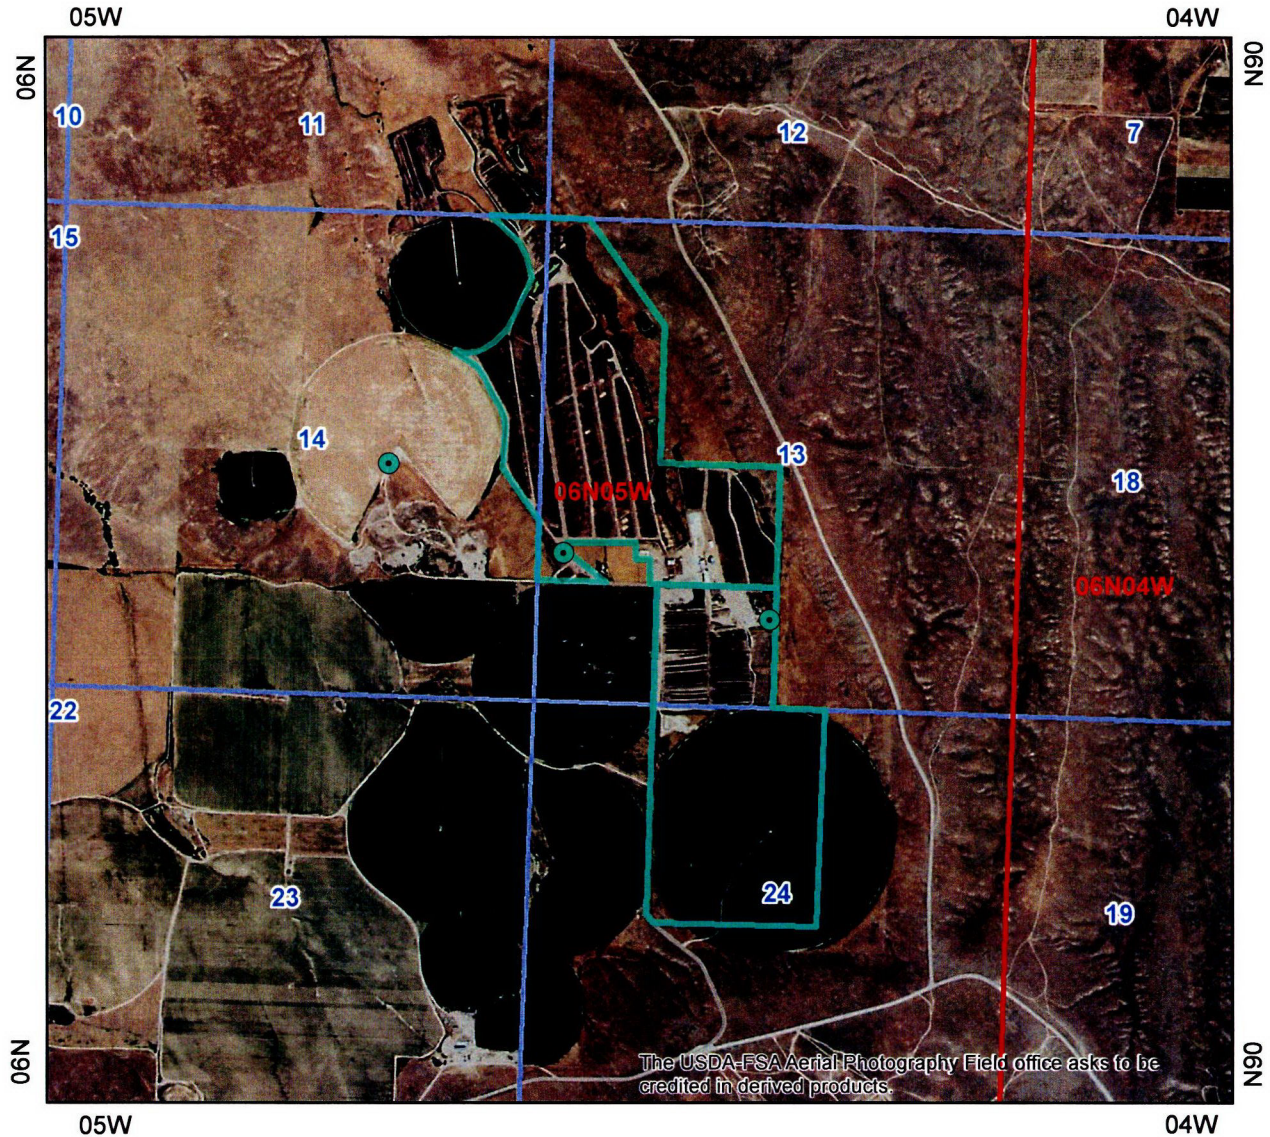

WATER RIGHT NO. 63-32049
As Modified by Transfer No. 86225

CONDITIONS OF APPROVAL

4. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.
5. The approval of transfer 84933 redefines all of the elements of this water right, and the new use of water authorized by this approval shall constitute the full extent of the right.
6. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
7. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

Transfer Approval Notice

Dear Water Right Holder <and other Interested Persons>:

The Department of Water Resources has issued the enclosed approved Transfer of Water Right(s). Please be sure to thoroughly review the conditions of approval and remarks listed on the approval document.

The Transfer of Water Right(s) is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless the APPLICANT petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

ANY PERSON aggrieved by any decision, determination, order or action of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Department and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

If the transfer approval includes a condition requiring measuring and recording devices, such devices shall comply with specifications established by the Department. Detailed specifications are available on the Department's home page on the Internet, or you can request a copy by contacting any office of the Department. Please be sure to thoroughly review the specifications to avoid unnecessary costs for reinstallation or modification due to non-conforming or improperly installed devices.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: Transfer No. 86225

FROM: Allen Bradbury

DATE: 7/7/2022

RE: Evaluation of Transfer Application for Boise Valley Feeders LLC

Summary of Application Proposal

