EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: Transfer No. 86429
FROM: Laura McSherry
DATE: September 13, 2022
RE: Evaluation of Application

The transfer proposes to add a point of diversion and edit the current place of use for water right no. 63-34289. The proposed point of diversion is located in SESE Sec 15, T2N, R7E. The transfer proposes changing a portion of the place of use to acres located in SWNW Sec 22, T2N, R7E and NESE Sec 15, T2N, R7E and NESE and SESE Sec 21, T2N, R7E and NWSW Sec 14, T2N, R7E. The proposed place of use acres are approximately 1 mile west and 2 miles southwest of Prarie, ID.

Contact person for the transfer is the applicant, Michael Davison, at 160 N Wylie Rd, Prarie, ID, 83647. miked@rtci.net. (208)-868-3328.

Summary of Information Submitted

Authority to File:

Michael Davison is the current water right holder and is authorized to submit a transfer request. The property the PPU is appurtenant to is owned by the applicant. The property the PODs are appurtenant to is owned by Patrick Landers, Clyde Cook, and the State of Idaho. All PODs have historic use by the applicant.

Water Right Validity:

The decree for water right no. 63-34289 was issued on July 29, 2003. The right is presumed to be valid since beneficial use has occurred within the last five years. Beneficial use confirmed by department aerial imagery, landsat images, google earth images, or other evidence. Evidence of beneficial use does not need to be added to the file, it is an IDWR product available to other staff.

Injury to Other Water Rights:

No additional rate or volume is proposed to be diverted from the source and no additional acres are proposed to be irrigated beyond the historical use. No protest was received regarding the transfer, so the Department can reasonably assume surrounding water users do not have concerns of injury as a result of this transfer.

Enlargement of Use:

The transfer proposes no changes in the nature. No additional rate or volume is proposed to be diverted from this source and no additional acres are proposed to be irrigated beyond the historical use. No enlargements of the water rights are anticipated.

Local Public Interest:

No evidence has been submitted suggesting the transfer proposes changes at odds with the local public interest.

SCANNED

OCT 04 2022

Beneficial Use/Conservation of Water Resources:

The application proposes beneficial use consistent with conservation of water resources in Idaho.

Discussion

Investigation of enlargement of use determined surrounding vegetation to the west of the northern place of use as incidental irrigation due to sloping elevation.

The application is consistent with criteria of I. C. § 42-222 and should be processed.
