Dear Lessor:

Water right **65-585, 65-586 & 65-587** were leased into the Water Supply Bank (Bank) as of January 1, 2023, in accordance with the enclosed executed lease contract. **Your water rights, as described on the lease contract, are considered leased into the Bank and should remain unused until they are formally released from the Bank**. More information and further restrictions placed on your water rights while leased can be found in conditions of acceptance of the lease contract. Read the conditions of acceptance carefully.

Please let me know if you have any comments or concerns with the attached lease. This right has been in the Bank since 2003. We made it unrentable due to a condition on the water right that reads, *"The total instantaneous diversion of water from all points of diversion under right 65-587 shall not secede 19.04 cfs, nor total combine annual volume of 11,912.0 af."* There are approximately 11 other rights diverted from the same pod's. For those other rights to get their full rate and volume, the Department has made this right unrentable.

Thank you.