The purpose of the transfer is to change the place of use for the irrigation portion of water right 63-32049 which is diverted from ground water. The applicant proposes to transfer 42 acres of irrigation authorized under water right 63-32049 to new lands. Application for permit 63-35263 was concurrently submitted with this transfer and seeks to irrigate 45 acres from the same wells that serve water right 63-32049.

Under transfer 84933, the applicant wished to expand a feedlot onto acres irrigated by a 134-acre pivot. In that transfer 92 acres of the authorized place of use were converted into an industrial use for dust abatement. The applicant sought forfeiture protection for the remaining 42 acres of irrigation on water right 63-32049 through enrollment into the Idaho Water Supply Bank under contract 1415. These acres are leased to the IWSB through 12/31/2025. A Request to Release a Water Right from the Bank form was submitted with this transfer application.

Water will be used near the current place of use approximately 6 miles northeast of Parma, Idaho in Payette County near the intersection of Pearl and Elmore roads.

Representative: Teri Scanlan, HDR Engineering, 412 E Parkcenter Blvd, Suite 100, Boise ID 83706, terry.scanlan@hdrinc.com, (208) 872-9500.

Summary of Information Submitted

Authority to File: According to the State of Idaho Secretary of State Business Services website, Boise Valley Feeders, LLC is composed of two members, Agri Beef Co. and West Valley Farms & Livestock LLC. Jeffrey S. Johnson is listed as a member of West Valley Farms & Livestock LLC. The applicant is listed as the current water right holder of record for the water right involved in this application. Tax parcel information obtained by the Department and dated 4/19/2022 show the property owned by Walter Garman and James Irven Levers, however a warranty deed provide with the transfer conveys the property at the NW¼ of Section 14, Township 6 North, Range 5 West to Boise Valley Feeders, LLC via instrument #444794 dated 4/6/2022. Thus, showing the applicant owns all property associated with the places of use and points of Diversion.

Water Right Validity/Historical Beneficial Use: Water right 63-32049 was licensed on 9/23/2015. A Beneficial use field exam was conducted on 7/15/2015. In 2021, transfer 84933 was approved for Boise Valley Feeders (BVF) altering the nature of use, place of use and the period of use for a portion of 63-32049. The transfer changed 92 acres of irrigation into industrial use for dust abatement of their expanding feedlot operations. For the remaining 42 acres of irrigation, BVF sought forfeiture protection through a lease to the Water Supply Bank.

Injury to Other Water Rights: Injury to other water rights is not likely as a result of this transfer. The existing three wells are the points of diversion for 63-7874, 63-3359, 63-31262, and 63-32049 which are owned by BVF. The application does not intend to increase the number of acres irrigated or the amount of water to be diverted. The applicant is transferring the 42-acre irrigation of 63-32049 to a new place of use. No injury is anticipated to surrounding wells or springs or water rights.

Enlargement of Use: This application for transfer is proposing to change the place of use for part of a water right. An enlargement of use is not anticipated as a result of this transfer.

Local Public Interest: There are no anticipated negative impacts to recreation, fish, or wildlife as a result of this transfer. There is no indication that any applicable water or hazardous substance standards designed to protect water resources would be violated. This transfer is compatible with the objectives and policies of the State Water Plan. None of the available information suggests a conflict with the local public interest.

Beneficial Use/Conservation of Water Resources: No issues were identified. The application proposes beneficial use consistent with conservation of water resources in Idaho.

The application is consistent with criteria of I. C. § 42-222 and should be processed.

Summary of Application Approval / Denial

Overlap Analysis: Points of diversion for 63-7874, 63-3359, 63-31262, and 63-32049 all come from the same three wells and are owned by BVF. The new appropriation from permit #63-35263 will also come from the same three wells. Water right 63-33701 is a stock water right owned by BVF that covers their operations. Water right 63-28750 is a domestic right in the NWSW of section that is also owned by BVF.

Discussion

Email with Mary Condon on 7/8/2022 verified that this water right lease was not rented and a note was made in the WSB software not to rent the portion being transferred. HDR included an Request to Release a Water Right from the Bank with the transfer application requesting release upon approval of the transfer.

Conditions

No additional conditions were added to this right, all conditions from the previous transfer.

Assuming no other information contradicts the above analysis, the application can be approved as reflected by the draft approval.

✓ NOTICE OF PROPOSED CHANGE OF WATER RIGHT
TRANSFER NO. 86225
BOISE VALLEY FEEDERS LLC, 2201 RIDGEWAY RD,
PARMA, ID 83660-6162 has filed Application No. 86225
for changes to the following water rights within
PAYETTE County(s): Right No(s). 63-32049; to see a full
description of these rights and the proposed transfer,
please see [https://research.idwr.idaho.gov/apps/water-
rights/querynewtransfers](https://research.idwr.idaho.gov/apps/water-rights/querynewtransfers). The purpose of the transfer is
to change a portion of the above rights as follows: to
change the place of use for water right 63-32049 which
is diverted from ground water. The applicant proposes to
transfer 42 acres of irrigation authorized under water
right 63-32049 to new lands. Water will be used near
the current place of use, approximately 6 miles
northeast of Parma, Idaho in Payette County near the
intersection of Pearl Road and Elmore Road.

For additional information concerning the property
location, contact Western Region office at (208)334-
2190. Protests may be submitted based on the criteria
of Idaho Code Sec. 42-222. Any protest against the
proposed change must be filed with the Department of
Water Resources, Western Region, 2735 W AIRPORT
WAY, BOISE ID 83705-5082 together with a protest fee
of \$25.00 for each application on or before 9/6/2022.
The protestant must also send a copy of the protest to
the applicant.
